DESIGN ESPRESSO ADVANCED DUO

- Programmable portafilter espresso machine
- With dual-circuit thermoblock system
- For all coffee specialities

» Two-circuit thermoblock system: espresso preparation and milk foaming at the same time «

- » Programmable portafilter espresso machine with integrated tapered mill
  - » Dual-circuit thermoblock system: Dispenses espresso and milk foam at the same time
  - » For freshly milled coffee beans or coffee powder
  - » For all coffee specialities from espresso, latte macchiato, cappuccino and American coffee to café crème
  - » Electronic PID control monitors water temperature precisely
  - » Professional espresso pump (15 bar)
  - » Separate hot water outlet for European coffee, American coffee, café crème or tea
  - » Amount of water per cup can be programmed individually
  - » Pre-brew function
  - » 30 grind settings, amount of coffee powder can be adjust individually
  - » Coffee bean storage container for 250 g of beans
  - » With manometer, control function for brewing pressure
  - » Heated warming plate -
  - » Milk foaming spout, pivots 360°
  - » Removable 2.8 l water tank
- Included accessories:** Professional, stainless-steel espresso tamper, single-wall filter insert for 1 and 2 cups, milk foam jug, cleaning tool

TECHNICAL DETAILS:  
Item No.: 42626  
Dimensions: W x D x H: 340 x 330 x 395 mm  
Performance: 220-240 V ~ | 50-60 Hz | 1350-1550 Watt  
Weight: 9.9 kg | Packaging Unit: 1pc  
Plug: Schuko plug (two-pin earthed plug)

With stainless steel grinder

INCLUDING  
Professional Espresso-Tamper  
made of stainless steel

Dimensions: W x D x H: 288 x 200 x 314 mm  
Performance: 220-240 V | 50 Hz | 1100 Watt  
Weight: 3.6 kg  
Packaging Unit: 2 pcs  
Plug: Schuko plug (two-pin earthed plug)

## ESPRESSO - TAMPER

- » For Barista-Profis
- » Fits for all portafilters with Ø 51 mm

### TECHNICAL DETAILS:

Item No.: 90614  
Dimensions: Ø x H: 51 x 90 mm  
Weight: approx. 327 g  
Packaging Unit: 50 pcs

## BARISTA COFFEE BOX

- » Designed for the sophisticated barista
- » Ideal and space-saving solution for coffee grounds disposal
- » Robust knockout bar
- » Removable interior insert (1.5 Litre), dishwasher safe
- » Non-slip

### TECHNICAL DETAILS:

Item No.: 99000  
Dimensions: W x D x H: 180 x 180 x 170 mm  
Performance: approx. 0.87 kg  
Weight: approx. 1.5 Litre  
Packaging Unit: 8 pcs

## CLEANER, DESCALER AND WATER FILTER

### CLEANING TABS FOR ALL COFFEE AND ESPRESSO MACHINES

Item No: 91830, Content 60 pcs

Remove fat, oils and coffee deposits

Suitable for:

- Portafilter machines
- Coffee machines
- Filter coffee machines
- Thermo - / vacuum jugs

### WATER FILTER

Item No: 97765  
Content 6 pcs

### COFFEE CLEAN

Item No: 96748, Content 250 ml

High-performance cleaner for all coffee and espresso machines.

### PREMIUM DESCALER

Item No: 98175, Content 500 ml

For various kitchen appliances such as espresso machines, coffee machines or water kettles, with 6 supportive and protective additives.

## DESIGN COFFEE GRINDER PRO TOUCH 30

- » Electric coffee grinder made of stainless steel with conical grinder and 30 grinding levels, for beginners and professionals
- » Grind coffee beans gently from very fine to coarse - with 30 grinding levels, the ideal coffee grinder for espresso, filter coffee, French press, cold brew, pour over hand filter and mocha
- » Direct grinding in an espresso machine portafilter or in the coffee can supplied
- » Height-adjustable holder made of die-cast aluminum, suitable for all common portafilters / filter holders from 51 mm to 58 mm, removable
- » Grinds the coffee quickly and at the same time preserves the aroma thanks to the 200 watt DC motor
- » Durable, professional stainless steel conical grinder with 2-stage reduction planetary gear, 40 mm conical, aroma-preserving 500 revolutions / minute, removable and easy to clean
- » Precise control of the grinding quantity, grinding time adjustable in 0.5 second increments
- » Intuitive, simple operation via the Touch control panel
- » Memory function - remembers the last setting
- » Large 300 gram coffee bean container with airtight lid and practical markings for different preparation methods, removable and dishwasher safe
- » Includes coffee canister for 200 grams of freshly ground coffee, airtight aroma protection lid and cleaning brush

### 30 GRINDING LEVELS

Ideal for espresso | filter coffee | pour over | cold brew | French press | mocha

### PROFESSIONAL CONICAL GRINDER

High-quality stainless steel conical grinder in Italian design for precise, fast grinding and consistent grinding.

#### 40 mm stainless steel conical grinder

Produces a faster and more even grind than a flat plate - and blade grinding system

#### 500 Revolutions/min

Reduce static and heat during grinding and the original taste and aroma of the coffee is preserved.

### HEIGHT-ADJUSTABLE PORTAFILTER HOLDER

Suitable for portafilters from 51 mm to 58 mm.

Portafilter holder can be removed to grind directly into the included BPA-free aroma protection storage container (max. 14 cups).

### INTELLIGENT TOUCH DISPLAY

Grinding directly into the container

Grinding directly into the portafilter

Precise control of grinding time in 0.5 s steps

Longer grinding time

Memory function

# TEA MAKERS KETTLES & BREAKFAST

## FULLY AUTOMATIC TEA- & WATERER KETTLE (2 in 1) FILTER UP & DOWN FUNCTION

### WITH ON TIMER (AUTO START)

Set in the evening,  
in the morning ready  
for get up!

### DESIGN AUTOMATIC TEA-MAKER ADVANCED PLUS

Fully-automatic tea-maker and electric kettle (2-in-1)

24 hour switching-on timer (auto start)

The tea filter is lowered and raised up automatically

»Brewing tea automatically«

- » Fully-automatic tea-maker and electric kettle (2-in-1)
- » Always the correct steeping time and the correct temperature for all types of tea
- » The tea filter is lowered automatically, as soon as the set water temperature has been reached
- » The tea filter is raised up again, as soon as the set steeping time has elapsed
- » 24 hour switching-on timer (auto start)
- » 5 tea programmes for preparing green tea, black tea, Oolong tea, white tea and herbal tea
- » 4 individual programmable tea programmes: Adjustable temperature and steeping time
- » Adjustable, variable water temperature from 50°C to 100°C, at 5°C intervals
- » 1.5 litre glass vessel
- » Adjustable time for keeping warm (15, 30, 45 and 60 mins)
- » Stainless steel tea filter
- » Illuminated LCD display
- » Heats up quickly (2,000 Watt)

#### TECHNICAL DETAILS:

Item No.:	42440
Dimensions:	W x D x H: 298 x 220 x 367 mm
Performance:	220 - 240 V ~   50 - 60 Hz   1680 - 2000 Watt
Weight:	2.6 kg
Packaging Unit:	2 pcs
Plug:	Schuko plug (two-pin earthed plug)

## DESIGN TOASTER ADVANCED 4S

Long slot toaster with extra-deep toast compartment (26 cm)

Electronically controlled temperature sensor

Automatic adjustment of the toasting time

Electronically controlled:  
Always the same  
toast result

Including bun attachment

### TECHNICAL DETAILS:

Item No.:	42394
Dimensions:	B x T x H: 410 x 150 x 195 mm
Performance:	220-240 V ~   50-60 Hz   920 - 1100 Watt
Weight:	2 kg   Packaging Unit: 4 pcs
Plug:	Schuko plug (two-pin earthed plug)

Very slim design -  
only 15 cm wide

- » Toaster with long slot, extra-deep toast compartment (26cm) and top piece for crisping buns, croissants and baguettes
- » Your toast always comes out the same way, electronically controlled temperature sensor and timer
- » Adjusts the toasting time automatically to the type of bread and the desired degree of browning.
- » 5 toast programmes for whole-grain bread, white bread, bagels, multi-grain bread and fruit bread
- » Adjustable to 7 toasting levels
- » 4 functions: Toasting, heating, thawing and stop function
- » Extra-wide, 4-cm toast compartment, also perfect for hamburger buns
- » Hi-Lift function makes it easy to remove small pieces of bread
- » Very narrow design for any kitchen - width of only 15 cm
- » Removable crumb tray, stainless steel casing
- » Energy saving mode, retractable cable and non-slip feet

## DESIGN TOASTER DIGITAL 2S / DESIGN TOASTER DIGITAL 4S

2 or 4 -slice toaster with a rack for warming rolls

Packaging Unit:	10 pcs
Plug:	Schuko plug (two-pin earthed plug)

# JUICE & SMOOTHIE

**FRESH, HEALTHY,  
VITA FRESH!**

PRODUCT VIDEO

## SLOW JUICER VITA FRESH

Easy cleaning thanks to fewer parts and included cleaning brush

Dark tinted filling shaft and juice tray for additional vitamin protection

Robust press screw made of scratch-resistant and hard plastic, stainless steel core

- » Extra large feed chute: 7.8 cm diameter for effortless filling of whole fruit and vegetables
- » Powerful 200 watt motor enables juicing of firm vegetables such as carrots and beetroot as well as fibrous ingredients such as celery and ginger
- » Particularly effective for juicing green leafy vegetables, herbs, grasses and berries, which often cannot be juiced so well in centrifugal juicers
- » Ideal for a variety of recipes and dietary needs, juice can also be prepared as a base for sorbets and smoothies
- » Slow cold pressing process with 50 revolutions per minute, reduces heat development and oxidation during juicing, the healthy nutrients, vitamins, enzymes and minerals are optimally preserved
- » High-quality juice with an intense colour and rich flavour
- » High juice yield, more juice from ingredients with less waste compared to centrifugal juicers
- » Longer shelf life in the refrigerator (up to 72 hours)
- » Dark tinted filling shaft and juice bowl for additional vitamin protection, made of highquality Tritan material, tasteless and odorless, heat-resistant and shatter-proof
- » Automatic filler cover: Practical and safe, for a continuous juicing process

- » Robust pressing screw made of particularly scratch-resistant and hard plastic with stainless steel core, BPA-free
- » Fine stainless steel sieve for clear and pure juice
- » Continuous operation for up to 20 minutes for larger quantities of juice
- » Reverse function: Prevents clogging by ingredients and makes it easier to juice fibrous ingredients, can also be used as a cleaning function
- » With overheating protection, guarantees the safety and longevity of the appliance
- » Easy to assemble and clean: The feed chute, sieve, press screw and juice container consist of just three parts, dishwasher safe
- » Very quiet operation (noise level below 68 dB), ideal for use in the early morning or late evening
- » Compact size: product dimensions 17.8 x 15.2 x 45 cm, ideal for any kitchen
- » 90 cm long mains cable, weighs only 2.7 kg
- » Includes 0.8 L juice container, pulp container and cleaning brush
- » BPA-free slow juicer, easy to clean thanks to the included cleaning brush
- » With recipe ideas for healthy juices

### TECHNICAL DETAILS:

Item No.: 40146  
Dimensions: L x W x H: 152 x 178 x 450 mm  
Performance: 220-240 V ~ | 50-60 Hz | 200 Watt  
Weight: approx. 2.7 kg | Packaging Unit: 4 pcs

### EASY TO ASSEMBLE AND CLEAN

The filling shaft, sieve, press screw and juice container consist of only three parts, dishwasher safe

### DRIP STOP

to close the juice outlet

## SLOW JUICER ADVANCED VITAL

Powerful masticating juicer

150 watt motor with 70 revolutions/min

Bi-directional revolutions

- » Slow Juicer: Gentle juicing, thanks to its low speed
- » Suitable for all types of fruit and vegetables, including berries, leafy vegetables, grasses, wild herbs and sprouts
- » Modern and space-saving design
- » Housing made of stainless steel
- » Strong 150 watt motor with 70 revolutions/min, especially silent
- » Bi-directional revolutions
- » Powerful masticating juicer with stainless steel reinforced core
- » Juice outlet with anti-drip system
- » Juice container with scale (100 - 800 ml)
- » Juicer - lid with safety shutdown
- » Attachments dishwasher-safe

### TECHNICAL DETAILS:

Item No.:	40898
Dimensions:	W x D x H: 190 x 195 x 415 mm
Performance:	220 - 240 V ~   50 - 60 Hz   600 Watt
Revolutions	18000 - 21000 rpm max.
Weight:	3.4 kg
Packaging Unit:	4 pcs
Plug:	Round pin attachment plug

## DESIGN MIXER MINI

Powerful 500 watt motor

2 speed settings and pulse function

6 stainless steel blades

» Powerful, energy-saving and compact.«

6 stainless steel blades,  
titanium coated

Safety-Interlock

- » Uses: ice crushing, fruit and fitness drinks, milk-shakes, smoothies, cocktails, soups, salsa sauces, spice pastes, minced meat, vegetable purée and baby food
- » Powerful 500 watt motor
- » 2 speed settings and pulse function
- » Lid with integrated measuring cup and refill opening
- » 6 stainless steel blades, removable, titanium coated
- » 1.0 litre glass jug with scale, heat and cold resistant
- » Sturdy stainless steel housing, Mounted parts dishwasher safe
- » Safety interlock and Non-slip feet

### TECHNICAL DETAILS:

Item No.:	40897
Dimensions:	W x D x H: 282 x 227 x 357 mm
Performance:	220 - 240 V ~   50 - 60 Hz   500 Watt
Revolutions:	19,000 - 21,000 rpm
Weight:	2.2 kg
Packaging Unit:	4 pcs
Plug:	Schuko plug (two-pin earthed plug)

## DESIGN SMOOTHIE MAKER MIX & GO

2 mixing cups made of Tritan, 600 ml each

4-fold titanium-coated stainless steel blade (TIN)

300 watt

- » Ideal for smoothies »To Go«
- » Applications: smoothies, fitness drinks, crushing ice, baby food, desserts and much more.
- » 300 watts of power
- » 4-fold titanium-coated stainless steel blade (TIN) for the best mixing results
- » 2 mixing cups made of Tritan (BPA-free) with scale, 600 ml, impact, breakage and dishwasher safe
- » 2 lids with drinking opening and screw cap "To Go" and 2 lids for storage
- » stainless steel design
- » Non-slip feet
- » Safety switch-off: Mixing function only when the mixing container is attached

### TECHNICAL DETAILS:

Item No.:	41033
Dimensions:	W x D x H: 110 x 110 x 347 mm
Performance:	220-240V ~   50-60 Hz   300 Watt
Volume:	2 x 600 ml
Weight:	1.4 kg
Packaging Unit:	4 pcs
Plug:	Schuko plug (two-pin earthed plug)

GRAPEFRUITS

PRODUCT VIDEO

# ADVANCED PRO S CITRUS JUICER

Professional press cone made of metal

Automatic start-up

For all kinds of citrus fruits

## TECHNICAL DETAILS:

Item No.:	41150
Dimensions:	W x D x H: 175 x 185 x 395 mm
Performance:	220-240V ~   50-60 Hz   1000 Watt
Weight:	3.2 kg
Packaging Unit:	4 pcs
Plug:	Schuko plug (two-pin earthed plug)

- » Heavy cast iron lemon reamer suitable for all kinds of citrus fruits
- » Lever compression arm provides an optimum juice yield
- » Automatic start-up through pressure on the juice reamer sphere
- » Solid housing made of cast aluminium, brushed
- » Juice shell with a raised juice run-off
- » 2 stainless-steel sieve inserts for juices both with and without pulp
- » Attachments dishwasher-safe

## ICE MAKER BARTENDER PRO

**Produces 9 ice cubes per cycle (7 - 15 minutes)**

**Bullet-shaped ice cubes with choice of two sizes**

**Lid with large viewing window**

» Perfect ice cubes for home, coffee shops, bars & bistros «

Up to 15 kg of ice per day

7 - 15 minutes until the ice is ready

2 different ice cube sizes

Self-cleaning function

- » Perfect ice cubes for home, coffee shops, bars & bistros
- » Bullet-shaped ice cubes with choice of two sizes: small (Ø 11 mm) and large (Ø 27 mm)
- » It produces 9 ice cubes per cycle (7 up to 15 minutes) and up to 15 kg /day (up to 75 ice cubes / hour)
- » Control with on/off switch, size selection and LED indicators for water tank and ice cube containers
- » Modern design - easy to integrate into any bar situation
- » Cover with large viewing window
- » Stainless steel casing
- » 2.8 l water tank with fill level display
- » Self-cleaning function
- » Silent, CFC-free, high-performance compressor, coolant R600a / 145 Watt
- » Anti-slip platform
- » Includes removable ice cube container and ice cube scoop

### TECHNICAL DETAILS:

Item No.:	41143
Dimensions:	W x D x H: 400 x 240 x 430 mm
Performance:	220-240 V ~   50 Hz   850 Watt
Weight:	11.2 kg
Packaging Unit:	1 pc
Plug:	Schuko plug (two-pin earthed plug)

**SUMMER, SUN  
COOL DRINKS**

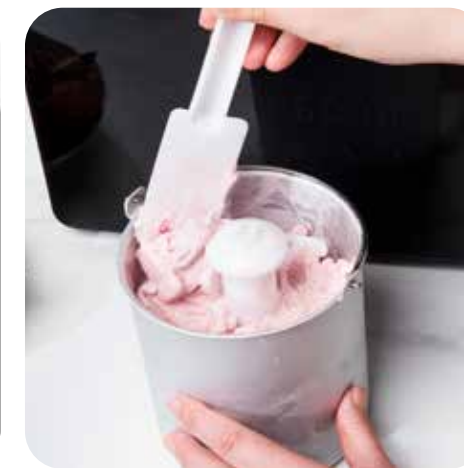

## 2 in 1 ICE CREAM MAKER & YOGHURT MAKER

**XL-TOUCHSCREEN**  
stylish glass front panel

**WITH ELECTRONIC  
CONSISTENCY CONTROL**  
desired ice cream consistency can be easily selected

**1.5 LITRE ICE CREAM CONTAINER**  
dishwasher safe,  
corrosion and acid resistant

### DESIGN ICE CREAM MAKER ADVANCED CONTROL

- » 2-in-1 ice cream maker and yoghurt maker with adjustable programs and the latest patented technology
- » Patented technology: measures the ice cream consistency based on the torsional force of the DC motor and adjusts its running time depending on the setting (soft, medium, hard), while other ice cream machines only work according to a fixed running time
- » The latest generation engine is more powerful and can produce harder and colder ice
- » 3 adjustable stirring speeds (25 rpm, 50 rpm or 70 rpm): The higher the rpm, the more air is whipped under the ice cream mass for creamier ice cream, fewer ice crystals and more intense flavour
- » Make your favorite melt-in-the-mouth ice cream, sorbet, soft ice cream or frozen yoghurt at home with healthy ingredients
- » Produces up to 1.5 litres of ice cream / hour
- » With yoghurt program for creamy natural yoghurt: for breakfast or further processed into frozen yoghurt
- » Ready for immediate use thanks to the cooling compressor: in just a few minutes to -10°C to -30°C
- » With electronic consistency control, desired ice cream consistency can be easily selected: soft, medium or hard
- » Agitator with DC motor and rotation sensors ensures a permanently constant stirring speed, even when the ice cream becomes firmer
- » Adjustable stirring function without cooling for optimal mixing of ingredients for e.g. your own ice cream creations and recipes
- » Adjustable cooling function without stirring for e.g. ready-made ice cream mixtures or previously heated ingredients
- » Automatic cooling function cools the finished ice cream for two hours at the selected consistency
- » Removable 1.5 litre ice container made of stainless steel, dishwasher safe, corrosion and acid resistant
- » Transparent lid with refill flap for additional ingredients and extras
- » Stylish glass front panel with XL touchscreen: Intuitive operation with program and time display
- » Brushed stainless steel housing, easy to clean
- » Particularly quiet ≤ 45 dB (A)
- » Includes ice cream scoop, ice cream spatula and measuring cup

### PATENTED TECHNOLOGY

measures the ice cream consistency based on the torsional force of the DC motor and adjusts its running time depending on the setting (soft, medium, hard), while other ice cream machines only work according to a fixed running time

# COOK, BAKE GRILL

NEW

# 6in1

MULTI FUNCTIONAL CONTACT GRILL

PRODUCT INFO

## DESIGN GOURMET MULTI GRILL BBQ PRO SMART

2,000 Watt Power

Removable plate sets

Perfect for meat, homemade waffles and sandwiches

- » **6-in-1 appliance:** contact grill, BBQ, plancha grill, panini, sandwich maker & waffle iron
- » **5 automatic programmes:** Perfect results for steak, fish, poultry, burgers & meat
- » **Smart grill technology:** Automatically recognises the thickness of the food and regulates the temperature and time - for precise results from rare to well-done

## 180° FOLDABLE

approx. 1300 cm<sup>2</sup> contact grill surface | height-adjustable upper grill plate

- » **BBQ boost:** Extra heat (250°C) for perfect grilling results & intense flavour
- » **Folds out to 180°:** Can be used as a large table grill for social gatherings
- » **Two grilling surfaces:** 650 cm<sup>2</sup> (closed) / 1,300 cm<sup>2</sup> (open) for plenty of food
- » **Height-adjustable grill plate:** Gentle cooking - no pressing
- » **Grill plate set for every dish:** ribbed for grill patterns, smooth for quick searing - ideal for meat, fish, fried eggs, pancakes & more
- » **Versatile plates with high rim:** perfect for sandwiches, omelettes & more - evenly browned, without leaking
- » **4 waffle programmes:** Automatically customised for Belgian, classic, chocolate & buttermilk waffles - always baked to perfection
- » **7 waffle tanning levels:** Individually selectable for the perfect tan
- » **Manual multifunction mode:** top/bottom heat can be controlled separately (100-230°C, 14 levels)
- » **Double heating elements:** Fast heating up & even heat
- » **Extra powerful:** 2,400 W for instant grilling and baking pleasure
- » **Low-fat function:** Healthy grilling without additional fat with integrated drain.
- » **Easy cleaning:** Overflow protection, removable grease drip tray & dishwasher-safe plates
- » **Compact & space-saving:** Can be set up vertically & is easy to store
- » **Intuitive operation:** LCD display & control dial for full control

- » **Versatility:** 6-in-1 for making minced meat, sausages, burger patties, kebbe, 4 types of shortbread, chopping herbs, vegetables and fish. Variable speed control (2 levels and reverse) for optimum results.
- » **Powerful motor:** Powerful and robust AC motor with 700 W rated power and max. locking power of 2,100 W ensures fast, efficient and reliable work every day.
- » **High performance & flexibility:** Processes up to 150 kg of meat in one hour (2.5 kg per minute). Two speeds plus reverse function for a wide range of processing options. It always delivers reliable performance in daily use.
- » **Robust design & maximum reliability:** High-quality, stainless steel housing, specially ground 4-blade cross blade made of stainless steel, metal holder and parallel shaft gearbox with full metal gears ensure durability, smooth operation and stability.
- » **User-friendly:** Intuitive operation (button control), integrated carrying handle and storage space.
- » **Accessories:** 3 stainless steel perforated discs: 3 mm, 5 mm and 7 mm (disc diameter approx. 6 cm), sausage filling and kebbe attachment as well as shortbread attachment with 4 motifs, burger press (2 sizes) and 2-piece storage set for accessories. The lid also serves as a drip tray for minced meat.

### TECHNICAL DETAILS:

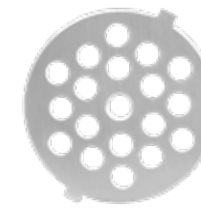

Item No.:	41407
Dimensions:	W x D x H: 366 x 184 x 317 mm
Performance:	220-240 V ~   50-60 Hz   700 Watt - max. 2,100 Watt
Weight:	5.4 kg   Packaging Unit: 2 pcs
Plug:	Schuko plug (two-pin earthed plug)

3 mm  
PERFORATED DISC

5 mm  
PERFORATED DISC

7 mm  
PERFORATED DISC

### 3 PERFORATED DISCS

Flexible for fine, medium or coarse ground meat. Ideal for burgers, meatloaf, sauces, tartar, and much more

## EXTENSIVE ACCESSORIES FOR A WIDE RANGE OF APPLICATIONS

### HAMBURGER PRESS

2 sizes, plus one for filled patties. Forms even, perfectly shaped patties for juicy burgers.

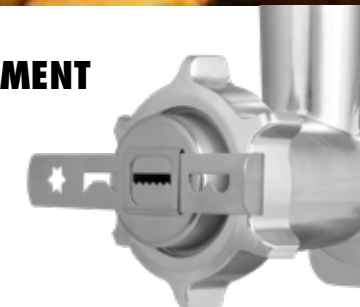

### SAUSAGE FILLING ATTACHMENT

Makes stuffing all kinds of sausages easier, ideal for homemade fried, liver or grilled sausages. Practical and hygienic.

### SHORTBREAD ATTACHMENT

For easy production of shortbread cookies in 4 different shapes. Perfect for creative Christmas cookies and pastry creations.

### KEBBE ATTACHMENT

Perfect for preparing oriental specialties like stuffed kebabs. Forms hollow dough rolls for individual fillings.

# HOMEMADE BURGER

QUICK, EASY, DELICIOUS

## DESIGN MINCER ADVANCED (STANDARD SIZE 8)

**Professional motor (Induction/350 watt)**

**Heavy metal housing**

**Forward and reverse**

» Best Burger in Town – fresh homemade burgers in best quality «

- » Hourly output approx. 100 kg
- » Professional motor (induction / 350 watt / max 1.3 Nm)
- » Digital display (indicating direction of rotation and power input)
- » Control switch: on/off switch and reverse function
- » Stainless steel crossed-blade knife with 4 blades
- » Grinding discs are made of cast metal (steel SUS 420)
- » Integrated handle
- » Large rotary feed pan is made of stainless steel
- » Worm housing, worm and closing ring is made of cast aluminium
- » Front panel is made of stainless steel
- » Optional available accessories:  
3 sausage filling attachments (Item No.: 96010) and additional set of grinding discs (3 mm, 8 mm and 14 mm; Item No.: 96011)

Accessories included: 3 grinding discs (diameter 61 mm) with holes 2mm, 4.5 mm and 6 mm and spanner

### TECHNICAL DETAILS:

Item No.:	41409
Dimensions:	W x D x H: 325 x 223 x 362 mm
Performance:	220 - 230V ~   50 - 60 Hz   350 Watt (max.)
Weight:	8 kg
Packaging Unit:	1 pc   Plug: Schuko plug (two-pin earthed plug)

DESIGN MINCER PLUS

- » Electronically regulated motor (1500 watt max.)
- » Worm housing made of cast metal
- » Stainless steel cross-blade knife with 4 blades
- » LED-illuminated control panel
- » On/off button and reverse
- » Grinding disc aperture: 50 mm or 55 mm
- » 2 grinding discs (4 mm and 8 mm)

Accessories included: 2 grinding discs for chunky meat, sausage filing attachment, pusher, food tray, cookie attachment, kebbe attachment for oriental cuisine

TECHNICAL DETAILS:

Item No.:	41403
Dimensions:	W x TD x H: 270 x 170 x 335 mm
Performance:	220-240 V ~   50-60 Hz
Power:	350 Watt, Lockpower: 1500 Watt max.
Weight:	3.15 kg   Packaging Unit: 2 pcs
Plug:	Schuko plug (two-pin earthed plug)

DESIGN MINCER PRO M

- » Electronically regulated motor
- » Diecast aluminium housing
- » Illuminated sensor control panel - on/off switch and reverse function
- » Stainless steel crossed-blade knife with 4 blades
- » Feed pan and grinding discs made of stainless steel
- » Screw ring, worm housing and worm made of die cast aluminium

Accessories included: 3 grinding discs (3 mm / 4.8 mm / 8 mm), kebbe attachment, sausage filling attachment and cookie attachment

PRODUCT VIDEO

TECHNICAL DETAILS:

Item No.:	41408
Dimensions:	B x T x H: 350 x 160 x 350 mm
Performance:	230 V ~   50 Hz
Power:	600 Watt, Lockpower: 2000 Watt max.
Weight:	5.4 kg   PU: 2 pcs
Plug:	Schuko plug (two-pin earthed plug)

FOR GOURMETS:  
**HOT DOG**  
WITH HOMEMADE SAUSAGE

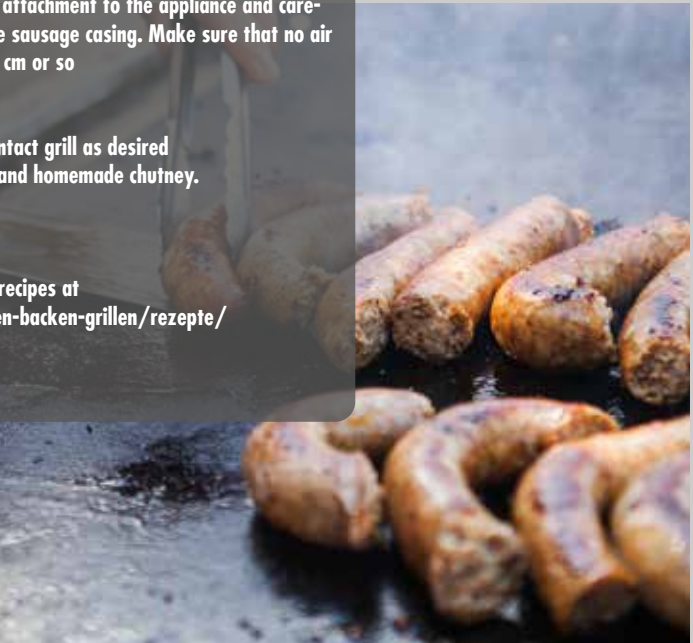

- 750 g pork (from the shoulder)
- 250 g raw bacon
- 1 bunch of coriander greens
- 2 chilli peppers
- 1 clove garlic
- 1 lime
- 1 lemon
- 1 pinch of cane sugar
- 1 tsp salt and pepper
- Sausage casing, (approx. 3 m)

Cut 750 g pork into cubes and 250 g bacon into small pieces. cut into small pieces. Pluck the leaves from a bunch of coriander and roughly chop, leaving the stalks if possible. Cut 2 deseeded chilli peppers into rings. Zest the peel from the lemon and lime and finely chop 1 clove of garlic. Add 1 pinch of sugar, 1 teaspoon of salt and 1 teaspoon of pepper and mix everything together well in a bowl with your hands. Screw a 3 mm perforated disc into the mincer and turn the mixture through it.

Now fit the desired sausage stuffer attachment to the appliance and carefully start to fill the mixture into the sausage casing. Make sure that no air gets in. Twist the sausage every 20 cm or so and separate at the end.

Fry in a pan or in the Gastroback contact grill as desired and serve in a roll with some salad and homemade chutney.

Waffle texture can be selected

Double heating elements above and below provide even heat distribution

- » For 2 Belgian waffles
- » 5 different programs (Belgian waffles, classic waffles, chocolate waffles, buttermilk waffles and own program)
- » Waffle texture can be selected: soft on the inside, crunchy on the outside or baked crispy throughout
- » 7 degrees of browning can be selected
- » Automatic baking: fast heating at 1600 Watt for a golden-brown crust, baking at 800-1600 Watt
- » Double heating elements above and below provide even heat distribution
- » Extra deep heating plates for especially light waffles, non-stick coating
- » Control via LCD-display
- » Countdown timer shows the remaining baking time
- » Overflow protection collects excess batter

### TECHNICAL DETAILS:

Item No.:	42424
Dimensions: (WxDxH)	330 x 290 x 134 mm (closed) 330 x 365 x 330 mm (open)
Performance:	220 - 240 V ~   50 - 60 Hz   1600 Watt
Weight:	4 kg
Packaging Unit:	2 pcs
Plug:	Schuko plug (two-pin earthed plug)

## NOW ALSO AVAILABLE IN BLACK

WAFFLE IRON ADVANCED CONTROL

**BLACK EDITION**

**NEW**

### TECHNICAL DETAILS:

Item No.:	42449
Dimensions: (WxDxH)	330 x 290 x 134 mm (closed) 330 x 365 x 330 mm (open)
Performance:	220-240 V ~   50-60 Hz   1600 Watt
Weight:	4 kg   Packaging Unit: 2 pcs   Plug: Schuko plug (two-pin earthed plug)

Including bottle cap  
for the vacuuming of bottled wines and oils

## DESIGN VACUUM SEALER ADVANCED PRO

Sensor touch operation

Ideal for sous vide cooking

Fully automatic or manual vacuum

» Touch-Sensor lid with automatic function – the integrated servo motor opens and closes the device automatically

- » Touch-Sensor lid with automatic function – the integrated servo motor opens and closes the device automatically
- » Fully automatic or manual vacuum and sealing functions
- » Professional vacuum pump; 8 litres/min (0.6 bar)
- » 2 functions: »Dry Food« for dry foodstuffs and »Moist Food« for fish and meat, for example
- » Marinate function – Fully automatic marination in 20 minutes
- » Container function for the vacuuming of sauces, soups and juices or for vacuum marinating (containers available optionally)
- » For sachets and rolls up to 30 cm in width (Incl. 5 foil bags 20 x 30 cm and 1 foil roll 20 x 200 cm)
- » Ideal for outdoor use – can be used with the 12 V car plug
- » Foil cutter for cutting foils or opening sealed sachets

### TECHNICAL DETAILS:

ItemNo.: 46013  
Dimensions: W x D x H: 378 x 140 x 70 mm  
Performance: 220-240 V ~ | 50-60 Hz | 110 Watt  
Weight: 1.6 kg | Packaging Unit: 4 pcs  
Plug: Schuko plug (two-pin earthed plug)

## DESIGN VACUUM SEALER ADVANCED SCALE

Vacuum sealer with digital scale

Vacuum of the pump – 6 Litre/Min.

Gram accuracy from 0.1 g to 2000 g

Optionally available:  
Container set with vacuum hose for marinating and vacuuming  
Item No. 46110 / 46111

## » 2 in 1

Vacuum sealer with digital scale  
Ideal for portioning and instant  
Vacuuming - even on the go «

Incl. Bottle cap for  
Vacuuming wines and oils  
in the bottle

PRODUCT VIDEO

### TECHNICAL DETAILS:

ItemNo.: 46012  
Dimensions: W x D x H: 380 x 146 x 89 mm  
Performance: 220-240 V ~ | 50-60 Hz | 120 Watt  
Weight: 2.5 kg  
Packaging Unit: 4 pcs  
Plug: Schuko plug (two-pin earthed plug)

- » Vacuum sealer with digital scale: Ideal for portioning and immediate vacuuming
- » Precision scale with gram accuracy (from 0.1 g to 2000 g in 100 mg increments) and tare function
- » Digital scale can also run separately on battery
- » Also ideal during travel using the 12V connection of the vehicle
- » Automatic, wear-free magnetic lock
- » Fully automatic or manual vacuuming and sealing functions
- » Vacuum of the pump; 0.6-0.8 bar; 6 litres/min
- » 2 functions: »Dry Food« and »Moist Food«
- » Ideally suited for sous-vide cooking
- » Container function for vacuuming of sauces, soups and also juices or for vacuum marinating (containers available optionally)
- » Including bottle cap for the vacuuming of bottled wines and oils
- » Sensor touch operation
- » For bags and rolls up to 30 cm wide
- » Incl. 5 foil bags of size 20 x 30 cm and 1 foil roll of size 20 x 200 cm

DESIGN PRO VACUUM SEALER

- » Two operating modes: fully automatic or manual
- » Food items last up to 5 times longer when airtightly sealed
- » Vacuum preserves the natural ingredients, minerals and vitamins
- » Vacuum protects frozen food from freezer burn and remains its natural colour
- » Suitable for low pressure marinating and sous-vide cooking
- » Control lamp / vacuuming 100 / 500 mm Hg / 0.6 bar

Accessories included: 1 roll of plastic foil

TECHNICAL DETAILS:

Item No.:	46011
Dimensions:	W x D x H: 370 x 150 x 80 mm
Performance:	220 V ~   50 - 60 Hz   120 Watt
Weight:	2.3 kg
Packaging Unit:	2 pcs   Plug: Schuko plug (two-pin earthed plug)

DESIGN VACUUM SEALER BASIC

- » Ideal for storing, keeping freshness and sous vide cooking of fish, meat, vegetables and fruit
- » With integrated foil cutter
- » Fully automatic or manual vacuuming and welding
- » 4 functions: dry food, moist food, pulse function, container function
- » ›Dry Food‹ for dry food, Moist Food for e.g. fish and meat
- » Pulse function, gently vacuuming soft food
- » Container function, vacuum sealing of sauces, soups and juices or for vacuum marinating (container optionally available)
- » High-quality design stainless steel front
- » Vacuum of the pump 0.6 - 0.8 bar; 11 liters/min
- » Sensor touch operation
- » Electronic temperature monitoring
- » For bags and rolls up to 30 cm wide
- » Easy and quick cleaning of the vacuum chamber
- » 5 gof-frozen foil bags (22 x 30 cm) and 5 gof-frozen foil bags (28 x 40 cm), suitable for microwaves, suitable for sous vide and boil-proof

TECHNICAL DETAILS:

Item No.:	46009
Dimensions:	W x D x H: 394 x 164 x 87 mm
Performance:	220 - 240 V ~   50 - 60 Hz   150 Watt
Weight:	1.4 kg
Packaging Unit:	6 pcs   Plug: Schuko plug (two-pin earthed plug)

DESIGN VACUUM SEALER PLUS

- » Two operating modes: fully automatic and manual
- » Select one of four functions (dry, moist, soft, delicate) to best suit dry, soft, hard or delicate foods
- » 10 goffered plastic bags (small and large) included
- » Extra wide 2.5 mm heat seal
- » Seals vacuum bags up to 30 cm wide
- » Vacuum pressure up to 0.75 bar / vacuum performance 9 l per minute
- » High-performance 120 watt
- » Suitable for slight vacuum marinating and sous-vide cooking
- » Connector to create vacuum in containers
- » Optional accessories: vacuum containers, plastic rolls and bags
- » Hermetically sealed food keeps up to five times longer, resulting in considerably less waste
- » Preserves natural minerals and vitamins
- » Vacuumed food is easy to transport, ideal for picnics and travel

TECHNICAL DETAILS:

Item No.:	46008
Dimensions:	W x D x H: 390 x 165 x 95 mm
Performance:	220 - 240 V ~   50 - 60 Hz   170 Watt
Weight:	1.6 kg
Packaging Unit:	6 pcs
Plug:	Schuko plug (two-pin earthed plug)

OPTIONAL ACCESSORIES

VACUUM SEALER BAGS

- » Suitable for Design Vacuum Sealer 46007, 46008, 46009, 46010 and 46011
- » 50 bags – for long-lasting freshness
- » Robust and extremely hard-wearing
- » Boil-proof (up to max. 70 °C)
- » Non-ageing, heat resistant and food safe

TECHNICAL DETAILS:

Item No.:	46115 Vacuum Sealer Bags Set 200	46119 Vacuum Sealer Bags Set 250
Dimensions:	20 x 30 cm	25 x 40 cm
Packaging Unit:	10 sets à 50 bags	10 sets à 50 bags

VACUUM SEALER ROLLS

- » Suitable for Design Vacuum Sealer 46007, 46008, 46009, 46010 and 46011
- » 2 special rolls – for long-lasting freshness

TECHNICAL DETAILS:

Item No.:	46100 Vacuum Sealer Rolls Set 100	46101 Vacuum Sealer Rolls Set 101
Dimensions:	20 x 600 cm	28 x 600 cm
Packaging Unit:	10 sets à 2 rolls	10 sets à 2 rolls

VACUUM BOWL SET (3 PCS)

- » Suitable for Design Vacuum Sealer Plus 46008 and Design Vacuum Sealer Advanced Professional 46016 and 46017 (with adapter Item No.: 99974)
- » Volume: 700 ml, 1400 ml, 2000 ml and vacuum tube
- » Airtightly sealed food lasts up to 5 times longer
- » Preserves the natural ingredients, minerals and vitamins

TECHNICAL DETAILS:

Item No.:	46110
Volume:	0.7l, 1.4l and 2.0l
Packaging Unit:	4 sets

VACUUM BOWL SET (2 PCS)

- » Suitable for Design Vacuum Sealer Plus 46008 and Design Vacuum Sealer Advanced Professional 46016 and 46017 (with adapter Item No.: 99974)
- » Volume: 1000 ml, 2800 ml and vacuum tube
- » Airtightly sealed food lasts up to 5 times longer
- » Preserves the natural ingredients, minerals and vitamins
- » Adjustable date

TECHNICAL DETAILS:

Item No.:	46111
Volume:	1.0 l, 2.8 l
Packaging Unit	4 sets

SAFE AIR  
TO BREATHE !**

**GASTROBACK**  
ADVANCED PRODUCT

## AIR PURIFIER AG+ AIRPROTECT

Five-stage air disinfection and filtration

Removes 99% of airborne viruses

Removes up to 99% of allergens

- » Innovative five-stage air disinfection and filtration without chemicals with fine dust sensor (PM2.5) to monitor air quality
- » **AG+ Antiviral Filter Technology removes 99% of airborne viruses and aerosols and inactivates COVID-19 viruses and virus variants\***
- » Removes up to 99% of allergens such as pollen and fine dust, house dust, mold spores, dust mites, animal dander, odors and bacteria\*, ideal for allergy sufferers and asthmatics
- » Air disinfection and filtration consisting of pre-filter, HEPA silver ion filter, nanocrystalline filter, UV light and plasma sterilization
- » Plasma sterilization: Generates a plasma discharge from air and electrical energy that destroys germs at lightning speed
- » CADR 375m³/h (CADR=volume of air filtered by the air purifier, measure of cleaning speed)
- » Suitable for rooms up to 50 m²
- » 2 cleaning modes (automatic and sleep mode)  
**Automatic mode:** continuously detects and removes allergens and invisible pollutants (e.g. formaldehyde), with digital display to determine air quality and allergen, fine dust and gas levels in real time  
**Sleep mode:** quiet cleaning and dimmed display lighting
- » Timer function: Adjustable switch-on time (duration) and switch-off time

\* Certified by the US laboratory MRIGlobal.

## INNOVATIVE FIVE-STAGE AIR DISINFECTION AND FILTRATION

### 1. PRE-FILTER

Captures hair, fibers, particles, dander etc.  
The filter can be vacuumed and be reused.

### 2. HIGHLY EFFICIENT SILVER ION AIR CLEANER

99.7% filtration efficiency for PM 0.3.  
Filters particles in the air that are ≤ 0.01 µm. The filter combined with silver ions removes common viruses, bacteria and mold and inactivates COVID-19.

### 3. NANO CRYSTALLINE FILTER

Natural non-metallic minerals are used to remove harmful gases, Remove formaldehyde, benzene and odors from the air.

### 4. UV DISINFECTION LAYER

A UV lamp sterilizes the air and eliminates viruses.

### 5. PLASMA STERILIZATION

Positive and negative ions are neutralized by plasma sterilization and destroy microorganisms with the generated energy.

IDEAL FOR OFFICES, BREAK ROOMS, SCHOOLS, KINDERGARTENS, WAITING ROOMS AND RESTAURANTS

REMOVES POLLEN AND ODORS - IDEAL FOR ALLERGY SUFFERERS AND ASTHMATICS

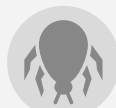

Viruses and aerosols

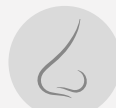

Mold spores

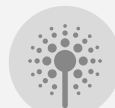

Bacteria

Mites

Odor

Pollen

Fine particles

Ultrafine particles

Fugitives organic combination

Animal scales

Dust

POLLUTED AIR IS ONE OF THE BIGGEST HEALTH RISKS. THE AIR PURIFIER AG+ AIRPROTECT PROTECTS AGAINST THIS.

Item No.:	20100
Dimensions:	W x D x H: 390 x 211 x 628 mm
Performance:	220-240 V ~   50-60 Hz   95 Watt
Weight:	approx. 8.4 kg
Packaging Unit:	1 pc
Plug:	Schuko plug (two-pin earthed plug)

IDEAL FOR CAR & OFFICE

PRODUCT VIDEO

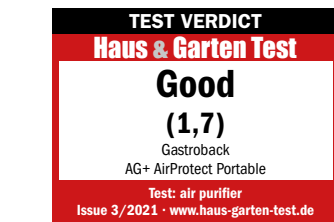

AIR PURIFIER AG+ AIRPROTECT PORTABLE

Four-stage air disinfection and filtration

Removes 99% of airborne viruses

Removes up to 99% of allergens

- » Handy air purifier with USB connection for on the go or for the office
- » Innovative four-stage air disinfection and filtration without chemicals
- » **AG+ Antiviral Filter Technology removes 99% of airborne viruses and aerosols and inactivates COVID-19 viruses and virus variants\***
- » Removes allergens such as pollen and fine dust, house dust, mold spores, dust mites, animal dander, odours, bacteria and invisible pollutants (e.g. formaldehyde)\*
- » Luftdesinfektion und Filtration bestehend aus Vor-Filter, Aktivkohle-Filter, Hocheffizientem Silber-Ionen-Filter, Anionen-Luftfilter-Technologie

TECHNICAL DETAILS:

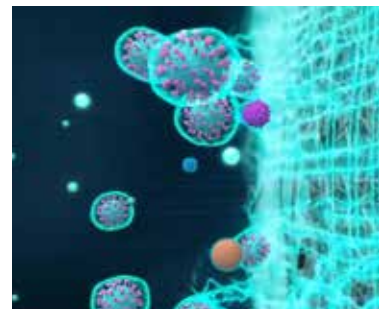

Item No.:	20101
Dimensions:	Ø 68 mm x 188 mm Höhe
Performance:	5 V Gleichstrom (DC), 1 A   3 Watt
Weight:	approx. 400 g
Packaging Unit:	15 pcs
Plug:	Schuko plug (two-pin earthed plug)

- » CADR 25 m³/h (CADR = volume of air purifier filtered air, measure for the cleaning speed)
- » Suitable for rooms up to 7m²
- » Fan speed adjustable in 3 stages
- » Particularly quiet (≤ 30 dBA in level 1)
- » Cleaning filter particularly durable (approx. 3 - 6 months)
- » Can be used immediately, USB connection cable and filter set included in delivery

\* Certified by the US laboratory MRIGlobal.

IDEAL FOR ALLERGY SUFFERERS AND ASTHMATICS: AIR PURIFIER WITH INNOVATIVE TECHNOLOGY & SILVER ION FILTER

INNOVATIVE FOUR-STAGE AIR DISINFECTION AND FILTRATION

PRE-FILTER

The pre-filter filters larger particles, dust and hair.

ACTIVATED CARBON FILTER

The activated carbon filter removed odours, formaldehyde and TVOC.

HIGHLY EFFICIENT SILVER ION AIR FILTER

The filter combined with silver ions removes common viruses, bacteria and mold and inactivates COVID-19.

ANIONS TECHNOLOGY

For air sterilization and air purification.

## VITAL JUICER PRO

**XL feed chute (Ø 75 mm)**

**Juicing whole fruits in seconds**

**700 watt professional motor**

- » XL feed chute (Ø 75 mm)
- » Juice whole apples, carrots and other fruits in seconds
- » No pre-cutting of the fruit
- » 700 watt multi motor
- » Stainless steel micro sieve for the finest juices
- » Brushed stainless steel case
- » Pulp container
- » Dishwasher safet

Includes transparent  
juice box

### TECHNICAL DETAILS:

Item No.:	40117
Dimensions:	W x D x H: 268 x 205 x 396 mm
Performance:	230 V / 50 Hz / 700 Watt
Revolutions:	with load 12,000 rpm   without load 17,000 rpm to 18,500 rpm
Weight:	3.2 kg
Packaging Unit:	2 pcs   Plug: Schuko plug (two-pin earthed plug)

ELECTRICAL ICE CRUSHER

- » Produces perfect ice-splitters for drinks and cocktails
- » Fast – produces crushed ice in just 15 seconds
- » Space saving
- » Powerful electric-motor with 100 watt
- » Safety interjection opening with cover
- » Chromed plastic housing
- » Special integrated ice container

TECHNICAL DETAILS:

Item No.:	41127
Dimensions:	W x D x H: 150 x 240 x 240 mm
Performance:	220 - 230 V ~   50 - 60 Hz   100 Watt
Weight:	1.9 kg
Packaging Unit:	4 pcs   Plug: Schuko plug (two-pin earthed plug)

DESIGN LED LIGHT & CHARGE

- » LED desktop lamp with inductive docking station and USB charger ports for mobile phones and other devices
- » Unique design with energy-efficient LED technology
- » LED panel with lateral lighting (adjustable by 120°) for softer and more even illumination
- » 180° rotatable luminaire head
- » Sensor touch dimmer for adjustable brightness from 10% to 100% and adjustable light temperature from 2700K to 6500K for pleasant lighting
- » Inductive docking station for wireless charging of all Qi-enabled smartphones or devices with Qi-compatible cover
- » 2 smart quick USB ports to charge smartphones or tablets and to connect mobile devices such as loudspeakers
- » The built-in LEDs are not exchangeable

Easy on the eyes

180° rotatable

120° adjustable beam angle

# WORLDS & TRENDS

who likes to travel a lot in their camper or caravan or who a holiday home or vacation home will of course not want to without their favorite coffee and the usual comfort of their own n. The basic equipment includes selected electrical household ances that are tailored to the needs of traveling. Simply enjoy the comfort on the go, because GASTROBACK® offers a lot of items a power supply of less than 1000 watts in its range, perfect for pers or motorhomes.
