INSTRUCTIONS FOR USE

1> Instalation

- 1 Plug it to any USB power source with DC 5V/1A
- 2 Plug the 3.5mm audio jack to any stereo with Aux in

2> Pair with Bluetooth device

Go to Settings/Bluetooth on the device

Look for "HVMLAK U6" to appear and click for pairing

After connecting USB-power it will be in pairing mode automatically all the way.

3> Enjoy music or take call freely

The BT device can also take and receive calls when connected.

Note:

If your USB port is located within the glove box and the Glove box is closed, you may have problems talking over the Phone as the MIC won't be able to pick up your voice well.

CARE FOR YOUR DEVICE

Please DON'T:

- Get it wet.
- Drop it as this will invalidate your warranty.
- Open up it as there are no user serviceable parts inside
- Expose it to extreme temperatures or rapid changes of hot to cold or vice versa.

Please DO:

- Clean it with a soft dry cloth and no detergents.

TROUBLESHOOTING

No sound can be heard in car when playing music from phone?

- Please make sure you are using AUX mode of the car stereo
- Please adjust the volume of your phone or car stereo system

My friend only can hear small voice or no voice when i am making a call in my car?

- Please check if it is too far away from your mouth.
- Please check if there are obstacles between it and mouth.
- Please check if the Mic hole is blocked with something.

Do not dispose of Lithium-ion batteries with general waste. Please return it to battery recycling collection point.

We apologise for any inconvenience caused by minor inconsistencies in these Instructions, which may occur as result of product improvement and development.
