Insert the Type-C cable in accessories to the charging port as an antenna
(Do not plug the other end of the cable into the adapter or power bank.)

• **BATTERY CAUTION**

The battery used in this device may present a risk of fire, explosion or chemical burn if used incorrectly. Never use or charge the battery if it appears to be leaking, discolored, deformed, or in any way abnormal. Never disassemble the unit or attempt to remove the battery as that could cause leakage of alkaline solution or other electrolytic substance. Never expose the battery to any liquid. Never expose the battery to excessive heat such as direct light or fire. Always keep the battery out of reach of infants and small children.

• OTHER IMPORTANT SAFETY INFORMATION

Disposal of old electronic electronic equipment (Applicable in the European Union and other European Counties with separate collection systems) The trash can symbol (seen on the bottom) on the production indicates that this product shall not be treated as household waste. Instead it shall be handed over to the applicable collection point for recycling of electronic equipment. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling. For more detailed information about this product, please contact your local household waste disposal service or the shop where you purchased this item.

•WARNING

1. Do not squeeze or collide.
2. Do not disassemble or put into the fire, water, to avoid causing short circuit leakage.
3. Do not use the wireless charger in severe high temperature, wet or corrosive environment to avoid leakage of damaged circuit.
4. Do not place too close to the magnetic stripe or chip magnetic card (ID card, bank card, etc.), to avoid causing magnetic card failure.
5. Please keep the distance between the implanted, medical device (pacemakers, cochlear implants, etc.) and the wireless charger at least 20cm to avoid potential devices for the medical device.
6. Children should be watched after to ensure that they don't play with the wireless charger as toys to avoid unnecessary accidents.
7. Please keep the charger and receiver away from water and other liquids.
8. To clean the charger, ensure that the power supply is disconnected.
9. Use the ambient temperature maintained at 0-45°C.

IMPORTANT REMINDERS

This device can ONLY be charged by 5V adapters, USB ports only. Quick charging devices over 5V may cause heat and fire.

•FCC ID STATEMENT

FCC ID: 2AJQ7MEGAPOD1

(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference
that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party
responsible for compliance could void the user's authority to operate the
equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
