ÄPPLARÖ

Outdoor Living Furniture Series

Fits your lifestyle and outdoor space

Want a bed for sunning on your balcony? A table for your next backyard party? Storage for garden tools and cushions? ÄPPLARÖ is a complete series with everything you need to customize your outdoor room, whether it's a small balcony or a large yard. Low seating units, tables, chairs, stools, storage benches, wall panels and more. And with ÄPPLARÖ/KLASSEN grill, cart and storage cabinet, you can even create an outdoor cooking area.

Durable material with natural feel

All products in the ÄPPLARÖ series are made of sustainably sourced solid acacia or white painted solid eucalyptus. Solid wood is commonly used in outdoor furniture because of its natural feel and durability. All ÄPPLARÖ pieces have been pretreated with several layers of wood stain or paint to protect the wood and to prolong the time before any maintenance is needed.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

Protecting and caring for ÄPPLARÖ

The best way to extend the life of your wooden outdoor furniture is by cleaning it regularly, not leaving it outdoors unprotected more than necessary and to restrain it on a regular basis.

Cleaning

Wipe clean with a soft cloth dampened in water and a mild soapy solution. Wipe dry with a clean and dry cloth.

Maintenance

Brown-stained wood

To prevent the surface from drying out and cracking, and moisture from penetrating into the wood, we recommend you restrain the furniture on a regular basis, for example once a year. How often you will need to do this will depend on how exposed the furniture is to the elements. For furniture that stands in the open air, a good indication that you need to restrain is if raindrops are absorbed directly into the wood and no longer form small beads on the surface.

White-painted wood

As long as the paint is fresh, it is sufficient to clean the furniture regularly. If the paint should begin to flake or look worn you can repaint the furniture or touch it up where needed. Use paint for outdoor use.

Storing

If possible, store your outdoor furniture in a cool and dry place indoors. If the furniture is left outdoors, make sure to protect it with a waterproof cover and if possible tilt the furniture to make it easier for any water to drain away. After a rain or snowfall, wipe off excess water or snow from flat surfaces. Allow air to circulate to avoid condensation.
