

WARNING:
CHOKING HAZARD-Small parts
Not for children under 3 years

FCC Compliance Statements
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on,

the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Remote control truck battery installation

Remote control operation

Instructions for battery operated truck

- 1) Batteries should only be inserted or changed by an adult.
- 2) Switch the truck to the "off" position before inserting batteries.
- 3) Insert batteries correctly in the manner shown elsewhere on the truck or packaging.
- 4) Only use the same type of battery - Do not mix brands or types.
- 5) Replace all batteries at the same time with new ones.
- 6) Do not leave batteries in the truck for long periods of time when it is not in use.
- 7) Do not use rechargeable batteries.
- 8) Dispose of used batteries safely - Do not throw on a fire or attempt to open up the outer case.
- 9) At all times keep small batteries which could be a choking hazard to children out of their reach. Batteries are harmful if swallowed.
- 10) Seek medical advice if a small battery has been swallowed.
- 11) Non-rechargeable batteries are not to be recharged.
- 12) The supply terminals are not to be short-circuited.
- 13) Rechargeable batteries are to be removed from the truck before being charged.
- 14) Rechargeable batteries are only to be charged under adult supervision.

THE TRUCK SHOULD BE ASSEMBLED PROPERLY BY AN ADULT BEFORE USE
