LPG CONVERSION KITS

With kits available for natural gas to LPG, these quick to install accessories provide a simple and pragmatic solution without the need for products to be adjusted.

Each kit contains specific components for each required boiler type.

There are also kits to convert back to natural gas, should the need arise.

FEATURES

- Available for all product types (combi, heat & system)
- Suitable for most property sizes
- Fast & simple conversion with preset gas valve for no product adjustment

SPECIFICATION

CONVERSION KIT CONTENTS

Each kit comprises:

- Gas valve (preset operation)
- Burner injector
- Data plate labels
- Instructions

The Gas valve is supplied preset to enable a quick and easy installation whilst ensuring the safety benefits are retained during conversion.

Multitple data plate labels are provided in the kits inclusive of a new data plate providing gas details and a label to retain boiler serial number identity.
