Wireless fast charge for your Android and Apple devices

This Alarm Clock 2 has a fast transmission power mode of 7.5W or 10W*, to adapt to all the devices compatible with wireless fast charge (Android and Apple). The fast charge mode allows to charge devices 1.4 times faster than the standard wireless charging mode**.

The Qi charger will adapt the wireless charge to the standard mode (5W) for those QI compatible devices which don't allow the fast charging mode.

Compatible with Qi

The charger is compatible with any Qi device. Is possible to verify that the mobile device is enabled with Qi wireless charging technology in the user manual or with the supplier.

USB type A port

Thanks to its USB type A port, it's also possible to charge devices not enabled with wireless charging.

** If the device is an iPhone 8 or later, please note that the maximum fast transmission power allowed by these devices is 7.5W.*

*** The fast charging mode requires a charger with QuickCharge technology 2.0 or higher (not included) and works only with Qi fast charging compatible devices, such as iPhone 8/8 Plus/X/11 and Samsung Galaxy Note 8/S9+/S9/S8/S8 +/S7/S7 Edge/S6 Edge Plus/Note 5.*
