Features

1. Products use well-known and high-quality chips, ensuring more efficient and safe charging.
2. Uses high-quality and powerful batteries with optimized charging and discharging power to make power banks safe, reliable, and long-lasting.
3. Super compact design, making it easy to carry and use.
4. USB-A port supports up to 22.5W, and the USB-C port supports PD20W max, enabling a variety of mobile phone fast charging protocols for efficient charging.
5. Products adopt an innovative design appearance, optimize the use of high-quality materials, and select high-standard manufacturing processes with strict quality control to provide consumers with excellent products.

Packing List

Specifications

Model No.	GL-PX54
Material	PC + ABS
Battery Capacity	20,000mAh
USB-C Port Input	5V/3A, 9V/2A (18W Max)
USB-C Port Output	5V/3A, 9V/2.22A, 12V/1.67A (PD20W)
USB-A Port Output	5V/3A, 9V/2A, 10V/2.25A, 12V/1.5A (22.5W Max)
Total Output	5V/3A (15W Max)
Product Weight	312g
Product Dimensions	28.5*70*102mm

Power Indicators

100% Power

0% Power

The LED display will go from 100% to 0%, when it's around 0%, means the power is low, please recharge it.

Notes

1. If this device is not used for an extended period, please charge it at least once every 3 months.
2. It may generate slight heat during charging, which is normal as long

as the temperature remains below 55°C.

3. Always keep this device dry and avoid cleaning it with chemical agents.
4. Upon attempting to dispose of the product, please recycle this product at a designated location according to the regulations.
5. Children should use this device only under adult supervision.
6. Do not crash, disassemble, impale, or expose this device to humid conditions.
7. Do not use this device to charge devices with incompatible current and voltage, as this may cause fire or other hazards.

FAQ

When it's not charging for this device:

Please check the cable, charger, or adapter used to ensure they are working. If not, please choose compatible components to charge it.

When it's charging for the phone:

Please make sure the power is on and there is power left in this device. If the above are checked and OK, please go to the local retailer for assistance

Warnings

1. If the battery is not replaced properly, there is a risk of explosion. Only the same type or an equivalent type of battery should be replaced; replacement must be done by maintenance personnel, not by ordinary users.
2. The battery should not be exposed to direct sunlight, fire, or any similar overheating conditions.
3. If consumers use a power adapter for charging, they should ensure the adapter has obtained CCC certification and meets the required standards.

4. When the product is used, it should be placed on a desktop. If it needs to contact the human body, the contact time should be less than 10 seconds.
5. Do not use the product after it has been soaked in water.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.greenlion.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.

For more info, please check:
