LIGHTTAILING

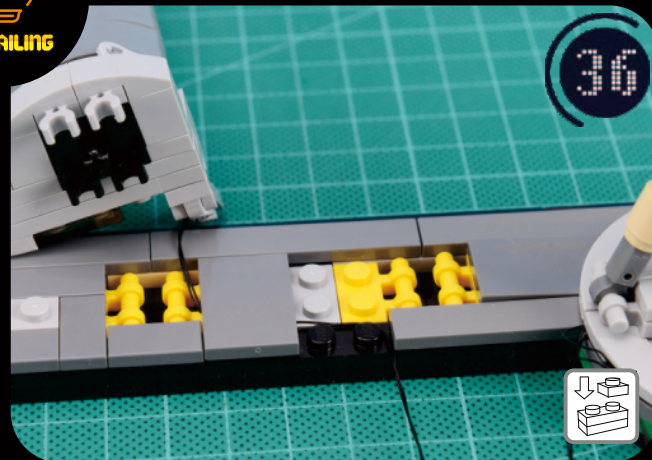

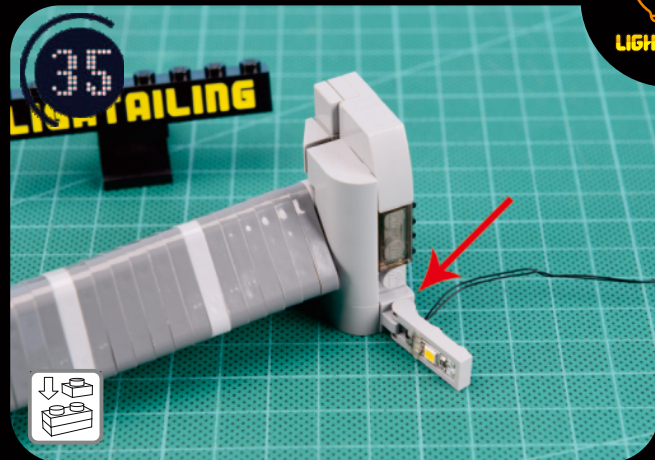

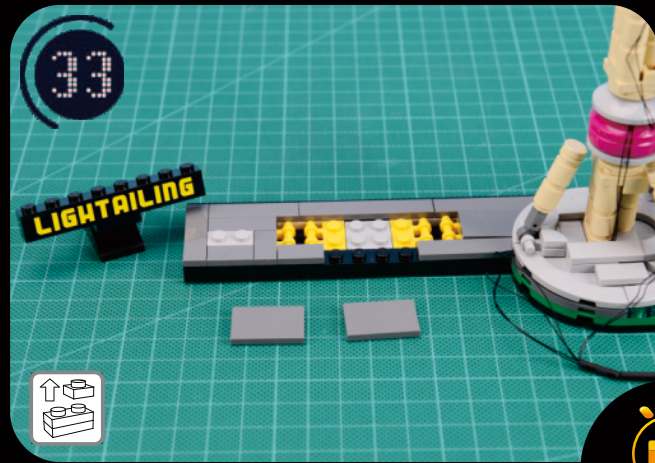

A black 1x6 Technic beam with six yellow 'L' shaped pins is shown. A white 1x2 Technic pin is being inserted into the bottom hole of the beam.

A 3D-printed white cylindrical component with a black wire and a red arrow indicating rotation. The component has a series of vertical slots and a black wire running through its center. A red arrow points to the bottom of the cylinder, indicating a rotational movement. The component is placed on a green grid background. In the top left corner, there is a yellow text "WIRING" and a small icon of a circuit board. In the top right corner, there is a circular icon with the number "16". In the bottom right corner, there is a small icon of a gramophone.
