

Step 1 : Uploading the "Rave Dream" sound pack

1 > Download the Elektron Transfer Software :

<https://www.elektron.se/support/?connection=transfer#resources>

2 > Unzip the "Big City - Rave Dream" folder on your hard drive.

And follow the transfer instructions :

https://www.elektron.se/wp-content/uploads/2018/08/Transfer-User-Manual_ENG.pdf

Step 2 : Loading the "Rave Dream" project

1 > Download the Elektron Software C6 :

https://www.elektron.se/wp-content/uploads/2019/10/Elektron_C6_MAC_AND_WIN_1.51.zip

2 > Locate "Big City - Rave Dream" folder on your hard drive

3 > Launch the C6 Elektron software and check midi preferences and delay settings via the menu **"Configure"**.

Midi In : Elektron Model:Samples
Midi Out : Elektron Model:Samples
Delay (ms) : 500

4 > Load the sysex files "Rave Dream Big City.syx" from the "9-Elektron Project Folder" and click on "Send"

Be careful to select before an empty project on your Elektron Model Samples

5 > Check that the transfer is completed by reviewing the "Sent" number : "1799641"
