When the crossed-out wheel symbol is attached to a product, it means the product is covered by the European Directive 2012/9/EC.

All electrical and electronic products including batteries are supposed to be disposed of separately from the municipal waste stream via designated collection facilities appointed by the government or the local authorities.

The correct disposal of your old appliance will help prevent potential negative consequences for the environment and human health.

ADDITIONAL NOTES

Please exercise extra care whilst replacing the stylus so as to avoid the tonearm and audio line wires from any damage.

Dust the stylus from time to time using a very soft brush dipped in alcohol (96% ethanol).

We would also point out that for the same reason your stylus should be replaced periodically (approximately every 25 hours).

Take care for fitting the dust cover, do not press down too hard.

Take extra care when removing the dust cover so you do not break the pins holding the cover in place.
