

Under Armour® Sport Wireless Train – Engineered by JBL®

Wireless on-ear headphone built for the gym

Built Durable to Endure Anything.

UA Sport Wireless Train headphones are built for the gym. SuperVent ear cushions keep them cool and dry while Under Armour grip material provides a soft feel and maximum stability. UA Train headphones elevate every rep with big, wireless JBL Charged Sound. With a simple touch of the UA logo, TalkThru technology is enabled so you can talk to your training partner or coach without having to remove the headphones. Oversized controls are easy to access during an intense training session and a 16-hour battery with Speed Charge delivers an hour of playback on just five minutes' charge. Tested and designed by athletes for durability, they're moisture resistant and the ear cushions are hand washable. With UA Sport Wireless Train, you can get the most out of your workout.

Under Armour® Sport Wireless Train – Engineered by JBL®

Wireless on-ear headphone built for the gym

Features and Benefits

Under Armour Fabric Technology

Featuring two of Under Armour's unique fabric technologies, UA Sport Wireless Train is built for the gym. UA SuperVent lines the outer ear cushions and delivers true breathability in a light, durable, fast-drying fabric that is removable and hand washable. The Under Armour grip material completely lines the inner headband and ear cushions, providing a soft feel and maximum stability.

16-hour Speed Charge battery

Wireless sound that lasts long and recharges quickly. One hour of workout time on just 5 minutes' charge.

Multifunction TalkThru button

TalkThru technology drops music down and turns on speech-optimized, noise-cancelling mics so you can easily talk between sets without removing your headphones. You can also mute your mic in calls, and trigger Siri® or Google Now™.

Bluetooth® wireless

Easy-to-connect Bluetooth® technology delivers cable-free, zero-distraction performance.

JBL Charged Sound

Bold sound tuned for sport with rich bass to crush your workout.

Oversized controls

Oversized controls with premium finishes provide durability and easy access.

Rugged durability

Rugged design with an IPX4 rating, these headphones are tested by athletes to withstand sweat, the demands of training and being tossed in and out of your gym bag.

Compact Transport

Rugged metal hinges fold earcups into the headband, and a molded hard case with SuperVent helps protect and dry between workouts.
