We recommend that you read this manual carefully so that you can fully take advantage of the advanced and convenient functions of the Portable Speaker System. We also recommend that you keep this manual in a safe and handy place for future reference.

ACAUTION

WARNING! DON'T OPEN THE MACHINE TO AVOID ELECTRIC SHOCK, PLEASE ASK HELP FROM PROFESSIONAL TECHNICIANS.

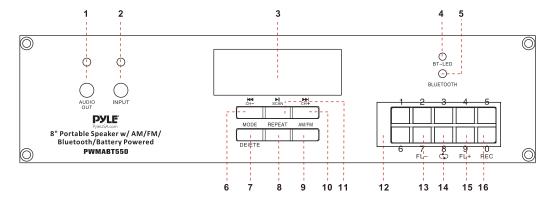

SAFETY INSTRUCTION

- 1. Read this manual carefully before using. Retain for future reference.
- 2. All warnings on the speaker and in the operating instructions should be adhered to.
- 3. Do not use this apparatus near water.
- 4. Do not block any of the ventilation openings. Install in accordance with the manufacturers instructions. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat. Do not install the speaker in an airtight location.
- 5. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 6. Switch OFF and unplug then use a soft cloth to clean the exterior of the unit if it becomes dirty. If necessary, use a damp cloth that has been wrung out well to wipe it.
- 7. Unplug this apparatus during lightning storms or when unused for long periods of time.
- 8. Keep foreign objects and liquid from entering the unit to avoid a short circuit, fire and electrical accidents.
- 9. Place the speaker in a dry location.
- 10. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
