Thomas Payne® Clickback Sofa

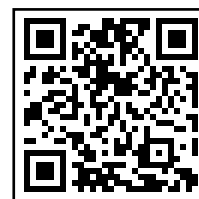

Installation and Owner's Manual

(For Aftermarket Applications)

Introduction

Our steel frame Clickback Sofa requires no spare mattress to store, however requires some assembly. In just four simple steps, it transforms into a comfortable bed. Traditional hide-a-beds have uncomfortable mattresses with support bars that can make sleeping uncomfortable. Air mattress hide-a-beds eliminate the support bar issue, but can be damaged more easily and become unusable. The Clickback Sofa coverts from sofa to a very supportive, high-density foam sleep surface in four simple steps. Now campers can actually look forward to sleeping on the couch!

Installation

Foot Assembly Instructions

1. Remove sofa from shipping box.
2. Organize parts.
3. Place sofa on its back (Fig.1).
4. Identify the type of foot included: (Fig.2 or Fig.3)
 - a. **Fig. 2 foot:** insert two screws into each foot and screw them into the bottom corners of the sofa.
 - b. **Fig. 3 foot:** insert one screw through washer into each foot and into the bottom of the sofa into the pre-drilled opening on each corner.

Operation Instructions

NOTE: Refer to (Fig.7) for steps 1-5.

1. Remove back cushions and set aside.
2. Fold out the couch seat to expose the middle seat.
3. Fold out the couch seat legs and set upright.
4. Fold down the stationary back.
5. Use back cushions as headrest or pillows.

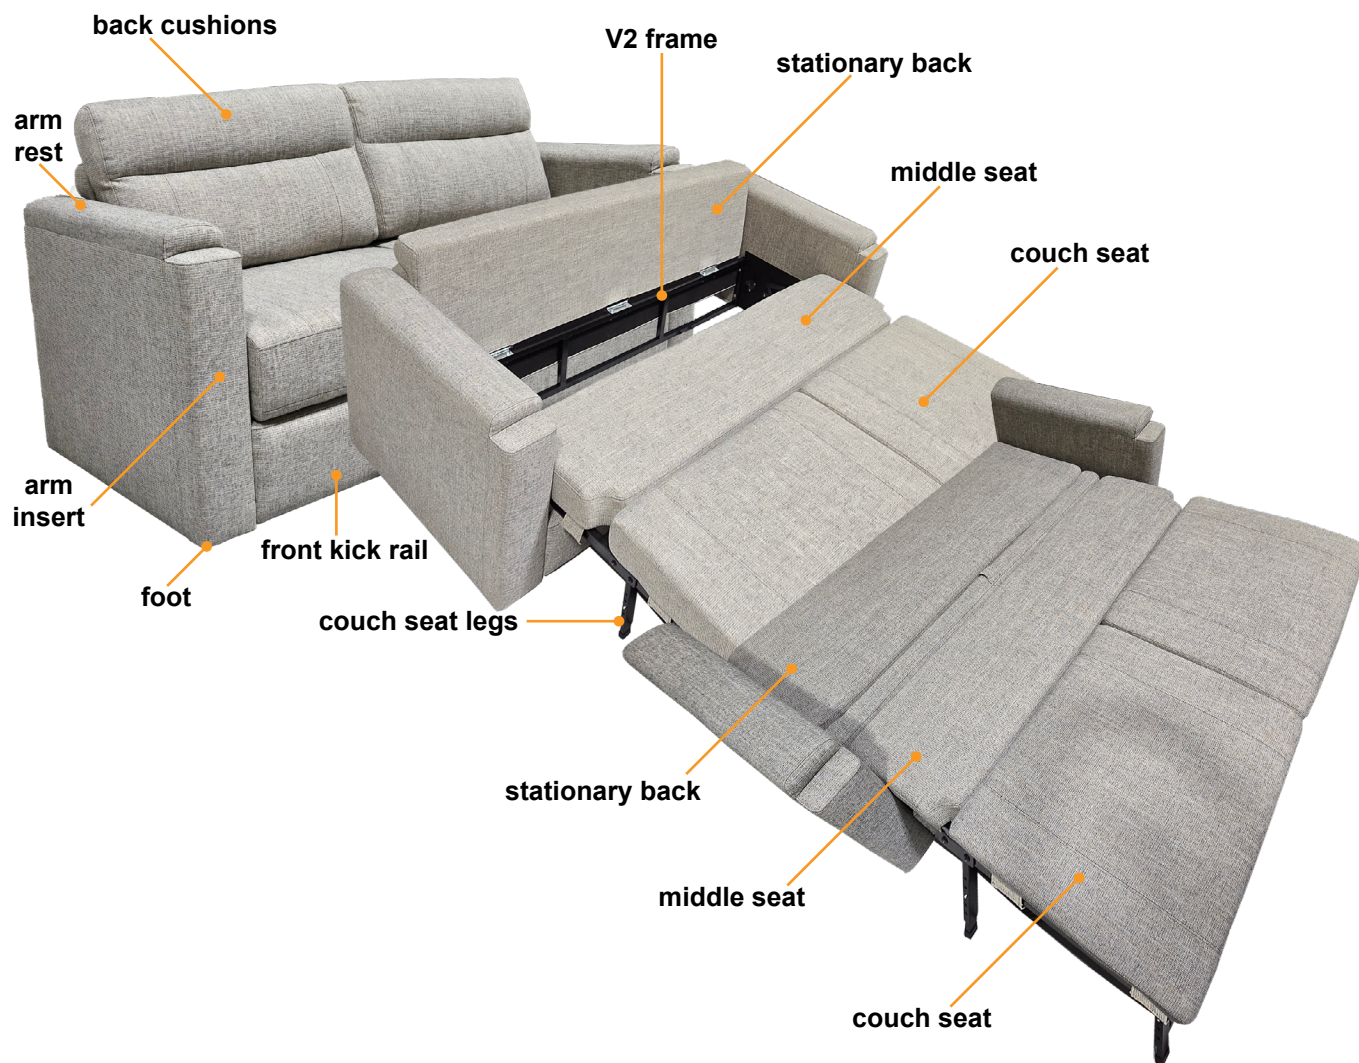

Fig.7

Lippert does not recommend the use of any other chemical products to clean the sofas.

It is recommended that the screws of the Clickback Sofa feet be tightened annually. Over time the screws can loosen, which could cause damage to the floor underneath the sofa.
