## LEGACY

### OWNER'S HANDBOOK

# THANK YOU & WELCOME

Thank you for your purchase and welcome to the Hartley family. We value and appreciate every customer who purchases one of our watches and hope every moment you share with your Hartley timepiece is memorable and lasting.

Since our establishment in 2014, we have strived to create timepieces of the highest quality, and we are proud to have you wear one. Our focus is on crafting minimalist pieces that are visually stunning, highly functional, durable, and affordable.

In this handbook, you will find detailed information on how to operate and care for your timepiece. Please take the time to read it thoroughly to make sure your new watch lasts a lifetime.

Flat Sapphire with dual-side anti-reflective coating

## WATER RESISTANCE

50m/5ATM

## CASE DIAMETER

43mm

## CASE THICKNESS

11mm

## LUG WIDTH

20mm

# OPERATING INSTRUCTIONS

Your Legacy timepiece is a fully mechanical watch that requires manual winding if not worn regularly. Please familiarize yourself with the winding process to ensure optimal performance.

When fully wound, the watch has a power reserve of approximately 40 hours, but this will be indefinitely extended as long as the watch is worn regularly.

## A. **Crown Fully In**

This is the normal operating position when the watch is being worn and running.

## B. **Crown Unscrewed, Ready to Wind**

Unscrew the crown by turning it towards yourself until it pops out to position B. Turn the crown away from 20 to 30 full rotations to wind the watch.

To return the crown back to position A press the crown in towards the body of the watch and turn it away until it is fully in.

## C. **Crown Pulled Out, Ready to Set Time**

Pull the crown out further to position C and turn the crown either away or towards yourself to set the time.

To return to position B simply push the crown inwards.

# CARE INSTRUCTIONS

To ensure your Legacy timepiece remains in excellent condition, follow these care instructions:

**Avoid Overwinding:** Do not overwind the crown, as it can damage the watch mechanism.

**Keep Crown Pushed In:** Always keep the crown pushed in to prevent water from entering the watch.

**Water Resistance:** While the watch is water-resistant, avoid unnecessary submersion in water to prevent accelerated wear.

**Avoid Harsh Liquids:** Never submerge the watch in salt water or harsh chemicals; use only fresh water if cleaning is necessary.

**Regular Servicing:** Service your watch every 3-5 years to maintain its performance and longevity.

**Temperature and Storage:** Protect the watch from extreme temperatures and store it in a cool, dry place away from direct sunlight and magnetic fields.

**Cleaning:** Clean the watch with a soft, dry cloth after each use to remove dirt and oils. Use a damp cloth for deeper cleaning, avoiding leather straps.

# **STRAP ADJUSTMENT INSTRUCTIONS**

## **HOW TO SWAP STRAPS**

All of our straps feature interchangeable pins, allowing you to easily swap straps and give your watch a fresh look.

Learn more at the following web address:

[www.hartleywatches.com/pages/watch-strap](http://www.hartleywatches.com/pages/watch-strap)

## **MESH BAND**

You can effortlessly adjust your mesh band to achieve a perfect fit using the provided tool or any sharp object if the tool is misplaced.

Learn more at the following web address:

## **BUTTERFLY CLASP**

Featured on our premium crocodile embossed leather straps. If you're unfamiliar with setting up a butterfly clasp, it can be tricky.

## **STEEL BRACELET**

Adjusting a steel bracelet for a perfect fit can be challenging. We recommend visiting a local jeweler or watch repair shop to have it custom-fitted for you.

## **WARRANTY & SUPPORT**

Your 2 year warranty covers material production defects concerning the watch, strap and movement. It does not cover damage caused through misuse/physical force, or normal wear and tear.

If you have an issue with your timepiece, please ensure you contact our customer service team prior to attempting any course of repair on your own, as doing so will render your warranty void.

To lodge a support request, please email your details along with a description of the issue to [contact@hartleywatches.com](mailto:contact@hartleywatches.com).

In your email, please include your name, address, order number, and a detailed description of the issue, along with accompanying photos where possible.

We will investigate and respond as promptly as possible, usually within 12 hours.

### **WARRANTY REGISTRATION**

If you purchased your Legacy timepiece in-store, please register your warranty online by visiting the following web address:  
[www.hartleywatches.com/pages/legacy-warranty-registration](http://www.hartleywatches.com/pages/legacy-warranty-registration)

If you purchased online, your watch is already registered.
