MAINTENANCE AND CARE

Protect from extreme weather by moving furniture to a covered area or using furniture covers or traps.

Avoid dragging or placing heavy objects on the furniture to prevent damage.

Do not use sharp objects to scratch the painted surface.

Dust often using a clean, soft, dry and lint-free cloth.

We do not recommend the use of chemical cleansers, abrasives or furniture polish on our lacquered finish.

Hardware may loosen over time. Periodically check to make sure all connections are tight. Re-tighten if necessary.

Do not dispose of any packaging or contents of the shipping carton until assembly is completed to avoid accidentally discarding small parts or hardware.

Do not put hot objects on the table itself. They will leave permanent marks on it (discoloration, deformation, cracks...). Always use table mats.

Do not use a plastic tablecloth on the table. Exposed to UV and heat, it would melt and act as a decal, especially on steel, aluminum and glass. Instead, use a fabric tablecloth.
