Open

Close

First Pairing

Setp1: Please turn on the bluetooth function on your cellphone/laptop.

Step2: Open the charging case, take out the earbuds, the red and blue lights flash on earbud.

Step3: Select "SP05" on your phone/laptop and connect the device, the red and blue lights off when you connect successfully. (The earbuds will automatically turn off if not connected the device within 5 minutes.)

Reset Earbuds

If only one earbud connects to phone / earbuds can not pair together. Please try the reset steps:

Step 1: Take out the earbuds from charging case, make sure earbuds don't connect the cellphone.

Step 2: Quickly touch 5 times MFB button(both right and left), the blue and red light for 1 second, the earbuds will turn off and reset.

Step 3: When the red light off and power off, which means reset successfully, please put earbuds back to charging case and take out again to connect the device again.

TWS Paring

If it still has some problems with your earbuds, you can try paring two earbuds again.

1. Make sure the earbuds power on and not connect with cellphone.
2. Touch 2 times MFB button(left and right) to pair either other, the red and blue light on one earbud which means pairing successfully.

Product Wear

- Step1: Take out the earbuds from charging case.
- Step2: Hang the earbuds on your ears.

Certification

"This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation." FCC ID :2A5LA-SP05

Safety For You

Do not expose device to liquids, moisture or humidity. It has electronics and a battery in it. Neither of them likes getting wet.

Don't use abrasive cleaning solvents to clean your device. Wipe them down with a slightly damp cloth if and when necessary.

Remove and clean the earbuds tips regularly, to ensure that you always enjoy the best sound possible from your device.

Do not expose device to extremely high or low temperatures as this may damage the battery or even deform the plastic parts.

Don't throw your device in a fire to dispose it. The internal battery may explode.

Don't try to disassemble your device. There are no user serviceable parts inside it.

Try not to drop your device and keep it away from sharp objects such as keys in your pockets.

Only charge your device from 5V USB ports such as phone chargers and laptops or PCs.

Never listen to music at high volumes or you may permanently damage your hearing.

Pay attention to your surroundings and never wear any headphones while riding, driving or walking in traffic. You do not come with any warranty.
