

Illumination:

Memphis flow was designed to bring fun energy to any situation. The dancing LED lighting can be turned on by pressing the LED button. If you are looking for a more relaxed listening experience, the lights can be turned OFF by pressing the button again.

Linking 2 Flows with MLINK™:

At Memphis we are all about more sound! The Memphis Flow is designed with MLINK™ Technology which allows you to easily pair with a second Memphis flow (sold separately) to simultaneously stream music to two devices at once in stereo. MLINK™ brings your listening experience to the next level, simply power on both Memphis Flow devices. Short press the MLINK™ Pairing button on both devices, the devices will pair together. Begin streaming your music and enjoy.

#MemphisAudio

Memphis Flow:

Memphis Audio has been bringing massive sound to cars, boats and powersports vehicles for decades. You can now bring the exciting energy of Memphis Audio anywhere you go with the Memphis Flow Wireless Bluetooth Speaker. This powerful device can crank massive sound anywhere you go. The IPX7 rating allows this device to continue to play in wet environments making it ideal for the pool, beach, or any other outdoor activity. Select either Bluetooth or AUX playback to stream your favorite music for up to 15 hours on a single charge! Need more sound to keep the party going? No problem, pair 2 Memphis flow speakers together with MLINK™ quick pair technology. Memphis flow speakers are also equipped with LED accent lights which dance to the music along with an ultra-cool illuminated speaker strobe light effect making the Memphis flow the ultimate party speaker when the lights go down.

Features:

BLUETOOTH STREAMING & AUX CONNECTIONS

Enjoy your favorite content via Bluetooth streaming or 3.5mm jack.

POWERFUL BATTERY FOR EXTENDED PLAYBACK TIME

7200m Lithium ion battery provides 15 hours of playtime & charges via USB port.

IPX7 WATERPROOF

Memphis Flow speakers are perfect for the pool or other wet environments

MLINK™ PAIRABLE SPEAKER DESIGN

Wirelessly pair 2 speakers together with MLINK™ Technology

RUGGED CONSTRUCTION

High-impact, rugged materials are designed to provide worry-free adventuring.

POWERBANK ACCESSORY CHARGING

Charge accessories and devices from your Memphis Flow via 1A power bank.

MBASS™ RADIATOR FOR ENHANCED MID BASS

Dual passive radiators deliver impressive mid bass and loud clear sound

Charging:

For best results Memphis recommends charging the Memphis Flow fully before your first use. Simply plug in the provided USB-C charging cable into an appropriate USB outlet. Plug the USB-C into the Memphis Flow. The LED indicator light will illuminate RED while charging. Once charge is complete, the device will illuminate GREEN.

Pairing Your Flow:

- Press and hold the power button to turn the device ON (Solid White Light)
- On your phone or Bluetooth device, switch your Bluetooth ON and search for available Bluetooth devices.
- On your Memphis Flow long press the Bluetooth Button to make the device discoverable.
- On your phone or other Bluetooth Device, MEMPHIS FLOW should appear. Select MEMPHIS FLOW and your device will pair.
- Once paired the light will illuminate SOLID BLUE.
