Quansheng UV-5R Plus is a basic dual-band radio

£19.96

DESCRIPTION

The Quansheng UV-5R Plus is a basic dual-band radio with essential features for radio enthusiasts. It boasts 200 memory channels, a 2,000 mAh battery, and a robust 5W RF power. The modern screen enhances readability, while its Chirp compatibility simplifies the programming process. This radio is designed to meet the needs of the average ham radio operator. It includes features such as repeater tones, offsets, and DTMF functionality, making it ideal for daily use. Its compact size of 115mm x 60mm x 37.5mm and lightweight design of 234g ensure portability and convenience for users. Specifications of the Quansheng UV-5R Plus include a frequency band of 144~148MHz and 430~450MHz, transmitting power of $\leq 5W$, emission current of $\leq 1.5A$, 200 channels, 16 FM presets, frequency stability of $\pm 1ppm$. This radio is reliable for those seeking a straightforward yet efficient communication device.
