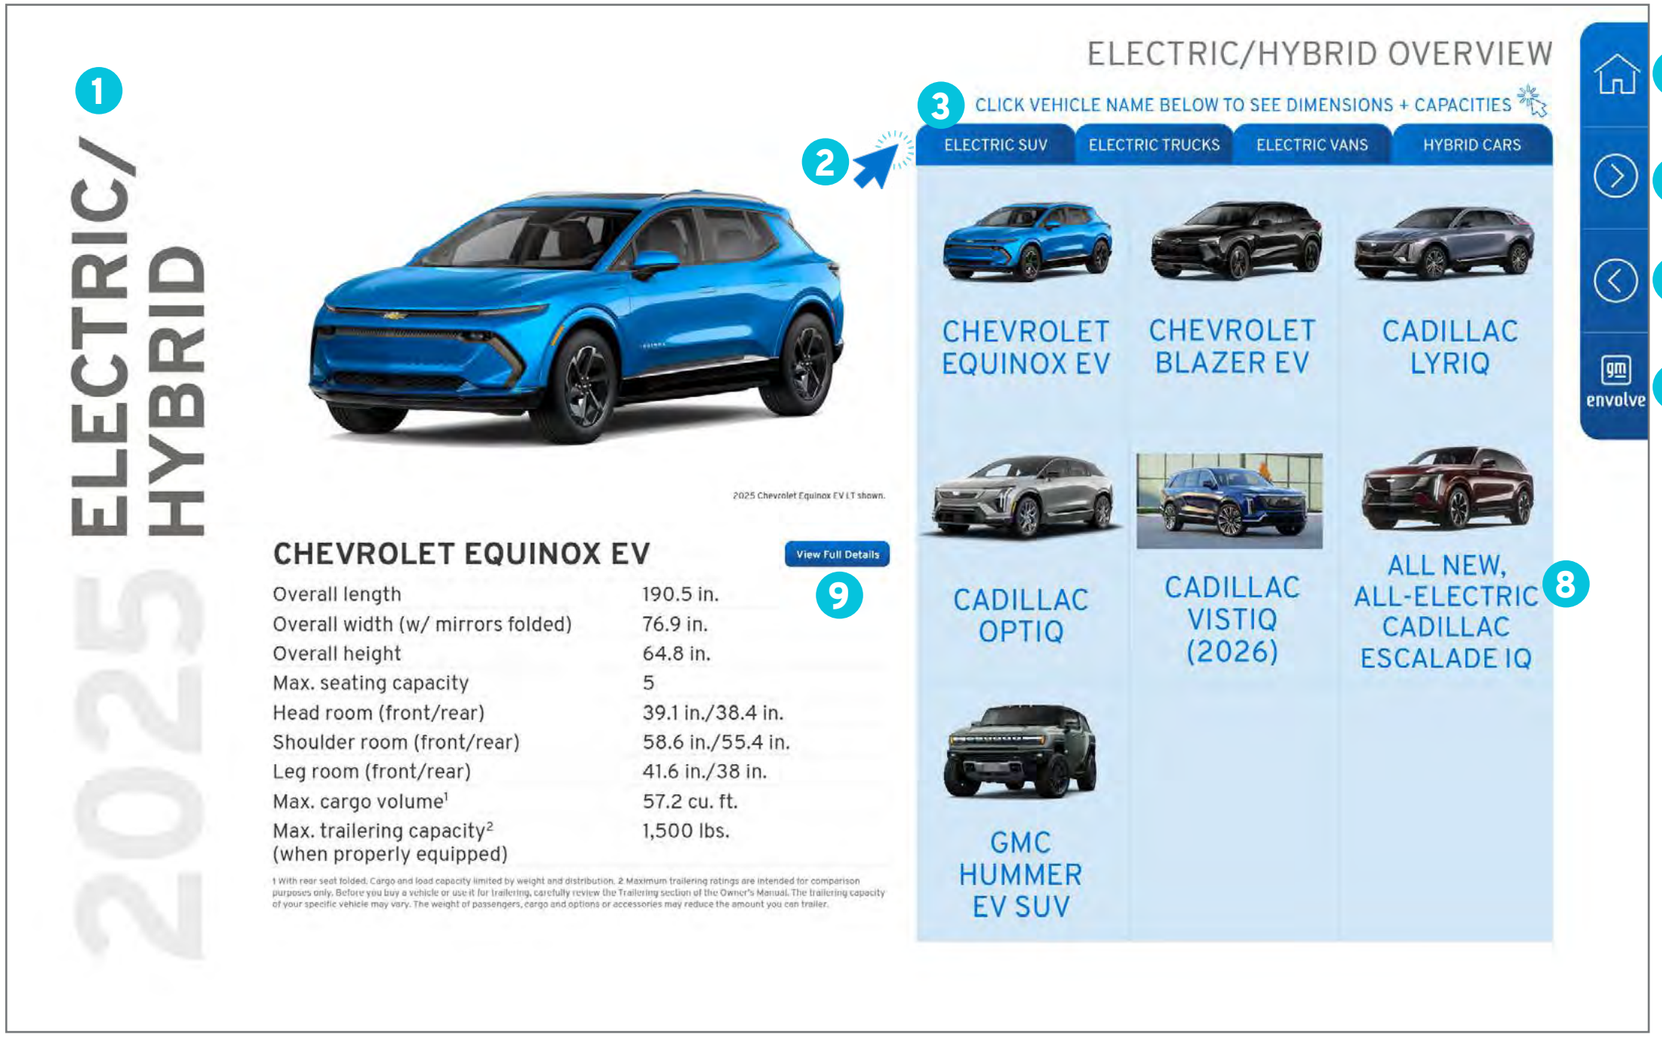
2025 FLEET GUIDE

START

HOW TO USE THIS GUIDE

The 2025 GM Envolve Fleet Guide is an online publication that offers detailed specifications and information on our commercial vehicle lineup. It is best viewed using a web browser on a laptop or desktop computer. The information below explains how to navigate the guide and take full advantage of its functionality.

1. **Menu:** Opens the table of contents.
2. **Pulsing Arrow:** Click the item to engage its interactivity.
3. **Tab:** Opens a new layer of content.
4. **Home Button:** Return to the How to Use This Guide page.
5. **Forward Arrow Button:** Navigate to the next page.
6. **Back Arrow Button:** Navigate to the previous page.
7. **GM Envolve Button:** Opens a new window to gmenvolve.com.
8. **Vehicle Name:** Click to bring up that vehicle's dimensions and capacities to the left. All vehicles are 2025 model year unless noted.
9. **View Full Details Button:** Takes you to the features page for that vehicle.



CONTINUED ON NEXT PAGE

HOW TO USE THIS GUIDE

1. **Section Head:** Reveals the content/ vehicles in the section.
2. **Overview Link:** Takes you to the dimensions and capacities page for all vehicles in the section.
3. **Vehicle Name:** Takes you to the features page for that vehicle.
4. **Look Inside:** View an interior image of the vehicle. (NOTE: Click X to close the image.)
5. **Overview Button:** Takes you to the vehicle's dimensions and capacities page.

THE GM ENVOLVE DIFFERENCE

GM Envolve is a journey we are on together — listening, evolving, growing — and we understand that getting business done requires straightforward solutions. With GM Envolve, you have easy access to everything that General Motors has to offer to optimize your fleet operations.

More than ever, the GM Envolve team is continually looking at the business holistically to bring you breakthrough solutions and the supporting tools to maximize them. You tell us what you need, and we go to work to deliver the right solutions.

Our solutions are built with your business in mind and are intentionally designed to work with our vehicles to increase their productivity and value to your fleet. You can equip your fleet with capable vehicles that are ready to take on passengers or cargo for your next job. Maximize your uptime and maintain vehicle health status by tracking your vehicles, getting service reminders and providing extra safety measures for your drivers with OnStar Vehicle Insights®.

When you implement these solutions with our hard-working vehicles, that's the real differentiator in being more productive in your everyday business initiatives. These are just some of the reasons GM Envolve is a competitive advantage for your business.

You are our constant focus. We're fully committed to offering a broad and capable lineup of products and solutions to be the best choice for commercial customers.

Sandor Piszar
Vice President, GM Envolve

"Our **solutions** are built with your business in mind and are intentionally designed to work with our vehicles to increase their **productivity** and **value** to your fleet."

HELPING YOU OUTSMART CHANGE

Join the business revolution with GM Envolve.

Get advanced, comprehensive and connected solutions from a single, trusted source. GM Envolve brings together all the commercial products and services General Motors offers to be most efficient and effective in aligning to your needs.

From data insights and EV readiness solutions to financing and consolidated billing, take advantage of our wide variety of programs and services to help you get the most out of your fleet.

Begin your fleet partnership with GM Envolve today.

CONTACT US

YOUR FLEET STARTS WITH YOUR VEHICLES

Getting the job done starts with having the right vehicles. Whether that's traditional vehicles to drive your fleet today or EVs to transform your fleet tomorrow, GM Envolve has what your fleet needs — all with the outstanding customer service you depend on.

Choose from 60+ work-ready vehicles from four trusted brands — and now Chevrolet BrightDrop EV vans — to create the perfect combination to drive your business forward.

MAKING IT EASY TO EV

Whether you're thinking about adding electric vehicles or already have them in your fleet, the GM Envolve EV Starter Kit can bring clarity to any challenges you may face. Get as much support as you need — at any point along the way.

Tailored Fleet Planning

Get help defining what an EV program looks like within your organization, establishing the right support to help you present to management and plan the transition properly — all backed by data.

Streamlined Charging Solutions

Decide where and how your vehicles will charge with the help of a knowledgeable project manager, and take advantage of software that makes reimbursing your drivers for charging as simple as it is with gas.

gm envolve

EV Starter Kit

Personalized Training & Support

Train your drivers ahead of delivery so they're ready to get behind the wheel of their new EV. Plus, offer them the confidence of 24-hour call center support for any immediate needs.

Flexible Financing & Maintenance

Bundle EV products, services and maintenance, including chargers and financed vehicle cost, together into one deal — or purchase only what you need.

CONNECTIVITY & INSIGHTS THAT KEEP YOUR BUSINESS MOVING FORWARD

MAKE MANAGING YOUR FLEET EASIER.

Connect, protect and get the most out of your fleet with OnStar®. Access safety services, vehicle insights, OnStar API and data insights, and provide your workforce OnStar Wi-Fi Connectivity with built-in vehicle features. No matter how your business operates, there are options that can meet your needs simply by leveraging connected data from your vehicles, so you can be more effective at optimizing your bottom line.

Start turning your insights into action with OnStar.

EXPLORE VEHICLE PLANS

Provide Peace of Mind

Protect your people and assets with a variety of connectivity features like Automatic Crash Response[1], Stolen Vehicle Assistance[2] and In-Vehicle Coaching[3].

Optimize Operations

Review trip history and vehicle idle time details to make sure vehicles are operating as efficiently as possible.

Monitor Maintenance

Receive diagnostic information such as low oil life and other vehicle health details.

Conquer Charging

Get notified if an EV was not plugged in at the end of a shift, easily reimburse your drivers for charging and more from intuitive dashboards.

1 Acceptance of OnStar Terms & Conditions is required. OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Not all vehicles may transmit all crash data. Check here for details and limitations. **2** Requires paid plan, working electrical system, cell reception, GPS signal, armed GM factory-installed theft-deterrent system, contact method on file and enrollment to receive alerts. Additional messaging and data rates may apply. Services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. Check here for details and limitations. **3** In-Vehicle Coaching's posted speed monitoring feature will be disabled for any vehicle whose infotainment system privacy settings are set to mask the vehicle's location. Vehicles must have the latest software in order to maximize connected services. Software updates can be installed via Over-the-Air updates or by visiting a GM dealership.

PARTS & SERVICE PROGRAMS TO MAXIMIZE UPTIME

Being a GM Envolve customer gives you access to a variety of parts and service programs that can help keep your fleet more efficient and productive, no matter how you service your vehicles. From support tools to information about limited warranties and vehicle maintenance contracts, there's help available every step of the way.

Get Efficient With Consolidated Billing

Less paperwork is always a better use of your time and resources. GM Envolve can provide simplified administration with a single bill, even if you service multiple vehicles and/or your vehicles are located across the U.S.

Gain Access to Our Specialized Dealer Network

Our commercially focused Business Elite Dealer Network can accommodate your unique needs with extended service hours, custom bays made for big vehicles with upfits and technicians specially trained for your fleet's needs.

Find Quality Parts You Can Count On

GM Genuine Parts and ACDelco Original Equipment are designed specifically to the precise engineering of Chevrolet, Buick, GMC and Cadillac vehicles. Plus, we offer ACDelco Gold and Silver parts for all your aftermarket needs.

Save With the ACDelco National Fleet Parts Program

Our ACDelco National Fleet Parts Program gives you access to resources and tools needed to help simplify your service workflow, from standardized pricing on GM Original Equipment and ACDelco aftermarket parts to consolidated billing.

Join my GM Partner Perks for Extra Benefits

Give your fleet the advantage of my GM Partner Perks. Program benefits include no-charge service training and GM OE service information that can help drive your productivity and, most importantly, your bottom line.

Electric/ Hybrid

EV CHARGERS

LEVEL 1 / LEVEL 2

Dual Level Charge Cord Set

Portable cord with two interchangeable grid plugs for Level 1 and Level 2 charging.

- Expands Level 2 charging capabilities to anywhere there is a 240-volt outlet (up to 7.7 kW/32 amps[1])
- Compatible with all electric vehicles with an SAE J1772 vehicle connector
- Eliminates the need to buy separate charging units for at home and on the go
- Outdoor-rated, 25-ft. cord is easy to connect and convenient to store

CHARGING LOCATION

HOME

SHOP NOW

LEVEL 2

GM PowerUp Charger

Efficient Level 2 hardwired or plug-in charging.

- Up to 9.6-kW/40-amp output when plugged in to a 240-volt outlet[1]
- Up to 11.5-kW/48-amp output when hardwired[1]
- Allows for indoor or outdoor mounting
- Includes a convenient, 25-ft. charging cord that is easy to connect and convenient to store

CHARGING LOCATION

HOME WORK/DEPOT

SHOP NOW

LEVEL 2

GM PowerUp+ Charger

Efficient Level 2 hardwired charging.

- Up to 19.2-kW/80-amp output[1]
- Must be installed by a professional
- Allows for indoor or outdoor mounting
- Includes a convenient, 25-ft. charging cord that is easy to connect and convenient to store

CHARGING LOCATION

HOME WORK/DEPOT

SHOP NOW

Get Expert Installation

Choose your charging solution and leave the installation to us. We work with industry experts that can determine the best plan of action for getting your infrastructure in place and execute the installation process.

GET STARTED

1 Level 2 charging requires professional installation. Add to a NEMA 14-50 Plug when plugged into a 240-volt wall outlet. Actual rates will vary based on battery condition, output of charger, vehicle settings, and outside temperature. See vehicle Owner's Manual for additional limitations.

1 Premium paint; additional charge. **2** On a full charge based on development testing and/or analytical projection consistent with SAE J1634 revision 2017 – MCT. Range subject to change prior to production. Actual range may vary based on several factors, including ambient temperature, terrain, battery age and condition, loading and how you use and maintain your vehicle. EPA-estimate not yet available. **3** Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information. **4** Services subject to user terms and limitations. Certain services require working electrical system, cell reception, and GPS signal. OnStar links to emergency services. See onstar.com/businesssolutions for details. Availability subject to change. **5** Actual charge times will vary based on battery starting state of charge, battery condition, output of charger, vehicle settings and outside temperature. See the vehicle Owner's Manual for additional limitations. **6** Service varies with conditions and location. Requires an active service plan and paid AT&T data plan. See onstar.com for details and limitations. **7** Google built-in services are subject to limitations and availability may vary by vehicle, infotainment system and location. Select service plan required. Certain Google actions and functionality may require account linking. User terms and privacy statements apply. Google, Android Auto, Google Play and Google Maps are trademarks of Google LLC. **8** Driver Attention Assist may not always detect the driver's attention status accurately. Driver Attention Assist is an assistance service, and the driver should always pay attention to the road. The driver should take rest breaks when they're tired or drowsy. As the Drowsiness & Attention Assist feature is a camera-based monitoring system, keep hands off the camera and infrared LED banks to ensure the camera can see/detect/monitor the driver's face and function properly. **9** All SiriusXM services require a subscription. Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit www.siriusxm.com to see complete terms and how to cancel which includes calling 1-866-635-2349. Some services, content and features are subject to device capabilities, an active data connection enabled in the vehicle and location availability. All fees, content and features are subject to change. Content varies by subscription plan. SiriusXM and related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. Certain features and/or content may not be available unless an active data connection is enabled in the vehicle. Content varies by SiriusXM subscription plan. **10** Always pay attention while driving and when using Super Cruise. Do not use a hand-held device. Requires active Super Cruise plan or trial. Terms apply. Visit my.cadillac.com/learn for compatible roads and full details. **11** See onstar.com for details and limitations. Services vary by model. Service plan required. **12** Not compatible with all devices. **13** The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter or back cover. To check for phone or other device compatibility, see my.cadillac.com/learn for details or consult your carrier.

1 Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. **2** These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver door jamb. **3** Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer.

1 SEO solid paint color. **2** Premium paint; additional charge. **3** Behind front row. Cargo and load capacity limited by weight and distribution. **4** Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important safety and driver assistance feature limitations and information. **5** Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. See OnStar.com/BusinessSolutions for details. Availability subject to change. **6** These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. **7** Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. **8** Service varies with conditions and location. Requires an active service plan and paid AT&T data plan. See onstar.com for details and limitations. **9** Go to my.chevrolet.com/learn to find out which Bluetooth phones are compatible with the vehicle. **10** Not compatible with all devices. **11** Vehicle user interface is a product of Apple® and its terms and privacy statements apply. Requires compatible iPhone® and data plan rates apply. Apple CarPlay®, Siri®, iPhone® and Apple Music® are trademarks of Apple, Inc., registered in the U.S. and other countries. **12** Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires the Android Auto app on Google Play and a compatible Android™ smartphone. Data plan rates apply. You can check which smartphones are compatible at g.co/androidauto/requirements. Android and Android Auto are trademarks of Google LLC. 13 To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hooks section of your Owner's Manual.

1 A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. **2** Whichever comes first. See dealer for limited warranty details. **3** See warranty booklet/manual for details.

WARRANTY BENEFITS

ENJOY ADDED CONFIDENCE WITH COURTESY SERVICES

Every new vehicle purchase comes with a bundle of benefits that can help keep your drivers on the road and your business running smoothly.

ROADSIDE ASSISTANCE[1]

Help is waiting if your drivers have a flat tire, run out of gas or find themselves stranded. Specially trained advisors are available 24 hours a day, 365 days a year to help them get back on the road.

- **Chevrolet/GMC Qualified Fleet Customers:** 5 years/100,000 miles[2]
- **Chevrolet/GMC Retail Customers:** 5 years/60,000 miles[3]
- **Buick:** 5 years/60,000 miles[3]
- **Cadillac:** 6 years/70,000 miles[3]
- **Qualified Cadillac Professional Vehicles With the ZR3 Option:** 3 years/150,000 miles[3]
- **Qualified XT5 Fleet Vehicles With the BQ9 and V4U Options:** 6 years/100,000 miles[3]
- **Electric Vehicles:** 8 years/100,000 miles[3]

(NOTE: Eligible non-tow service coverage duration varies for Chevrolet, GMC, Buick and Cadillac EVs.)

COURTESY TRANSPORTATION[4]

Courtesy Transportation provides alternative means of travel and/or reimbursement of certain transportation expenses if your eligible fleet vehicle requires warranty repair.

- **Chevrolet/GMC Qualified Fleet Customers:** 5 years/100,000 miles[2]
- **Chevrolet/GMC Retail Customers:** 5 years/60,000 miles[3]
- **Buick:** 5 years/60,000 miles[3]
- **Cadillac:** 6 years/70,000 miles[3]
- **Qualified Cadillac Professional Vehicles With the ZR3 Option:** 3 years/150,000 miles[3]
- **Qualified XT5 Fleet Vehicles With the BQ9 and V4U Options:** 6 years/100,000 miles[3]
- **Electric Vehicles:** 8 years/100,000 miles[3]

(NOTE: Eligible non-tow service coverage duration varies for Chevrolet, GMC, Buick and Cadillac EVs.)

INCLUDED MAINTENANCE

Technicians at more than 4,000 Chevrolet, GMC, Buick and Cadillac dealers nationwide are trained to help keep your vehicles running in optimum condition for the road ahead. With your new vehicle purchase, enjoy one maintenance visit within the first year of vehicle delivery[5]. Depending on the model, services could include:

- **Oil and Filter Change**
- **Tire Rotation**
- **Multi-Point Vehicle Inspection (MPVI)**

1 Roadside service provided by Allstate Roadside Services for vehicles only. Limitations and restrictions apply. **2** Whichever comes first. A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. **3** Whichever comes first. See dealer for limited warranty details. **4** If the vehicle has a warrantable failure, see your Owner's Manual for full details on the Courtesy Transportation program. **5** Includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of oil change, tire rotation, and Multi-Point Vehicle Inspection. Service will be performed using ACDelco dexos1® Full Synthetic oil and ACDelco filter. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9. For Chevrolet/GMC Diesel models, maintenance includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change, tire rotation, and Multi-Point Vehicle Inspection and Diesel Exhaust Fluid (DEF) II. Service will be performed using ACDelco dexos2 or Mobil Delvac™ 1300 CK4 oil and ACDelco filter and ACDelco Diesel Exhaust Fluid. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9. Chevrolet Corvette maintenance includes one required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change and Multi-Point Vehicle Inspection. Service will be performed using Mobil 1 ESP 0W40 oil and ACDelco Filter. Service visits must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9.

BUSINESS ELITE & MEDIUM DUTY DEALER NETWORKS

2024 Chevrolet Silverado 3500 HD Chassis Cab shown.

BUSINESS ELITE

Our Chevrolet and GMC Business Elite dealers understand your business and uptime needs. Their primary focus is on you, the commercial customer. You can rely on their expertise to help you get the right vehicle selection, services and solutions you need, keeping your vehicles on the road and helping your business grow.

CUSTOMIZED SOLUTIONS

Business Elite dealers take the time to learn about your challenges and offer solutions to help build a fleet that grows with your business.

- Offer a diverse lineup of commercial vehicles
- Connect you with an upfitter[1] that can equip your vehicle to meet your job requirements
- Discuss total cost of ownership while offering business financing and leasing options

EXCEPTIONAL CUSTOMER SERVICE

Business Elite service departments are set up to provide business-centered benefits.

- Facilities, tools, equipment and certified technicians to accommodate your specific needs
- Extended service hours and priority service to minimize downtime

MEDIUM DUTY TRUCKS

A nationwide network of 535 Chevrolet Medium Duty dealers, ready to meet your fleet's needs.

Chevrolet Medium Duty dealers have the ability to order, sell and service Silverado Medium Duty and Low Cab Forward vehicles in addition to offering the full lineup of Chevrolet vehicles.

CHEVROLET

MEDIUM DUTY TRUCKS

Dealers are equipped with:

- Capable-sized lifts and service bay areas
- Facilities to provide maintenance on your units
- Specialty tools
- Factory trained to service units

Visit gmenvolve.com/fleet and select "Locate a Dealer" to find a Business Elite or Medium Duty dealer near you.

1 Upfits are provided by independent suppliers. GM is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by any such supplier.

HOW TO ESTABLISH A NEW GM ENVOLVE

FLEET ACCOUNT NUMBER (FAN)

DETERMINE IF A PROSPECT IS QUALIFIED

Fleet Account Numbers are assigned to Qualified Fleet Users (defined below) upon application to General Motors and GM Envolve (GM) through the GM Fleet Account Number System (GMFANS).

ENROLLMENT FORM TERMS AND CONDITIONS

A “Qualified Fleet User” is defined as, subject to below exclusions, any business entity that: (a) has purchased or leased five (5) or more new vehicles (any combination of vehicle manufacturers) principally for business use by such business entity in the United States within the last 12 months; (b) currently owns or leases five (5) or more medium duty trucks (any combination of vehicle manufacturer) principally for business use by such business entity in the United States or purchases/leases one (1) medium duty truck from a participating Medium Duty Assistance Program (MDAP) distributor; or (c) currently owns or leases fifteen (15) or more vehicles (any combination of vehicle manufacturer) used principally for business use by such business entity in the United States. Vehicles must be titled and registered in the business name (personal vehicles are excluded). If a proposed enrollee is qualified as a customer, a GM dealer is required to submit a fleet enrollment application. Supporting documentation must be retained by the dealer and made available to GM upon request (including all titles, registrations, and proof of insurance). The proposed enrollee may be asked for additional documentation.

NOTE: Entities deemed eligible for a Government FAN, with a minimum of one (1) vehicle, are exempt from having to provide vehicle eligibility documents. Examples of government entities are federal/state/county/city agency, town/township/village or municipality, public education system, or government owned-operated utility or railroad. Dealers can refer to the current 24-00 Government Bid Assistance Policies and Procedures bulletin.

A Qualified Fleet User will not include any of the following: OEM and OEM dealers; dealer rental, dealer lease, or dealer parts companies; used car businesses or dealerships; brokers or any other similar entities as determined by GM in its sole discretion. Further, entities listed on GM’s suspected exported/reseal list will not be deemed a Qualified Fleet User, and in the event a FAN has already been issued, such FAN will be immediately terminated.

New Fleet or Commercial motor vehicles ordered must be delivered to the same Qualified Fleet User (using the same GM FAN). Vehicles delivered to a Qualified Fleet User must be reported with a fleet delivery type. In addition, vehicles must be kept in fleet service by the same Qualified Fleet User for a minimum of twelve (12) months, or 12,000 miles, whichever occurs first, from the date of delivery unless a different fleet service requirement is specified in the program guidelines provided by GM under a Competitive Assistance Program agreement. However, if a vehicle has been damaged beyond repair (i.e., fire, frame, or water damage, etc.) and documentation is available to support the condition, this provision will be waived.

The Qualified Fleet User, by executing the enrollment form, certifies it is a Qualified Fleet User, acknowledges the Fleet Program Guidelines referenced herein, and agrees to comply with any and all GM requirements, including the terms and conditions of the Enrollment Form and any Competitive Assistance Program agreement if one is signed.

The Qualified Fleet User further agrees to provide, upon request by GM or the selling dealer, access to review original business records confirming that vehicles were, and continue to be, registered, used, and transferred only in accordance with GM Program Guidelines. In the event (1) a Qualified Fleet User orders new motor vehicles from a dealer and identifies them as fleet units eligible for GM Fleet programs and those vehicles are not used by a Qualified Fleet User in accordance with Program Guidelines or (2) GM declares that any other actions of a Qualified Fleet User are inconsistent with this program, GM will take appropriate action, in its sole discretion and with or without notice to the Qualified Fleet User, which may include the disqualification of the Qualified Fleet User and/or dealer from future participation in GM Envolve, and the issuance of fleet charge back against the dealer or identified Qualified Fleet User for any special allowances, incentives, special option packages or other promotional programs which GM paid or credited the dealer or identified Qualified Fleet User as a result of inaccurate representation. In the event of such a chargeback to the dealer, the Qualified Fleet User agrees to reimburse the dealer.

HOW TO ESTABLISH A NEW GM ENVOLVE

FLEET ACCOUNT NUMBER (FAN)

IF A PROSPECT IS QUALIFIED

A General Motors dealer is required to submit an enrollment application through GM GlobalConnect. The enrollment application can be found on the GM Global FANS website. The following information is required:

1. Name of business
2. Physical address
3. Phone number
4. Copies of titles, registrations or proof of insurance of minimum vehicle requirement, in the company name
5. Completed Qualified Fleet User enrollment form

Upon completion of the enrollment form on the website, the dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued, and the requesting dealer will be advised of the FAN via online application and email.

All supporting documentation of the prospect's fleet eligibility must be retained by the dealership submitting the enrollment application.

STANDARD FLEET ELIGIBILITY GUIDELINES

Unless otherwise indicated, the following eligibility guidelines will apply to all fleet incentive/allowance programs:

A. The order period will begin with the announcement of the 2025 model year fleet incentive programs and end when dealers are notified that 2025 model year orders are no longer being accepted by the respective GM divisions.
B. The delivery period is the start of 2025 production.
C. Qualified Fleet Users are not allowed to export vehicles outside of the United States, and upon any violation in GM's sole discretion, the FAN will be immediately terminated.
D. All qualified fleet orders for eligible models received from dealers must contain a valid fleet order type.
E. All qualified fleet orders for eligible models received from dealers must contain the FAN of record and the FAN account name.
F. Dealer Order Acknowledgments must be checked to verify accuracy of orders submitted.
G. Dealer orders currently on hand or in the system that qualify under these programs, except that they do not contain the appropriate processing options, can be amended or canceled and reordered if they have not been approved for production. This is the ordering dealer's responsibility.

ABOUT THIS GUIDE

THIS MATERIAL IS NOT INTENDED FOR, OR APPROVED FOR USE IN, ADVERTISING

We reserve the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of release — please check with your GM dealer for complete details. Competitive comparison claims are based on most current competitive information. GM reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

The vehicles described in this guide are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly. Some of the equipment shown or described throughout this guide may be available at extra cost and/or supplied by an independent supplier.

See your local GM Envolve Account Executive or Dealer Fleet/Commercial Sales Manager or go to gmenvolve.com for up-to-date information.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.
