## What's included in your Insteon Starter Kit
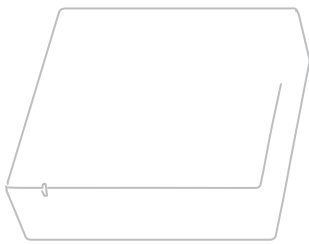

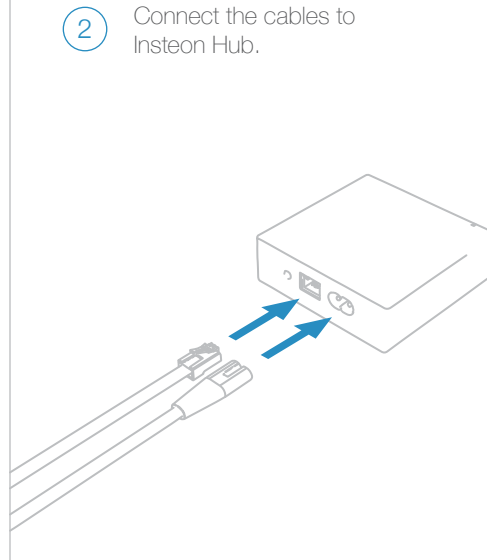

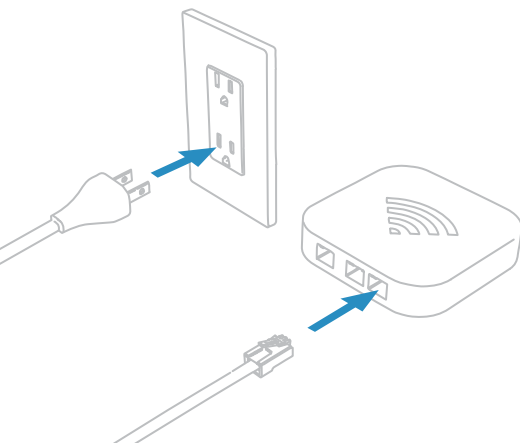

| Insteon Hub | On/Off Modules | Ethernet Cable | Power Cable |

---

① Connect the ethernet cable to your router and plug in the power cable.
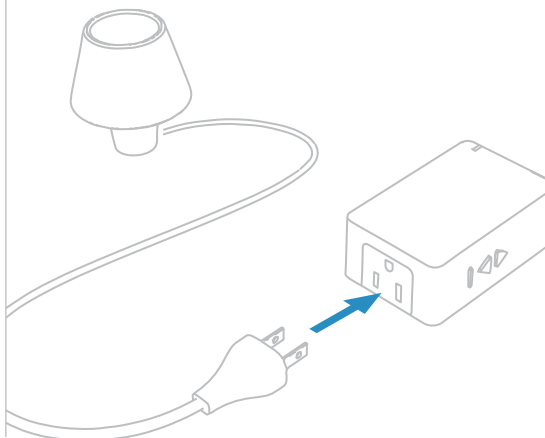

② Connect the cables to Insteon Hub.

③ Download the **Insteon for Hub** app from your device's app store and create a new account.

④ Follow the on-screen instructions to scan the Setup Code and configure Insteon Hub.

⑤ Turn on your lamp or appliance and connect it's power cord to On/Off Module.
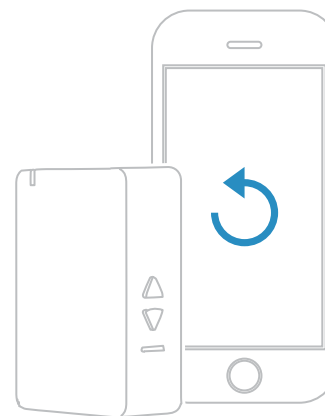

⑥ Plug On/Off Module into a power outlet.

⑦ Return to the Insteon app, tap Plug-in Device and follow the on-screen instructions.

⑧ When prompted, press and hold On/Off Module's set button until you hear a double-beep.

⑨ Repeat steps five through eight for the second On/Off Module.

Go further and create schedules to turn your lights on and off at specific times.
