

2018 IGLOO CATALOG

WELCOME TO THE PURSUIT OF HAPPINESS.

WHO WE ARE AND WHY WE DO WHAT WE DO

Born from a modest metalworking shop back in 1947, Igloo® has been instrumental in redefining how we live, work, and play. What began with bringing clean water to the work-site, quickly moved into super-functional, best in class ice chests. Igloo® products made the family outdoor recreation movement of the 20th century possible. Suddenly, taking your kids camping on the weekend became easy and cross-country road trips became a summer vacation staple.

As we approach our 70th anniversary, Igloo® is 1,200 employees strong. We are proud to call a 1.8 million square-foot, three-building facility in Katy, Texas home. With more than 500 products sold at hundreds of retailers around the globe, we can confidently call ourselves the number one cooler manufacturer in the world.

And through it all we haven't lost sight of our original goal—to create products that enable the pursuit of happiness, however you define it. That's why we're still working hard every day to innovate, create, and make it easier for you to get out, work hard, and play even harder.

Igloo®

LEGACY™

STAINLESS STEEL COOLERS

Modern stainless steel update to a classic Igloo® design, the Legacy™ 54 cooler offers excellent cold retention and looks amazing at your backyard party or the family campsite. With our Cool Riser Technology® improving the cooling performance, and its built in stainless steel bottle opener, refreshment has never been more accessible.

Our Igloo® metal beverage cooler was the product that launched the cooler industry and put Igloo® on the map. The newly redesigned 2.5-gallon Igloo® Legacy™ beverage cooler offers a modern yet timeless design with a nostalgic appeal that is relevant to consumers across a broad range of ages and lifestyles. Igloo's® hydration heritage is combined with fresh materials—brushed stainless steel exteriors and foam insulated bodies—and innovative features—like the Cool Riser Technology® elevated pedestal with an easily accessible spigot—to create the ideal beverage jug for home and backyard entertaining.

A young man with blonde, curly hair and sunglasses is seen from the side, wearing a white t-shirt and fishing from a boat. He is holding a fishing rod that extends across the frame. The water is dark green and choppy, with bright sunlight reflecting off the surface in a shimmering pattern. The overall scene is bright and sunny.
