- Triple-burst customisable settings
- High-performance nozzle

The easiest way to effectively clean between teeth

- Takes just 60 seconds: Point, Press, Clean!
- An easy way to start a healthy habit
- Always ready to use
- Fresh and clean with mouthwash

PHILIPS
sonicare

Highlights

Up to 99.9% plaque removal

AirFloss Pro/Ultra removes up to 99.9% of plaque from treated areas.**

Micro-droplet technology

Our clinically proven results are possible thanks to our unique technology, which combines air and mouthwash or water to powerfully yet gently clean between teeth and along the gumline.

Easily start a healthy habit

Interproximal cleaning is very important to overall oral health. AirFloss Pro/Ultra is an easy way to clean deeper between teeth, helping to form a healthy habit.

Better gum health

Philips Sonicare AirFloss Pro/Ultra nozzle is clinically proven to improve gum health as much as floss.** Helps improve gum health in as little as two weeks.

Cleans in just 60 seconds

With the AirFloss Pro/Ultra, cleaning your entire mouth takes less than 60 seconds a day. Simply select your burst frequency (single, double or triple) and hold down the activation button for continuous automatic bursts or press and release for manual burst mode.

Fresh and clean with mouthwash

Use with mouthwash for the ultimate fresh experience and anti-microbial benefits.

Helps prevent cavities

By gently bursting away plaque that brushing missed, Philips Sonicare AirFloss Pro/Ultra helps prevent cavities from forming in the spaces between your teeth.

High-performance nozzle

The new AirFloss Pro/Ultra high-performance nozzle amplifies the power of our air and micro-droplet technology to be more effective and efficient than ever.

Triple-burst customisation

AirFloss Pro/Ultra's powerful spray can be customised to your liking, with single, double or triple bursts for each press of the activation button.
