

NEXT GENERATION RESIDENTIAL

Automatic Transfer Switch Lineup

Reduce installation time, improve overall reliability and give homeowners what they want: greater confidence that their home standby generator will be ready when they need it. Automatically.

Introducing the industry's most advanced residential automatic transfer switch.

Features & Benefits

Saves 30+ Minutes Compared to Alternatives

- The first and only transfer switch with a factory-installed whole-home Surge Protection Device (SPD)
- New enclosure installation fast mount for all residential surfaces

Enhanced Reliability & Increased Performance

- Hardened fuse control module
- Integrated brown out protection

Backed by a Trusted Brand

For more than 65 years Generac has helped millions protect against energy instability. Today, 8 out of every 10 homes in North America with a standby generator trust Generac for peace of mind, anytime.

Now, along with our nationwide network of certified dealers and installers, we're leading the evolution towards more resilient and sustainable solutions as the total energy solutions company. Delivering the services and 24/7 support you need – when you need it – to help your business continue to grow.
