

Ethernet 10.5" Wall Mount Touch Screen

The Ultimate in Technology at Your Fingertips

Experience the ease and beauty of home automation with the Control4 10.5" Wall Mount Touch Screen. This Wall Mount Touch Screen, allows the homeowner to control any aspect of their Control4 system at any time from a single elegant interface. With its large, color touch screen, this interface will quickly become the show piece and focal point of any Control4 system.

This Wall Mount Touch Screen is setting a new standard in touch screen technology with rich color graphics, an easy-to-use interface and maximum performance. It is all part of the Control4 vision. We bring the benefits of a truly automated home to more people with solutions that are affordable, easy to install and designed to adapt to any home or lifestyle.

Features and Benefits

Smart Design

- **Vivid color** — 10.5" viewable/touch area packed with rich graphics.
- **Custom Look** — available in white, black and almond to fit in with any décor.

Easy To Set Up and Use

- **Easy to use** — Dynamic color graphics featuring tabs and icons for simple touch access to intelligent technology.
- **Plug and play ease** — Pre-programmed to work right out of the box.
- **Standards Based** — Devices throughout the home are controlled using IP-based communication over standard Ethernet.

Intelligent Control

- **Control for anything** — Controls an entire home automation system.
- **Personalized preferences** — Set preferences for everything in the home automation system, from music to movies to lighting.

Tap the music icon and your entire music library is at your fingertips.

Select an audio zone icon and specify the room where the music will play.

Touch the lighting icon and select preset lighting scenes and moods such as evening, morning or party.
