BENEFITS

DARE TO USE EVERY KITCHEN TOOL

The MaxiFlex drawer is designed to fit cutlery and utensils of different shapes and sizes. Its increased depth offers greater capacity in each load. Whether large or awkwardly-shaped, the customisable dividers and deep drawer mean everything can be loaded with ease.

GENTLE CARE FOR YOUR GLASSWARE

The unique SoftGrip feature ensures that the stem and foot of every glass are held gently but firmly in exactly the right position throughout the duration of the program. Protected from vibration. Removing the risk of breakages. And with SoftSpikes you no longer need to spend time handwashing delicate glasses. The soft material gently holds glasses securely in place and protects them from cracks and breakage.

IMPROVE WASHING RESULTS

ExtraPower function improves the washing results of the selected program. The extra boost in wash temperature and duration rids stubborn stains from your kitchenware with immaculate results.

HIGH PERFORMANCE. LOW ENERGY

By selecting the EcoProgram you can rest assured that your dishes will be cleaned using the lowest possible amount of energy and water for the load, without compromising on wash performance.

OPTIMISE TIME, ENERGY AND WATER

AutoSense detects the soil level and load size and adjusts settings accordingly to deliver an optimised wash program for the load. This delivers incredible cleaning performance.

ENJOY THE SILENCE

At a low of 44dB(A), ExtraSilent program noise level is so low you will barely know its there. Good by to noise and say hello to silence.

CLEAN DISHES ON YOUR SCHEDULE

The 24-hour delay start function lets you load your dishwasher and program it to start at the time that suits your schedule.
