Fleet Guide App

- The Fleet Guide is available in a convenient, easy-to-use App¹⁴ for Apple iPad and Android tablets
- Available in the App Store or Google Play, simply search for “GM Fleet”
- Install the App now to get the 2016 Guide

It is a pleasure for me to introduce you to the General Motors 2016 product lineup. With nearly 60 vehicles in our product portfolio today, we offer you a breadth of choices to meet all of your fleet needs. While we are extremely proud of every car, crossover, truck and van we sell, we at GM Fleet & Commercial offer you much more. What sets us apart is the extra value we deliver through our team of professionals, the innovative business solutions we provide and the services in place to keep your fleet up and running efficiently and cost effectively.

The bottom line: We promise to deliver on our three key pillars:

Great Products – Innovative Business Solutions – Exceptional Customer Experience

Great Products

Our extensive number of offerings from Chevrolet, Buick, GMC and Cadillac will continue to grow, as we will invest \$9 billion in new products, plants and equipment this year alone. Across the board, these vehicles are loaded with the technologies that matter to you and your business, and you can count on them to deliver the best quality, reliability, durability, fuel economy and safety, along with great warranty coverage.

Innovative Business Solutions

We know that our vehicles need to do more for our customers so they can meet the challenging demands of a competitive marketplace. That's why we offer a variety of innovative business solutions. We can provide you with the latest features that make your mobile office more functional. A huge advancement in this space is the available OnStar 4G LTE high-speed mobile broadband technology that keeps your drivers connected no matter where the job takes them. In addition, we have accessories and storage solutions that can organize your cargo, and we work with professional upfitting partners who can match quality equipment with your specific vocational demands. Basically, we have turn-key solutions for any vehicle and utility need you may have.

Exceptional Customer Experience

Beyond the great products and business solutions, we can provide you with a customer experience you won't find anywhere else in the industry. Everyone at GM Fleet & Commercial, from our sales and service professionals to our experts at the Fleet Action Center, is focused on addressing your questions and concerns. We are not just another supplier of vehicles. We are a solid, reliable business partner with fleet expertise and responsive service that you can count on.

Our top priority is **to help you succeed at what you do**. In the year ahead, as you make plans to refresh your vehicle fleet, we hope you will consider General Motors. You can be sure that we will go out of our way to exceed your expectations.

Thank you,

A handwritten signature in black ink that reads "Ed Peper".

Ed Peper
U.S. Vice President
GM Fleet & Commercial Sales

NOTE: To hear from other customers about the value they get through their partnership with GM Fleet & Commercial, visit www.gmfleet.com/stories and watch the "Stories from the Road" series.

Our Truck Lineup Gives You ... **Strength in Any Size**

You need the right truck for the job. Our lineup gives you the choice of strength in any size — the all-around capability of the Silverado 1500, the strength of the new Silverado HD, and the versatility of our midsize Colorado. And every one of these trucks offers outstanding performance, pulling power, payload, innovation, safety and capability. We also give you the value and versatility necessary to meet your business needs with diverse cab types and configurations to fit the job at hand, including regular, double and crew cabs. Plus, our HD trucks run on a wide range of alternative fuels.

Colorado: Big Truck Capability in a Smaller Package

Colorado is the midsize truck reinvented that offers:

- Best-in-class available fuel efficiency with an EPA Est. Avail. 27 MPG hwy²⁶
- Ingenious technologies like the available Chevrolet MyLink¹⁸ with Navigation
- Exceptional available safety features
- New for 2016: 2.8L Duramax turbo diesel

Silverado: Unprecedented Versatility

As the most dependable, longest-lasting full-size pickups on the road,²⁷ Silverado 1500 offers:

- Innovative features like the corner step rear bumper
- Three cab configurations
- Three powertrains
- Over a ton of available payload
- Up to almost six tons of available trailering capability

Silverado HDs: Raising the Bar

Silverado HDs raise the bar for what you can accomplish by offering:

- Best-in-class maximum available conventional towing capability⁶ of 19,600 lbs.
- Maximum payload capacity⁵ of 7,180 lbs.
- 17 cab/box/drive/rear wheel combinations

We also offer advanced technology in every size. Our trucks enable you to stay connected with your business and your customers because available OnStar with 4G LTE and Wi-Fi Hotspot²¹ turns your truck into a reliable mobile hub — a feature available across most of our line-up the competition can't match.

We also know Cost of Ownership is important to you. That's why every truck in our lineup comes with a maximum of two maintenance²⁴ events over 2 years or 24,000 miles along with other features like Roadside Assistance and Courtesy Transportation that can also help you save time and money.

Innovative Leading-Edge Technology

Electric Vehicles

GM innovations and strategy have become a reality with the Cadillac ELR, all-new 2016 Chevrolet Volt and the all-electric Chevrolet Spark EV. With a charged battery, most Volt and Spark drivers can commute gas-free and tailpipe emissions-free for about \$1.70 of electricity per day.²⁸ That's because, for example, the 2016 Volt has a battery range of 50 miles and a total range of 420 miles²⁹ with the help of an on-board gas generator. Both vehicles also offer technology like regenerative braking to capture energy that would otherwise be lost and liquid thermal conditioning which helps guarantee the best performance from the battery and ensures its longevity. And both Volt and Spark offer a comprehensive battery warranty — an 8-year/100,000-mile (whichever comes first) battery warranty.²³

eAssist

eAssist is a light electrification solution that can enhance fuel efficiency on our vehicles with that option. This system has a lithium-ion battery and a small electric motor. When the vehicle stops the engine can turn off to conserve fuel and allow all accessories to run on battery power. While running at highway speeds the battery power and the electric motor work to assist the engine in acceleration and help keep the engine at low rpm to maintain optimum fuel-saving efficiency.

E85 Ethanol

GM's FlexFuel vehicles can run on E85⁹, gasoline or any combination of the two. Comprised of up to 85% ethanol and 15% gasoline, E85⁹ is a domestically-renewable fuel that can be made from U.S.-grown agriculture like switchgrass, wood and corn. E85⁹ helps reduce our dependence on petroleum and burns cleaner than gasoline, which helps reduce greenhouse gases.

B20 Biodiesel

As an alternative fuel option, GM's 2016 lineup of heavy-duty pickups and full-size vans can be powered by Duramax 6.6L V8 turbo diesel engines with B20 biodiesel capability. B20 fuel is a blend of 20% biodiesel and 80% conventional diesel. It has lower tailpipe emissions than petroleum-based diesels and is primarily domestically produced from renewable resources. The Chevrolet Cruze Limited also offers a Clean Turbo Diesel. Clean diesels generate at least 90% less Nitrogen Oxide (NOx) and particulate emissions when compared to previous-generation diesels. For more information, please visit our website at <http://www.gmfleet.com/overview/alternative-fuel-vehicles.html>.

A Complete, Integrated Compressed Natural Gas (CNG) Solution

Whether it's meeting company-wide initiatives or government standards, Fleet Managers face many challenges. GM offers a CNG option for Fleet and Commercial customers.

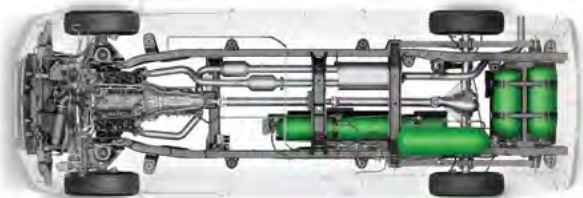

The option is available for ordering on Chevy Express and GMC Savana 2500 and 3500 Cargo and Passenger Vans as well as the Chevy Silverado and GMC Sierra 2500/3500 HD trucks.

Express and Savana 2500 and 3500 Cargo and Passenger Vans

- Ordering is easy – just choose a three- or four-tank system and your Sales Consultant checks the order box. FHZ is the regular production option for the compressed natural gas fuel system.
 - (UFM) Three-tank system provides a range of up to 200 miles.³⁰ Underbody tanks allow for use of complete cargo area.
 - (UFP) Four-tank system provides a range of up to 300 miles.³⁰ This system adds a single tank in the driver's side of the cargo area, just inboard of the wheel well.
- The vehicle is built with a gaseous fuel-ready 6.0L Vortec V8 engine. The fuel delivery/storage systems are added using a dual-stage manufacturing, single-invoice process. The ordering system allows you to then take advantage of the many upfitters available for cargo management solutions or other customization.

THREE-TANK SYSTEM

FOUR-TANK SYSTEM

Bi-Fuel Vehicles

Bi-Fuel Silverado and Sierra 2500HD and 3500HD Trucks

- Each truck uses a Vortec 6.0-liter V8 engine that allows you to seamlessly switch between CNG and gasoline
- The combined 17 GGE CNG and 36-gallon gasoline tank provide a range of more than 625 miles³⁰
- In addition, they also offer an impressive amount of options and configurations, including standard and long-box and two- or four-wheel drive in all cab models

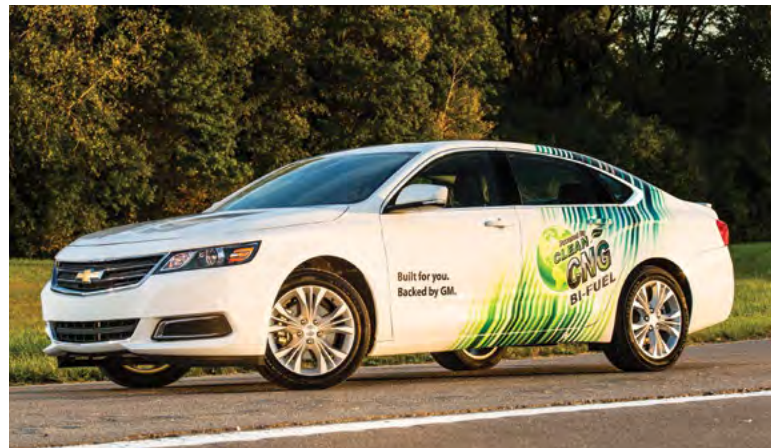

The CNG fuel delivery and storage system is covered under GM's limited powertrain warranty and is serviceable by most Chevrolet and GMC Dealers. Plus all CNG components have GM service part numbers for broad availability, providing you with peace of mind that parts will be available to keep your vehicles on the road.

Bi-Fuel Impala

The 2016 Chevrolet Bi-fuel Impala is a manufacturer-produced full-size sedan capable of running on either CNG or gasoline.

The Bi-Fuel Compressed Natural Gas CNG Impala is shipped as a complete vehicle that is system-ready and features:

- 3.6L DOHC V6 PFI Gaseous engine
- 7.8 GGE fuel tank
- 6-speed automatic, electronically-controlled transmission with overdrive

Ordering is easy; use FHV to order the Bi-Fuel Compressed Natural Gas CNG fuel system and LFR to order the 3.6L DOHC V6 PFI Gaseous engine.

The 2016 Bi-fuel Impala is also covered by Chevrolet Complete Care; this is a comprehensive package of benefits that includes a maximum of two maintenance²⁴ events over 2 years or 24,000 miles along with Roadside Assistance, bumper-to-bumper/powertrain/anti-corrosion warranties and available OnStar services. Plus you get the peace of mind knowing the CNG fuel delivery and storage system is covered under GM's limited powertrain warranty and is serviceable by most Chevrolet Dealers.

Connected Vehicle Technologies

OnStar®

As a fleet manager, you can keep your fleet business on track with factory-installed OnStar¹. You'll have access to powerful information that you can use to optimize your business and help ensure the safety of your drivers. With a variety of services, you can choose the plan and price that best fits your fleet's needs.

Here are the available plans and the services they include:

BASIC PLAN ²⁵	PROTECTION PLAN	SECURITY PLAN	FLEET GUIDANCE PLAN ⁴³
- OnStar RemoteLink Mobile App³⁶ (with limited RemoteLink services) - Vehicle Diagnostics³¹ - Dealer Maintenance Notification	Includes Basic Plan ²⁵ services along with: - OnStar Remote Services³⁷ - Automatic Crash Response³⁸ - Emergency Services - Crisis Assist - Roadside Assistance³⁹	Includes Protection Plan services along with: Stolen Vehicle Assistance⁴⁰	Includes Security Plan services along with: - Turn-by-Turn Navigation⁴¹ - AtYourService⁴² (Note, does not include Hands-Free calling)

OnStar also offers the largest deployment of 4G LTE²¹ services in the auto industry. This capability features all of the incredible services and benefits you expect from OnStar by offering available built-in Wi-Fi²¹ capability that turns your vehicle into the ultimate mobile workstation:

- Seamlessly connect up to seven mobile devices
- Reliable Internet access on the go
- A more powerful connection than a smartphone or mobile hotspot
- Maintain a connection up to 50 feet from the vehicle

Visit <http://www.gmfleet.com/technology/connected-vehicle.html> for more information or to download the brochures covering OnStar Large Fleet Plans and Pricing and 4G LTE Wi-Fi Hotspot Plans and Pricing for Fleet Managers.

Commercial Link

When it comes to your business, nothing matters more than staying one step ahead. That's why Commercial Link gives you the ability to track the vehicles that operate your business more efficiently than ever before. Commercial Link helps you manage your vehicles with:

Location — GPS Location Tracking⁴⁴

Track any of your vehicles and even view their location history, all from your mobile device or computer.

Fuel — Fuel Efficiency

If there's one thing you can appreciate, it's cost savings. Monitor your vehicles' fuel consumption over time with the help of fuel efficiency reports.

Speed — Speed (Absolute and Average)

Help keep your drivers safe by easily monitoring your vehicles' speed, vehicle maintenance and speed alerts.

Maintenance — One Step Ahead

When you have the knowledge, you have the power. Receive service and maintenance notifications, helping to reduce downtime. Better still, these alerts mean removing the need for manual driver checklists, helping to optimize your time and money.

Reporting — The Right Answers

Set threshold notifications and alarms to receive the custom reporting you want and need. Best yet, enjoy the ease of consolidated reporting for simple end-of-year analysis.

To learn more, check out gmcommerciallink.com.

Fleet Telematics

GM offers fleet telematics solutions designed to help reduce costs and improve productivity. Customers can select from a wide array of available vehicle information to ensure they are getting the business intelligence they need. Actionable data includes vehicle location, odometer, fuel consumption, remaining oil life and much more. Some examples of what customers can do with this powerful information include route optimization, real-time work order management, monitoring vehicle location, and efficiently scheduling maintenance, just to name a few.

Relying upon the OnStar technology that is available on most vehicles, these solutions are very cost-effective as no additional hardware expense needs to be incurred. The vehicle data is sourced from the factory-installed hardware and, therefore, is reliable and tamper-resistant.

To make it easy to get started, GM has partnered with Telogis, a global leader in telematics solutions. Telogis translates the vehicle data into the actionable information needed to make an immediate impact on a customer's business. Go to www.telogis.com/gm for more information.

Or, for customers seeking customized solutions, work directly with GM by visiting <https://developer.gm.com>.

GM FleetTrac — Consolidated Billing Program

Maximum Driver Convenience with Reduced Administration for You

GM FleetTrac simplifies the vehicle maintenance process for fleets of all sizes and types. This program offers consolidated billing and additional features that reduce the administrative burdens associated with fleet maintenance, providing fleet drivers and managers with unsurpassed convenience.

GM FleetTrac allows you to take advantage of the GM dealer network, GM certified technicians, specialized diagnostic equipment, GM technical support and quality GM parts – all at competitive market pricing – and to receive one monthly consolidated invoice.

GM FleetTrac is your management tool – designed to help manage costs, reduce your administration burden and keep your drivers on the road.

For more information or to enroll, visit us at www.gmfleettrac.com.

In-Vehicle Driver-Centric Technology

We live in an age of seamless connectivity. Drivers deserve their vehicle to help keep them connected to the information and entertainment that helps make their lives better, simpler, more in touch.

That's why many of our vehicles offer an advanced suite of technology and entertainment services. In Chevrolet vehicles, it is called MyLink¹⁸. Buick and GMC offer the suite under the name IntelliLink¹³. In Cadillac vehicles, the system is called Cadillac CUE¹³ – for Cadillac User Experience. Our vision is to empower our customers to maximize their enjoyment and customize their in-vehicle entertainment experience – simply and with a robust array of choices.

These systems retain all of the capabilities of today's entertainment units, including AM/FM/XM tuners, auxiliary inputs and USB¹² inputs. Front and center in many of our vehicles is a high-resolution, full-color touch screen display that makes the new media system more usable, informative and attractive.

Text messaging and stereo audio streaming from smart phones – via a wireless connection that, integrated through Bluetooth,¹¹ builds on the usual hands-free phone capabilities already offered in most of our vehicles. A Gracenote database built into the system makes it easier for drivers to pick tracks stored locally on their smart phones or other media devices to play.

What's more, the flexibility of interaction is paramount. When properly equipped, vehicles with these systems enable drivers and passengers to interact via touch-screen, steering wheel control or voice control with equal ease.

All of this is for a simple-yet-powerful reason: Connectivity matters. The philosophy driving our in-vehicle connectivity advancements can be just as simply stated: Offer in-car entertainment systems that are intuitive to use and keep drivers connected to the rest of their lives.

We offer the best customer experience in the industry!

Our dedicated team of professionals “put the customer first in everything they do ... every single day” and they are focused entirely on making sure you are a satisfied customer.

Fleet Account Executives – Sales, Service and Government

Our Fleet Account Executives are located in every region of the country and they are focused on building relationships with you. They work hard to understand your business needs so that they can provide you with insightful solutions to help you manage your fleet. In addition, our Fleet Account Executives on the service side of the business provide the product and technical support to keep your fleet operating at peak efficiency.

Fleet Action Center

By calling 1-800-FLEETOP (353-3867), between 8:00 AM to 6:00 PM, Monday-Friday, you can be connected with a professional who is knowledgeable and experienced in the fleet & commercial business. The Fleet Action Center can help with your fleet account inquiries, incentives/programs, order management, vehicle logistics and service questions. The professionals in the Fleet Action Center have answered nearly 1.2 million calls since opening on March 6, 2000.

Dealer Network

Coast to coast, no matter where you are, we have more dealers to serve you than any other manufacturer. While all GM dealers are customer focused and passionate about our products, Chevy and GMC Business Elite Dealers specialize in selling and servicing commercial vehicles. From dedicated dealer representatives who understand your business needs to extended service hours as well as work ready loaners, Business Elite Dealers work hard to keep you on the road and your business running efficiently.

District Managers – Commercial

District Sales Managers are available to help you develop your commercial and non-fleet commercial sales volume and share, and they will serve as a consultant when it comes to the B2B market. In addition, they will assist efforts to prospect new customers and develop owner communication strategies. You can also consider them to be your source for knowledge and guidance when it comes to alternative fuels and advanced propulsion along with all of your product and competitive training needs.

Global Team

Across national boundaries, GM's Global Fleet Team can provide the support you need. Our global specialists, along with the regional managers in nearly 150 countries, offer a one-stop shop for multinational fleets. They provide expert advice on a company's current local fleet, vehicle acquisition and legislation. They also help you manage specific regional needs and cultural preferences.

Everyone on this GM Fleet and Commercial team is dedicated to your business. We will partner with you to understand your vehicle needs and we will go out of our way to exceed your expectations.

Thank you for choosing GM!

Fleet and Commercial Digital Tools ... at Your Fingertips Wherever You Go

GMFleet.com – Desktop and Mobile

ELECTRIC DRIVE UNIT	8 years/100,000 miles ¹

1. Whichever comes first. See dealer for limited warranty details.

2. Maintenance visits must occur within two years or 24,000 miles of vehicle delivery, whichever comes first. Does not include air filters. Maximum of 2 service events. See participating dealer for other restrictions and complete details.

3. Whichever comes first. 5-year/100,000-mile warranty only available on these eligible Fleet deliveries types: Fleet Leasing Company Purchase, Business/Org Fleet Purchase, Non-Federal Government Fleet Purchase, Bid Center Support Fleet Purchase and Federal Government Fleet Purchase. See dealer for details.

4. During the 8-year/100,000-mile Hybrid warranty period, towing is covered to the nearest Chevrolet/GMC/Buick/Cadillac servicing dealer if your vehicle cannot be driven because of a warranted Hybrid-specific defect.

5. Tires also covered under the bumper-to-bumper warranty but are prorated based upon mileage. See dealer for warranty details.

Cars are our Business, but the Environment is our Cause

We are on a mission to make our industry more sustainable, from the vehicles we drive to the facilities that make them. Here are some of our environmental commitments and activities:

What Powers You Powers Us

- We're taking a stand on climate change; only automaker to sign Climate Declaration
- EPA ENERGY STAR® Partner of the Year for excellence in energy efficiency
- Global leader of EPA's ENERGY STAR® Challenge for Industry
- Among top U.S. commercial solar users

We Build Vehicles and Biodiversity

- More certified habitat programs than any other automaker
- About 5,000 acres of wildlife habitats maintained at facilities
- Longest-running conservation education program of any automaker
- 10,000 students mentored annually on water issues

Very Little Goes to Waste

- Industry-leading 122 landfill-free sites sending no waste to landfills
- Global recycling rate more than 80 percent
- 2.2 million tons recycled annually
- About \$1 billion recycling/reuse revenue annually

Transforming Transportation

- Vehicles with different fuel sources, new propulsion systems, lighter materials
- Most U.S. clean energy patents granted since 2002
- By 2017, we'll produce about 500,000 electrified vehicles annually around the globe
- Nine electrified vehicles in our global portfolio

Introducing the all-new Buick Cascada

Elevating your expectations for how satisfying a convertible can be.

Cascada mates purposeful technologies and thoughtful features with spirited performance to deliver the pure fun of driving.

Available in the spring of 2016, the all-new Cascada convertible will let you live life wide-open.

SELECT FEATURES

INTERIOR

Thoughtful features like luxurious perforated leather-appointed seats, convenient electric seatbelt presenters and comfortable dual zone climate controls elevate expectations for how satisfying a convertible can be.

EXTERIOR

Cascada's balanced proportions are accentuated by chrome accents, 20-inch aluminum wheels, a stainless steel exhaust tip and a soft-top that lets you enjoy the great outdoors or a surprisingly quiet interior.

TECHNOLOGY

Available OnStar® 4G LTE Wi-Fi Hotspot²¹ keeps you connected, Remote Vehicle Starter and Rear Vision Camera makes life easier, Buick Intellilink¹³ with seven-inch-diagonal touch screen to make playing music or hands-free calling easy.

SAFETY

Cascada gets protective with advanced technologies like Forward Collision Alert and available Lane Departure Warning technology.

PERFORMANCE

With the spirited performance of a 1.6L 200-hp turbocharged engine, a sport lowered chassis, StabiliTrak technology, 20 inch wheels and HiPer Strut suspension ensure Cascada's ride is as responsive as it is smooth.

[illegible]

AVAILABLE EXTERIOR COLORS

^a Available at extra charge. Requires Double Cab models.

^b Requires Crew Cab models.

^c Requires 1LZ equipment group.

^d Available at extra charge.

WHY BUY?

- All the versatility you need:
 - Three cab configurations and standard or long boxes
 - Three powertrains
 - Up to 2 tons of payload
 - Up to 9 tons of trailering capability
- Advanced technology to keep you connected to your business and customers with available OnStar[®] 4G LTE and its built-in Wi-Fi Hotspot²¹
- Covered by Chevrolet Complete Care, which includes 2 maintenance visits²⁴; included services are: Oil and Filter change, 4-Wheel Tire Rotation and Multi-Point Vehicle Inspection

SELECT STANDARD FEATURES

Features based on 2500HD Fleet 1WT model unless otherwise noted.

SAFETY AND SECURITY

- Air bags⁷:
 - Crew Cab: Single-stage frontal and thorax side-impact, driver and front passenger, and head curtain side-impact, front and rear outboard seating positions
 - Double Cab and Regular Cab: Single stage frontal air bags for driver with front passenger dual-stage air bags; that also includes Passenger Sensing System; thorax side-impact, seat mounted air bags for both driver and front passenger; head-curtain air bags for front and rear outboard seating positions;
 - Air bag deactivation switch for frontal passenger-side included and only available with ZW9 Pickup Box Delete on Double Cab and Regular Cab modes only (Note: Crew cab does not receive the air bag deactivation switch when ZW9 package is ordered)
- StabiliTrak stability control system with Proactive Roll Avoidance and traction control; includes electronic trailer sway control and hill start assist
- Tire Pressure Monitoring System²⁰ (vehicles under 10,001-lb. GVWR⁴)

ENGINE AVAILABILITY

- Vortec 6.0L V8 with up to 360 horsepower and 380 lb.-ft of torque plus E85 FlexFuel⁹ capability
- Duramax 6.6L Turbo Diesel V8 with 397 horsepower, 765 lb.-ft. of torque; B20-Diesel compatible and includes 5-year/100,000-mile Powertrain Limited Warranty²³
- 6.0L V8 SFI Gaseous CNG (Compressed Natural Gas), with hardened valves and valve seats

MECHANICAL

- 6-speed automatic transmission
- 4-wheel disc antilock brakes with DURALIFE rotors
- Heavy-duty battery with rundown protection and retained accessory power
- External auxiliary transmission oil cooler
- External engine oil cooler
- Heavy-duty locking rear differential
- Active steering assist for better handling and towing (select models)

INTERIOR

- Reclining front 40/20/40 split-bench seat; vinyl or cloth
- Cruise control
- Air conditioning

- Power door locks
- Power windows (Double and Crew Cabs)
- Audio system includes 4.2" Diagonal Color Display and AM/FM stereo with USB port¹² and auxiliary jack

EXTERIOR

- All-season tires
- Pickup box with top tailgate and bed rail protection caps
- Front frame-mounted recovery hooks
- CornerStep rear bumper (requires [E63] pickup box)
- Cargo area lamps – cab mounted with switch on center switch bank
- Spare tire lock

SELECT OPTIONAL FEATURES

Options are available on certain models only. See your Ordering Guide for details.

- Cloth or leather seating surfaces
- Four audio system options up to/including Chevrolet MyLink¹⁸ audio system with 8" Diagonal Color Touch Navigation⁸ with AM/FM/HD/SiriusXM² (with 3-month trial), USB port¹², auxiliary jack, Bluetooth¹¹, Bose sound system
- OnStar[®] 6-month OnStar Guidance Plan¹ for 6 months including Automatic Crash Response, Stolen Vehicle Assistance, Roadside Assistance, Turn-by-Turn Navigation, Vehicle Diagnostics³¹
- Available OnStar[®] 4G LTE Wi-Fi Hotspot²¹ to connect to the internet at 4G LTE speeds, includes 3GB or 3 months OnStar Data Trial (whichever comes first)
- Rear Vision Camera with dynamic guide lines

- Bi-Fuel Compressed Natural Gas CNG fuel system; operates on both gasoline and CNG: Not E85 compatible
- Allison 1000 6-speed automatic transmission (with Duramax)
- Upfitter switches (1WT only)
- LED lighting in cargo box with switch on center switch bank
- Cargo tie downs (4), movable upper
- Trailer brake controller, integrated
- Outside mirror options: trailering, power, heated, curb-tilt
- Driver Alert Package includes Lane Departure Warning, Forward Collision Alert, Safety Alert Seat and Front and Rear Park Assist
- 110-volt AC power outlet
- EZ-Lift and lower tailgate with new Remote Locking Tailgate (included and only available with (AQQ) Remote Keyless Entry)
- Ultrasonic Rear Parking Assist
- Snow Plow Prep Package (4WD models)
- Pickup Box Delete (Long Box models)
- Spray-on Bed Liner (not available with 6.0L V8 SFI Gaseous CNG (compressed natural gas) engine; not available with any ship thru code)
- Gooseneck 5th Wheel Prep Package (late availability)

EFFICIENT FEATURES

E85 FlexFuel[®] capability

Available Turbo Diesel that is B20-Diesel compatible

Standard 6-speed automatic transmission

Bi-Fuel Compressed Natural Gas (CNG) Package available on select models

a Available at extra charge. Double Cab only.
b Available at extra charge. Crew Cab only.
c Available at extra charge.

WHY BUY?

- All the utility you need:
 - Three cab configurations and standard or long boxes
 - Three powertrains
 - Up to 3-1/2 tons of payload
 - Over 11 tons of trailering capability
- Advanced technology to keep you connected to your business and customers with available OnStar® 4G LTE and its built-in Wi-Fi Hotspot²¹
- Covered by GMC Pro-Grade Protection, which includes 2 maintenance visits²⁴; included services are: Oil and Filter change, 4-Wheel Tire Rotation and Multi-Point Vehicle Inspection

SELECT STANDARD FEATURES

Features based on 3500HD 1SA model unless otherwise noted.

SAFETY AND SECURITY

- Frontal, single stage air bags⁷ for driver and right front passenger
- Frontal passenger-side air bag⁷ deactivation switch (Note: Included and only available with (ZW9) Pickup box delete on Double Cab and Regular Cab model only)
- StabiliTrak® stability control system with Proactive Roll Avoidance and traction control, includes electronic trailer sway control and hill start assist
- Tire Pressure Monitoring System²⁰ (vehicles under 10,001-lb. GVWR⁴) (N/A on dual-rear wheel models)

ENGINE AVAILABILITY

- Vortec 6.0L V8 with up to 360 horsepower and 380 lb.-ft of torque plus E85 FlexFuel⁹ capability on pickup models
- Duramax 6.6L Turbo Diesel V8 with 397 horsepower, 765 lb.-ft. of torque; B20-Diesel compatible and includes 5-year/100,000 mile Powertrain Limited Warranty²³
- 6.0L V8 SFI Gaseous CNG (Compressed Natural Gas), with hardened valves and valve seats (single rear wheel only)

MECHANICAL

- 6-speed automatic, heavy-duty, electronically-controlled transmission with overdrive and tow/haul mode; includes Cruise Grade Braking and Powertrain Grade Braking
- 4-wheel disc antilock brake system
- Heavy-duty battery with rundown protection and retained accessory power
- External auxiliary transmission oil cooler
- External engine oil cooler
- Heavy-duty locking rear differential
- Active steering assist for better handling and towing (select models)

INTERIOR

- Reclining front 40/20/40 split-bench seat; vinyl or cloth
- Cruise control
- Air conditioning
- Power door locks
- Power windows (Double and Crew cabs)
- Audio system includes 4.2" Diagonal Color Display and AM/FM stereo with USB port¹², and auxiliary jack
- Trailer brake controller, integrated

EXTERIOR

- All-season tires
- Pickup box; Wideside with top tailgate and bed rail protection caps
- Front frame-mounted recovery hooks
- CornerStep, rear bumper
- Cargo area lamps; cab mounted with switch on center switch bank
- Cargo tie downs (4), movable upper
- Spare tire lock

SELECT OPTIONAL FEATURES

Options are available on certain models only. See your Ordering Guide for details.

- Thorax side-impact, driver and front passenger, and head curtain side-impact, front and rear outboard seating positions
- Cloth or leather seating surfaces
- Four audio system options up to/including Chevrolet MyLink¹⁸ audio system with 8" Diagonal Color Touch Navigation⁸ with AM/FM/HD/SiriusXM² (with 3-month trial), USB port¹², auxiliary jack, Bluetooth¹¹, Bose sound system
- OnStar[®] 6-month OnStar Guidance Plan¹ for 6 months including Automatic Crash Response, Stolen Vehicle Assistance, Roadside Assistance, Turn-by-Turn Navigation, Vehicle Diagnostics³¹
- Available OnStar[®] 4G LTE Wi-Fi Hotspot²¹ to connect to the internet at 4G LTE speeds, includes 3GB or 3 months OnStar Data Trial (whichever comes first)

- Rear Vision Camera with dynamic guide lines
- Bi-Fuel Compressed Natural Gas CNG fuel system; operates on both gasoline and CNG: Not E85 compatible (single rear wheel only)
- Allison 1000 6-speed automatic transmission (with Duramax)
- Upfitter switches (1SA only)
- LED lighting in cargo box with switch on center switch bank
- Outside mirror options: camper, power, heated, curb-tilt
- Driver Alert Package – includes Lane Departure Warning, Forward Collision Alert, Safety Alert Seat and Front and Rear Park Assist
- 110-volt AC power outlet
- EZ-Lift and lower tailgate with new Remote Locking Tailgate (included and only available with (AQQ) Remote Keyless Entry)
- Ultrasonic Rear Parking Assist
- Snow Plow Prep Package
- Pickup Box Delete
- Spray-on Bed Liner
- Gooseneck 5th Wheel Prep Package (late availability)

EFFICIENT FEATURES

E85 FlexFuel[®] capability

Available Turbo Diesel that is B20-Diesel compatible

Standard 6-speed automatic transmission

Bi-Fuel Compressed Natural Gas (CNG) Package available on select models

Introducing the New Chevrolet Low Cab Forward Trucks [\(Available in 2016\)](#)

From the family of Chevrolet Commercial Vehicles, introducing the Low Cab Forward series, dependable trucks that deliver efficient hauling for businesses large and small.

With choices ranging from the 3500 and 4500 6.0L V8 gasoline-powered trucks to 3500, 4500, or 5500 heavy-duty diesel-powered engines available in Regular Cab and Crew Cab configurations finding the perfect fit for your business is easy.

CAB OVER DESIGN

The Cab Over design provides optimal visibility for the driver and is also helpful for crews that make multiple pick-up and deliveries throughout the day thanks to its ease of entry and exit.

OVERALL LENGTH

The overall length of the LCF trucks allows for generous cargo space, which is ideal for delivering large or bulky cargo such as furniture, construction materials, frozen foods, landscaping materials, or even heavy machinery.

INTERIOR WORKSPACE

The interior design maximizes the use of space to benefit drivers with fold-down trays that double as a laptop/work area and has convenient storage areas in the dash, doors, seatback pockets, overhead shelf, and rear organizer tray.

TAILORED FOR MAXIMUM UTILITY

Whatever your business – from construction to landscaping to wholesale delivery – the Chevy Low Cab Forward (LCF) lineup can be molded to your specific vocations. With wheel-bases from 109" to 212," the LCF series can accommodate a wide range of body applications from 10' to 24.' The chassis are prewired for a trailer harness and brakes to reduce the time and cost of upfitting.

STRENGTH WHERE IT COUNTS

The Chevrolet trucks lineup gives businesses the flexibility to choose between diesel- or gasoline-powered engines and Regular Cab or Crew Cab configurations based on their requirements.

For effortless towing and hauling the 3500 and 4500 are available with the 6.0L V8 gas engine mated with a 6-speed transmission with double overdrive.

Turbocharged diesel engines mated with 6-speed transmissions that provide the efficiency your business needs without compromising performance are available on the 3500HD, 4500HD, 5500 and 5500HD.

***IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES:** Installations or alterations to the original- equipment vehicle or chassis as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers.

WHY BUY?

- Choices that meet your needs:
 - Two wheelbases
 - Durable body-on-frame construction
 - Four Powertrain options including CNG
- Five years of OnStar® Basic Plan²⁵ standard
- Available OnStar® 4G LTE Wi-Fi Hotspot²¹
- Covered by Chevrolet Complete Care, which includes 2 maintenance visits²⁴; included services are: Oil and Filter change, 4-Wheel Tire Rotation and Multi-Point Vehicle Inspection

XTS Coachbuilder Limo & Extended Sedan

Cadillac's distinctive styling is evident in the **XTS Limousine**, extendable up to 70 inches by Cadillac Master Coachbuilders. Clients will travel in comfort with the powerful and efficient FWD 3.6L V6 engine under the hood, while luxurious interior features and leather-appointed seating comfortably accommodate up to seven passengers and a driver.

The **XTS-L Extended Sedan**, available through Cadillac Master Coachbuilders, redefines passenger comfort with up to seven extra inches of legroom and optimized suspension and ride control systems for a quiet and smooth riding environment.

Cadillac sells an incomplete vehicle chassis to its certified Cadillac Master Coachbuilders (CMCs) for final vehicle manufacturing and distribution. Each CMC has a different interpretation of the finished product and offers unique interior and exterior features to the industry.

The XTS Limousine and Extended Sedan chassis are engineered for the rigors of the chauffeured transportation industry. All CMC-converted limousines and extended sedans are backed by Cadillac's Professional Vehicle Protection Plan for 3 years or 150,000 miles (whichever comes first). See dealer for details.

2015 Model Year shown

XTS Hearse Concept

XTS Coachbuilder Hearse

Cadillac continues its rich heritage in the funeral industry by offering a perfect balance of elegant styling and refined technology to address the industry's unique requirements. The Cadillac Master Coachbuilder-converted XTS hearse imparts a respected presence to the procession while upholding the standard of luxury funeral clients deserve and expect.

Cadillac sells an incomplete vehicle chassis to its certified Cadillac Master Coachbuilders (CMCs) for final vehicle manufacturing and distribution. Each CMC has a different interpretation of the finished product and offers unique interior and exterior features to the industry.

The XTS hearse chassis is engineered for the heavy-duty application and long idle periods of a funeral procession. All CMC-converted hearses are backed by Cadillac's Professional Vehicle Protection Plan for 6 years or 100,000 miles (whichever comes first). See dealer for details.

Commercial Sounding Board

The mission of the GM Commercial Sounding Board is to create a forum for Commercial Fleet Professionals and GM Fleet and Commercial management to candidly discuss all issues of importance to the entire fleet industry. The Commercial Sounding Board welcomes your ideas to improve the way GM Fleet and Commercial Operations does business with you. Please submit your ideas via e-mail to the CSB member nearest your location. Your questions and concerns will be sent directly to GM. For general fleet questions, please call the GM Fleet and Commercial Action Center at 1-800-FleetOp (1-800-353-3867).

GM provides quality parts and service for your GM and non-GM vehicles.

GM Parts

- High-quality GM Parts designed, manufactured, and tested to help keep your GM vehicle running at peak performance
- Your GM Dealer has access to a full line of genuine GM Parts — Maintenance/Repair, Collision, Powertrain, and GM Accessories

GM FleetTrac

- A consolidated billing program for parts and services purchased at participating GM Dealers
- Provides a single monthly consolidated invoice
- No enrollment or use fee
- Client-specified spending controls and robust reporting
- Visit: www.gmfleettrac.com

ACDelco Parts

- ACDelco parts are Original Equipment parts for GM vehicle applications
- Professional (premium), and Advantage (value) lines of Maintenance and Repair parts for GM and non-GM aftermarket needs
- ACDelco is a global leader in the automotive aftermarket and offers over 88,000 quality parts across 37 product lines

ACDelco Key Fleet Program

Offers fleets technical and related benefits to help increase efficiency and reduce downtime:

- Technical training and seminars at no charge
- Technical assistance hotline
- Discounts on tools, equipment, service and training manuals
- Visit: www.acdelcotechconnect.com

ACDelco CONNECTION

Online parts/ordering link to local ACDelco Warehouse Distributors

- Order history and saved order sheets
- Labor, tech specs, and other optimal modules available soon
- For additional information, call 1-800-825-5886, option 3

GM Fleet Service — Value for You!

Covered and Comprehensive

- 100,000-mile/5-year (whichever comes first) Powertrain Limited Warranty, Roadside Assistance and Courtesy Transportation for Chevrolet and GMC; 70,000/6-year (whichever comes first) Powertrain Limited Warranty, Roadside for Cadillac and Buick; See Dealer for exclusions and limitations
- Transferable to subsequent owner
- \$0 deductible

Fleet-Focused Solutions

- Dedicated Fleet Sales, Service and Parts organization
- Experienced in assisting fleets with maximizing vehicle uptime and driver convenience
- Operating expense consultation
- Fleet Action Center 1-800-FLEETOP (1-800-353-3867)

Maintenance Savings Technology

- Oil Life Monitoring System (available on most models)
- Simplified maintenance
- Tire Pressure Monitoring System²⁰ (available on select models)
- OnStar[®] Business Vehicle Manager (available on OnStar-equipped models)

GM Tools and Equipment

- Service Tools and Equipment
- Fleets may purchase tools and equipment available through GM's authorized source
- Visit <http://www.gmdesolutions.com/index.php> or call 1-800-468-6657

World-Class Training

- Web-based technical training
- Instructor-led classroom sessions provide hands-on technical training
- Visit www.centerlearning.com or www.acdelcotechconnect.com

Service Reference and Diagnostics (SI 2000)

- Valuable service information necessary to successfully diagnose and complete vehicle repairs
- TechLink Bulletins, Service Manuals, Service Bulletins and Information

Flexible Solutions for Your Business

The 2016 CHEVROLET BUSINESS CHOICE OFFERS provide you the best value on the vehicles that run your business.¹

From Upfit Cash Allowance,² which now includes vehicle wraps, to GM Accessory Cash Allowance³ and the Chevrolet Commercial Powertrain Protection Plan,⁴ you have more options than ever to save.

You can also add current retail offers on top of these impressive options for a deal you can't pass up.

To get the latest information available, visit
gmfleet.com/chevybusinesschoice.

1. 2016 GM BUSINESS CHOICE PROGRAM REQUIREMENTS: The 2016 GM Business Choice Program is valid from October 1, 2015, through September 30, 2016. You must purchase or lease your vehicle during the program period and be prepared to provide proof of your business. Vehicle must be used in the day-to-day operation of the business and not solely for transportation purposes. This program may not be compatible with other offers or incentive programs. Consult with your Chevrolet dealer for program compatibility and other restrictions. For complete program requirements, including information regarding offers, vehicles, equipment, options, warranties, and ordering, consult your Chevrolet dealer.
2. To qualify, vehicle must be used in the day-to-day operations of your business and not solely for personal/non-business-related transportation purposes. Must provide proof of business. Not available with some other offers. For complete program requirements, including information regarding offers, vehicles, equipment, options, warranties, and ordering, consult your Chevrolet dealer. Take delivery by 9/30/16.
3. Fully backed by GM. GM Accessories permanently installed at the time of new-vehicle delivery are covered under the New-Vehicle Limited Warranty. If installed after delivery, coverage on parts and labor is for the balance of the new-vehicle warranty or a minimum of 12 months or 12,000 miles, whichever comes first. GM Accessories not requiring installation or purchased over the counter carry a 12-month limited warranty on parts only. Does not apply to licensed products. Take delivery by 9/30/16.
4. Offer limited to 2016 model year Retail Small Business Delivery Types (018 or 029). See dealer for details. Take delivery by 9/30/16. The Chevrolet Commercial Powertrain Protection Plan total coverage is 5 years or 100,000 miles, whichever comes first. Please see the terms and conditions for full coverage details. This plan is provided and administered by AMT Warranty Corp., P.O. Box 927, Bedford, TX 76095, (877) 265-1072 (except in Florida, the vehicle service contract obligor/provider and administrator is Wesco Insurance Company, 59 Maiden Lane, 43rd Floor, New York, NY 10038, (866) 327-5818, LICENSE #01913.) AMT Warranty Corp. and Wesco Insurance Company are not related entities of GM or its dealerships. ©2015 General Motors. All rights reserved. BUSINESS CHOICE OFFERS FLEXIBLE SOLUTIONS FOR YOUR BUSINESS

We know the meaning of hard work. As your professional partner, your Business Elite dealer will work hard to make sure you get the right vehicle for unique needs and then be there over the long haul to provide a range of services designed to help keep your fleet and your business running smoothly.

Business Elite is more than just a name, it's a suite of products and services you won't get from anyone but your Business Elite Dealer.

Dedicated Dealer Representative

You need the right tool for the right job. We get that. That's why your Business Elite representative will give you individual help so you get the exact vehicle you need for your job along with recommendations for appropriate upfits.

Extended Service Hours

Your day doesn't always end at 5, especially if your vehicle needs service. Ours doesn't either. We'll help you get the equipment and services you need outside of a 9-5 day to ensure your business doesn't miss a beat.

Work-Ready Loaners

Your business doesn't stop because one of your vehicles needs service. We help you stay on task with loaner vehicles delivered right to your job site.

Coverage that Helps Keep Your Vehicles on the Road

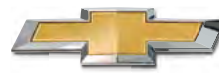

That's what we give you with Chevrolet Complete Care & GMC Pro Grade Protection for 2016 models:

- Included maintenance during your first 24,000 miles or first two years of ownership,¹ Covers two oil and oil filter changes and tire rotations according to your vehicle's maintenance schedule
- 3-year/36,000-mile² Bumper-to-Bumper Warranty
- Powertrain Limited Warranty, 24-Hour Roadside Assistance including round-the-clock towing and Courtesy Transportation based on delivery type:
 - 5-year/60,000-mile coverage for retail customers²
 - 5-year/100,000-mile coverage for buyers of 2500 and 3500 series Heavy Duty (HD) Pickups equipped with a 6.6L Duramax, as well as qualifying fleet accounts³

1. Covers only scheduled oil changes with filter and tire rotations according to your new vehicle's recommended maintenance schedule for up to 2 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of 2 service events for 2016 MY vehicles and 4 service events for 2015 MY vehicles. See participating dealer for other restrictions and complete details.

2. Whichever comes first. See dealer for limited warranty details.

3. Whichever comes first. 5-yr/100,000-mile warranty only available on these eligible Fleet deliveries types: Fleet Leasing Company Purchase, Business/Org Fleet Purchase, Non-Federal Government Fleet Purchase, Bid Center Support Fleet Purchase and Federal Government Fleet Purchase. See dealer for details.

BUSINESS ELITE

Introducing GM Remarketing Services

Remarketing can be a valuable tool for your business. That's why GM Remarketing Services is set up to make the remarketing process hassle-free and provide you with the right resources at the right time.

With GM Remarketing Services you'll get:

- Ability to remarket your Fleet, including non-GM vehicles.
- A one-stop shop for all your remarketing needs from start to finish so you can save time and costs.
- An average of \$800 more per vehicle in GM closed sales compared with similar vehicles in open sales.^a
- Customized solutions tailored for your needs including remarketing and auction strategy, customized sales reports, analyses, and market insights to help you make the right business decisions.
- The ability to utilize more than 40 full-service auctions that support GM Sponsored Auctions and GM Financial Open Sales^b across the U.S.

We're there with you at every step in the process:

- **Consultation:** We will provide consultation on your current fleet (including non-GM vehicles), identify remarketing opportunities and determine the best auctions for vehicle sale.
- **Presale:** We will work with you to determine the appropriate level of repairs and reconditioning your vehicles need, and work out market pricing and planning for strategic lane placement at the auctions to get the best results.
- **Auction:** We leverage every auction channel including Internet upstream sales before going to a physical auction. If the vehicle needs to go to a physical auction, you will have access to our national network of more than 40 auction locations that support GM Sponsored Auctions or GM Financial Open Sales.
- **Postsale:** Our job is not over after the sale is complete and funds have been delivered. We use industry-recognized tools and our comprehensive historical data to analyze your remarketing sales to give you better insights into your business.

As your professional partner, we're committed to providing remarketing services that will help you save time and resources, remove the uncertainty of reselling, and increase your returns to help improve your bottom line.

So for convenient remarketing solutions to help your business:

- Call 1-800-FLEETOP (1-800-353-3867)
- Talk to your Fleet Account Executive
- Email us at GMRemarketingServices@gm.com
- Visit gmfleet.com/remarketing

Establishing a New GM Fleet Account Number (FAN)

A. DETERMINE IF A PROSPECT IS QUALIFIED:

Fleet Account Numbers are assigned to qualified fleet companies upon application to General Motors through the GM Fleet Account Number System (GMFANS).

Enrollment Terms and Conditions

A "Qualified Fleet User" is defined as any company which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) solely for business use in its operation during the current or preceding calendar year or model year, or preceding twelve (12)-month period, or that currently owns or leases fifteen (15) or more cars and trucks used in its company service. Supporting documentation must be retained by the Dealer and made available to GM upon request.

New motor vehicles ordered fleet must be delivered to the same Qualified Fleet User (same GM Fleet Account Number or FAN). In addition, vehicles must be kept in fleet service by the same Qualified Fleet User for a minimum of six (6) months from the date of delivery unless a different fleet service requirement is specified in the official written program guidelines provided by GM.

The Qualified Fleet User, by executing the Enrollment Form, certifies it is a Qualified Fleet User, acknowledges the fleet program eligibility requirements specified therein, and agrees to comply with the requirements. Additional eligibility requirements for specific fleet programs, as issued by GM to its Dealers from time to time, will be made available to Qualified Fleet Users by the selling Dealer as required.

The Qualified Fleet User further agrees to provide, upon request by GM or the selling Dealer, access to original business records confirming that vehicles were registered, used and transferred only in accordance with GM program requirements. In the event (1) a Qualified Fleet User orders new motor vehicles from a Dealer and identifies them as fleet units eligible for GM fleet programs, and (2) the vehicles are not used by Qualified Fleet User in accordance with program requirements, GM will take appropriate action, which may include the disqualification of the Qualified Fleet User and/or Dealer from future participation in fleet programs, and the issuance of a chargeback against the Dealer or identified Qualified Fleet User for any special allowances, incentives, special option packages or other promotional programs which GM paid or credited to the Dealer or identified Qualified Fleet User as a result of inaccurate representations. In the event of such a chargeback to the Dealer, the Qualified Fleet User agrees to reimburse the Dealer.

B. IF A PROSPECT IS QUALIFIED:

A General Motors Dealer is required to submit an enrollment application through GM GlobalConnect. The enrollment application can be found on the GM Global FANS website. The following information is required:

1. Name of business
2. Both physical and mailing addresses (if different)
3. Phone number

Upon completion of the enrollment application on the website, dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued and the requesting dealer will be advised of the FAN via e-mail.

All supporting documentation of the prospect's fleet eligibility must be retained at the dealership submitting the enrollment application.

STANDARD FLEET ELIGIBILITY GUIDELINES

Unless otherwise indicated, the following eligibility guidelines will apply to all fleet incentive/allowance programs.

A. The order period will begin with the announcement of the 2016 model year fleet incentive programs and end when dealers are notified that 2016 model year orders are no longer being accepted by the respective GM Divisions.

B. The delivery period is the start of 2016 production through the end of 2016 production.

C. Eligible vehicles must remain in service for a minimum of six (6) months (even if the retail alternative incentive is selected). However, if a vehicle has been damaged beyond repair, i.e., fire, frame or water damage, etc., and documentation is available to support the condition, this provision will be waived.

D. All qualified fleet orders for eligible models received from Dealers must contain a valid fleet order type.

E. All qualified fleet orders for eligible models received from Dealers must contain the GM Fleet Account Number (FAN) of record and the FAN account name.

F. Dealer Order Acknowledgments must be checked to verify accuracy of orders submitted.

G. Dealer orders currently on hand or in the system that qualify under these programs, except that they do not contain the appropriate processing options, can be amended or canceled and reordered if they have not been approved for production (preferred). This is the ordering Dealer's responsibility.

H. Vehicles delivered to unqualified customers are ineligible, and the Dealer's open account will be debited for the amount of the credit and any other fleet allowance paid. Failure to comply with these guidelines may also

result in the Dealer being disqualified from future participation in Fleet programs and/or termination of the Dealer's Sales and Service Agreement. Failure to report a FAN and valid fleet delivery type on the delivery record, if required by the GM Division, will automatically generate a debit to the Dealer's open account.

I. Eligible passenger car deliveries must be made to the ultimate customer through a dealership representing the GM marketing division. Passenger car deliveries made through any entity or individual other than the General Motors Dealer are ineligible for payment. Eligible light-duty truck orders may be delivered through body builders if the end user is a qualified fleet or political subdivision, including the federal government.

J. Dealers must take full responsibility for including the proper processing option on the orders. No additions or changes will be accepted after orders are approved for production (preferred).

K. Fleet orders submitted with both a fleet processing option and any ineligible fleet or retail incentive option will be rejected with an error message.

L. Acceptance of an order on any vehicle line does not constitute a commitment to build or to build in a requested time frame.

M. Those orders not produced during the 2015 model production period will be canceled. There are no provisions for Dealers to receive any allowance for those canceled orders.

N. Order Workbench delivery codes reported by Dealers must be the same as the Order Workbench codes provided in incentive program guidelines.

IMPORTANT

Information contained in this reference guide is intended to be a quick reference digest only. In no way does it supersede program Dealer letters or guidelines. To assure accuracy, check official documents before placing any orders. Specific questions or requests for assistance should be addressed to GM Fleet & Commercial Operations.

GM FINANCIAL

At GM Financial, our experienced and knowledgeable Commercial Vehicle Lending team understands both the needs of commercial borrowers and the intricacies and complexities of commercial vehicle lending in today's complex financing environment. Whether you're interested in purchasing or leasing one vehicle or an entire fleet, GM Financial's suite of Commercial Vehicle Lending (CVL) products can help provide the financing options you need to get the job done and that includes establishing lines of credit in the business's name, rather than in your personal name.

Here are some of our products and features you can benefit from:

The Right LeaseSM for Business Customers

- A closed-end lease program that is tailored to business customers with the need for predictable-use vehicles
- Provides business customers the ability to lease vehicles without the responsibility of full ownership

Traditional Finance (APR)

- The perfect option for those commercial customers who prefer to own their new or used commercial vehicles
- We offer various payment options, including annual, quarterly and seasonal payments

The Right TracSM Lease

- Our open-ended lease program features unlimited mileage and no wear-and-tear restrictions
- Commercial customers can customize the payment and residual based on their unique business needs

Municipal Lease

- Enables a public entity to purchase essential-use vehicles by making lease payments over the useful life of the asset
- Includes low, tax-exempt rates, easy and convenient documentation, and flexible payment options (annual, quarterly or monthly)

Commercial Line of Credit

- Accommodates all GM Financial commercial products and features, allowing businesses to conveniently purchase vehicles without the need for continually reviewing financial statements
- Provides a specific source of funds solely for acquiring company vehicles

Combined Billing

- Provides commercial customers the ability to consolidate all commercial vehicle accounts on a single invoice with a common due date

We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of release, please check with your GM dealer for complete details. Competitive comparison claims are based on most current competitive information. GM reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

The vehicles described in this guide are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly. Some of the equipment shown or described throughout this guide may be available at extra cost, and/or supplied by an independent supplier.

See your local General Motors Fleet Account Executive or Dealer Fleet/Commercial Sales Manager for up-to-date information, or see the GM Online Order Guide at gmfleet.com.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by such suppliers.

DETAILED NOTES, AS APPLICABLE TO REFERENCES ON INDIVIDUAL VEHICLE PAGES

1. Visit OnStar.com for coverage map, system limitations and details.
2. If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. XM satellite service is available only in the 48 contiguous United States and Washington, D.C.
3. Cargo and load capacity limited by weight and distribution.
4. Gross Vehicle Weight Rating (GVWR). When properly equipped. Includes weight of vehicle, driver, passengers, cargo and equipment.
5. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering people or cargo, carefully review the vehicle loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the door jamb.

6. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.
7. Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.
8. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Map coverage available in United States, U.S. Virgin Islands, Puerto Rico and Canada.
9. E85 is 85% ethanol, 15% gasoline. Visit http://www.afdc.energy.gov/fuels/ethanol_fuel_basics.html to see where there is an E85 station near you.
10. Requires one of the following Fleet or Government order types: FBC, FBN, FCA, FCN, FLS, FNR, FRC or FGO. Not available with FDR order type.
11. Go to gmtotalconnect.com to find out which phones are compatible with the vehicle.
12. Not compatible with all devices.
13. Full functionality requires compatible Bluetooth and Smartphone. Some devices require USB connectivity.
14. Data plan rates apply.
15. Monthly rates apply. Visit autonetmobile.com for details and coverage map.
16. If you subscribe after your trial period, service will automatically renew and bill at then-current rates until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink. XM satellite service is available only in the 48 contiguous United States and D.C.
17. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

18. MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.
19. Seating capacity is determined by model selection and vehicle configuration, which may include optional equipment.
20. Does not apply to spare tire.
21. Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.com for details and system limitations.
22. Fuel capacity is approximate.
23. Whichever comes first. See Dealer for details.
24. Maintenance visits must occur within two years or 24,000 miles of vehicle delivery, whichever comes first. Does not include air filters. See participating dealer for other restrictions and complete details.
25. The OnStar Basic Plan is available for 5 years from the date of delivery of an eligible, new 2015 Model Year vehicle and is transferable; includes OnStar Vehicle Diagnostics, Dealer Maintenance Notification, and access to RemoteLink Key Fob Services. The OnStar Basic Plan does not include any Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, live Advisor service, or Hands-Free Calling. These and other services are available under a paid plan.
26. EPA-estimated. 2015 MY Colorado 2WD with available 2.5L I-4 engine.
27. Dependability based on longevity: 1987–April 2013 full-size pickup registrations
28. Based on national average of 12 cents per kWh and 13.9 kWh for a full charge (\$1.67). Electricity costs vary. Check with your provider for your rates.
29. 420-mile extended range based on GM-estimated 41 MPG city/highway combined (gas). 50-mile initial range based on 102 MPGe (electric). Actual range varies with conditions. EPA estimates not yet available.
30. Estimated range based on GM engineering test results and tank capacity on a vehicle at curb weight.
31. Capabilities vary by model.
32. Vehicle must be equipped with tire pressure monitoring system.
33. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to Chevrolet.com or see your dealer.
34. Whichever comes first. 5-yr/100,000-mile warranty only available on these eligible Fleet deliveries types: Fleet Leasing Company Purchase, Business/Org Fleet Purchase, Non-Federal Government Fleet Purchase, Bid Center Support Fleet Purchase and Federal Government Fleet Purchase. See dealer for details.
35. Excludes all Corvette models and Camaro ZL1 1LE due to their unidirectional tires; see Owner's Manual for details.
36. Available on select iOS, Android™, BlackBerry®, and Windows® devices. Services vary by device, vehicle, and conditions. Requires automatic locks and Tire Pressure Monitoring System. The OnStar Vehicle Locate Service can locate OnStar-equipped vehicles, not people. Currently available in U.S. Subscribers only. Active OnStar services required.
37. Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. Unlock feature requires automatic locks. Remote start requires factory-installed and enabled remote start system.
38. Visit onstar.com for vehicle availability, details, and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data (U.S.). Visit onstar.ca for vehicle availability, details, and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data (Canada).
39. Roadside service provided by Allstate Roadside Services (U.S and Canada). Visit onstar.com (U.S) and onstar.ca (Canada) for details and system limitations. Services vary by model and conditions.
40. Services vary by model and conditions (U.S and Canada).
41. Requires ABS and Guidance Plan. Visit onstar.com for coverage map. Services vary by model. Ability to send a destination to a vehicle's navigation screen through a smartphone or an OnStar Advisor is only available on 2016 model year or newer vehicles.
42. Third-party trademarks are the property of their respective third-party owners, used under agreement.
43. Plus tax. Credit card payment required for monthly subscription. Fleet Guidance Plan excludes Hand-Free Calling minutes.
44. Visit <https://www.onstar.com/us/em/services/coveragemaps.html> for coverage area limitations.
