

Maxos fusion

LL512T 4x2.5+4x1.5 Gen2 BK 1PCS

LL512T | Maxos fusion Rail

Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With an electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future layout changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

Product data

General Information		Full product name	LL512T 4x2.5+4x1.5 Gen2 BK 1PCS
Service Tag	Yes	Full EOC	871951477256400
Value ladder	Specification	Order code	77256400
Mechanical and Housing		Material no. (12 NC)	910925869466
Net Weight (Piece)	1.570 kg	Numerator – quantity per pack	1
Approval and Application		EAN/UPC – Product/Case	8719514772564
CE mark	Yes	Numerator – packs per outer box	1
EU RoHS compliant	Yes	EAN/UPC – Case	8719514772564
Product Data		Product family code	LL512T [Maxos fusion Rail]
Order product name	LL512T 4x2.5+4x1.5 Gen2 BK 1PCS
