

SCANSTRUT

PRODUCT GUIDE

Raymarine EDITION

A white sailboat with a blue stripe and wooden deck is sailing on a choppy sea. The boat has a Swedish flag at the stern and the name 'Tyra' on its side. Two people are visible on the deck. In the background, a coastal town with red-roofed buildings is visible on a hillside. The text 'SCANSTRUT' is overlaid in large, bold, white letters.

SCANSTRUT

Mast Mounts (fixed)

Compatible with:
QUANTUM

UNIVERSAL MOUNTING

Attaches to mast with four swivel feet, matching a variety of mast profiles.

STRONG FIXING

12 point fixing using high quality monel rivets.

COMPACT MOUNTING

Antenna extends only minimum distance from the front of the mast.

M92722
M92722

Mast Mounts (fixed)

Compatible with:
RD418/RD418HD

UNIVERSAL MOUNTING

Attaches to mast with four swivel feet, matching a variety of mast profiles.

STRONG FIXING

12 point fixing using high quality monel rivets.

COMPACT MOUNTING

Antenna extends only minimum distance from the front of the mast.

LMM-1
X10000-SCA

Mast Mount (Self-Leveling)

Compatible with:

QUANTUM

RD418/RD418HD

RD424/RD424HD

HYDRAULIC DAMPING

The main levelling unit features a fine turned damping system which reacts to major changes in heel angle of the boat.

It is entirely maintenance free and no power is required

LIGHTWEIGHT HEAD UNIT

Reduced weight aloft – complete system weighs only 8.1 lbs

SECURE INSTALLATION

Attaches to mast with four swivel feet, matching a variety of mast profiles. A 12 point fixing using monel rivets ensures a secure fixing

SUITABLE FOR ANY YACHT

Stainless radome cradle has a fine tune adjustment for different mast rake angles

A80103

Scanpod

Compatible with:

AXIOM 9/Pro 9S /9RVX

a95/a97/a98

eS95/97/98

SWIVEL & TILT BASE

One handed quick release action. Simply release the lever, swivel and tilt to suit your requirements before locking back into position.

OVERHEAD MOUNTING

Deck Pod models can be overhead mounted.

HASSLE FREE INSTALL & SERVICE

Fixings fit from back to front cutting their threads into injection moulded ABS inserts designed into the Pod front. This design allows for a quick and safe install and repeat servicing.

INCREASED PROTECTION

Pod seal is manufactured from a high tear strength silicone.
