Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

日本語

2.4GHzレーザー経由で接続する方法

1. USBレシーバーを取り外します。
2. デバイスのポートに挿入します。
3. マウスをオンにします。
4. モードを2.4Gモード（赤色のライト）に切り替えます。

Bluetoothモードで接続する方法

1. マウスをオンにします。
2. マウスモードをBT5.0（青色のライト）またはBT4.0（緑色のライト）モードに切り替えます。
3. デバイスでBluetooth機能を有効にし、「BT5.0 Mouse」または「BT4.0 Mouse」というBluetooth名を検索して選択し、接続します。
4. 接続が成功すると、マウスのバッテリーインジケータライトが点灯します。

マウスの充電

1. 充電ケーブルの一端をマウスに、もう一端をコンピュータデバイスのUSB-Aポートに接続します。
2. 最適なパフォーマンスを得るために、初回使用前にマウスを完全に充電することをお勧めします。
3. 完全に放電したマウスを完全に充電するには、約3時間かかります。

Q&A

www.uineer.com

Safety Guide

- 1.Avoid exposing the mouse to water or any other liquids. If the mouse gets wet, disconnect it immediately and allow it to dry thoroughly before using it again.
- 2.Do not expose the mouse to extreme temperatures. Store and use the mouse in a place with a temperature range of 0°C to 40°C (32°F to 104°F).
3. Do not place the mouse near strong magnetic fields, as this may interfere with its operation.
- 4.Recommend to Use the provided charging cable and follow the charging instructions.
- 5.Small parts and the battery could pose a choking hazard to young children. Keep the mouse out of reach of children. Always follow the instructions for use and maintenance of the mouse. If you experience any issues, refer to the troubleshooting section of the manual or contact customer support.

After-Sales Warranty Policy

Thank you for purchasing the Uineer mouse.

To ensure you have the best experience, the Uineer mouse comes with a one-year warranty starting from the date of purchase. Under normal use, if the mouse malfunctions due to material or workmanship issues, Uineer will replace the product free of charge (if the product model has been discontinued, Uineer will provide an equivalent value replacement). The warranty service only applies to the product itself and does not cover damages caused by accidents, misuse, improper use, or unauthorized modifications.

To apply for warranty service, please contact Uineer customer service through the official Uineer website or via email. When contacting us, please include your purchase order number and a description of the issue.

For any questions or more information, please visit the official Uineer website or contact the Uineer customer service center. Thank you for choosing Uineer products, and we wish you a pleasant experience!
