Quick Start Guide

After reading this document, keep it in a safe place along with the warranty certificate. Be sure to read the "Safety Precautions" in the separate "READ THIS!" sheet, and use the product correctly.

Included Accessories

- Piano Stand with 3 Pedals
 - Music Stand
 - Headphones Hook
 - AC adaptor (AD-E24250LW)
 - Power cord
 - Wireless MIDI & audio adaptor
- Leaflets
 - READ THIS! Sheet
 - Assembly Procedure for Piano Stand with 3 Pedals Sheet
 - Other (Warranty, etc.)

Items included as accessories are subject to change without notice.

Separately Available Accessories

You can get information about accessories that are separately available for this product from your retailer or from the CASIO website.

Please refer to the website below for more detailed operating instructions and product information, including the **USER'S GUIDE, Dedicated App (CASIO MUSIC SPACE) download, Song Book, etc.**

AP-750

Preparation

Ensure this Digital Piano is turned off before plugging in or unplugging any devices.

[Underside of instrument]

The various input/output jacks are located as shown in the illustration of the underside of the instrument below.

General Guide

After 15 seconds of no operation, the panel turn off. When the panel is touched, the buttons light up. You can change the number of seconds until the button lights switch off (or have them not turn off at all). For details, see "Panel Lights Off Setting" in the "Additional Functions" section on the right.

• For detailed information on using the functions, refer to the USER'S GUIDE on the CASIO website.

Basic Settings Such as Tuning

FUNCTION

Select a key while holding down the **FUNCTION** button.

- If you press a key while changing a setting, the number of times the notification tone sounds varies according to the value set and the sequence.
- When you disable a setting, a low tone sounds.
