Charging

Fully charge the camera before use

The camera does not come fully charged due to safety regulations. Before using it for the first time, please charge it for 10 hours with the charging cable inside the box (DC5V / 1.5A).

Laden Sie die Kamera vor der Verwendung vollständig auf

Die Kamera wird aus Sicherheitsgründen nicht vollständig aufgeladen geliefert. Bitte laden Sie sie vor der ersten Verwendung 10 Stunden lang mit dem im Lieferumfang enthaltenen Ladekabel auf (DC5V / 1.5A).

Ricaricare completamente la telecamera prima dell'uso

La telecamera non viene fornita completamente carica a causa delle normative di sicurezza. Prima di utilizzarla per la prima volta, si prega di caricarla per 10 ore utilizzando il cavo di ricarica incluso nella confezione (DC5V / 1.5A).

Status Light Statusleuchte Luce di stato	Description Beschreibung Descrizione
Solid yellow Durchgehend gelb Giallo fisso	Charging Ladevorgang Caricamento
Solid green Durchgehend grün Verde fisso	Fully charged Vollständig geladen Completamente carico
Solid blue Durchgehend blau Blu fisso	Working In Betrieb In funzione
Flashing blue Blaues Blinken Lampeggio blu	Wi-Fi Config Mode Wi-Fi-Konfigurationsmodus Modalità di configurazione Wi-Fi
None Aus Spenta	Sleep/power off Schlafmodus / Ausgeschaltet Modalità di riposo / Spento

When charging, both the ambient temperature and camera temperature should be above 32°F (0°C).

If the camera has been exposed to low temperatures for an extended period, it should be brought back to room temperature before charging.

Beim Laden sollten sowohl die Umgebungstemperatur als auch die Kamertemperatur über 32°F (0°C) liegen. Wenn die Kamera über einen längeren Zeitraum niedrigen Temperaturen ausgesetzt war, sollte sie vor dem Laden auf Raumtemperatur gebracht werden.

Durante la ricarica, sia la temperatura ambiente che la temperatura della telecamera devono essere superiori a 32°F (0°C). Se la telecamera è stata esposta a basse temperature per un periodo prolungato, deve essere riportata alla temperatura ambiente prima della ricarica.

Bird Identification

- If you have the Birdfy Feeder with Lifetime Free AI, the AI bird identification feature is included and activated automatically, no further action needed.
- If you have the Birdfy Feeder with AI by Subscription, you need to subscribe on **my.birdfy.com** to access this feature.

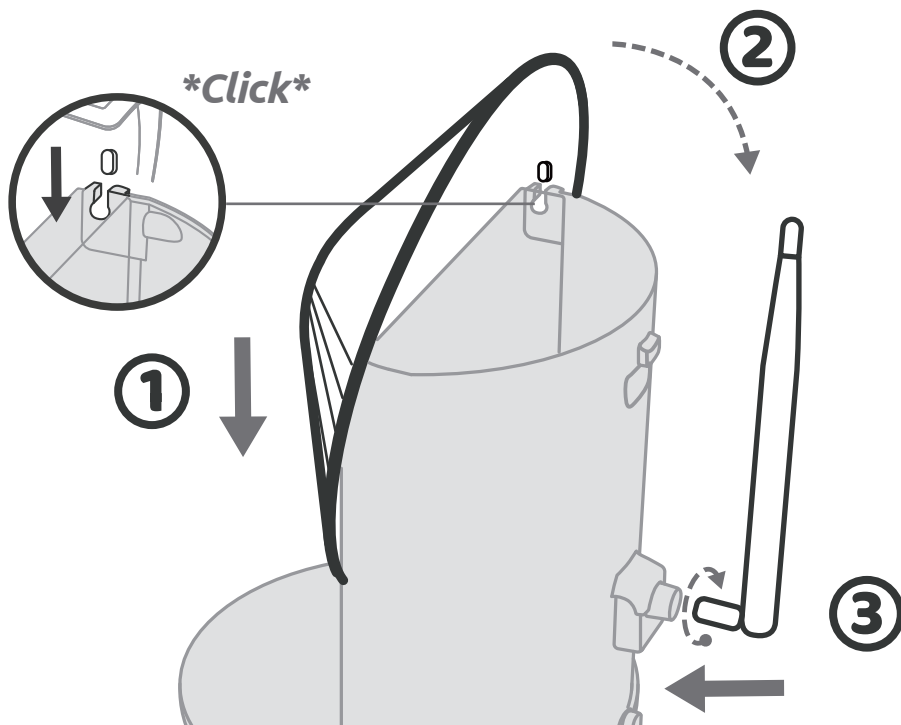

Vogelidentifizierung

- Wenn Sie den Birdfy Feeder mit lebenslang kostenloser KI haben, ist die KI-Vogelidentifizierungsfunktion bereits enthalten und wird automatisch aktiviert. Es sind keine weiteren Schritte erforderlich.
- Wenn Sie den Birdfy Feeder mit KI durch Abonnement haben, müssen Sie sich auf **my.birdfy.com** anmelden, um auf diese Funktion zugreifen zu können.

Identificazione degli uccelli

- Se possiedi il Birdfy Feeder con AI gratuita a vita, la funzione di identificazione degli uccelli tramite intelligenza artificiale è inclusa e attivata automaticamente, non sono necessarie ulteriori azioni.
- Se possiedi il Birdfy Feeder con AI tramite abbonamento, è necessario abbonarsi su **my.birdfy.com** per accedere a questa funzione.

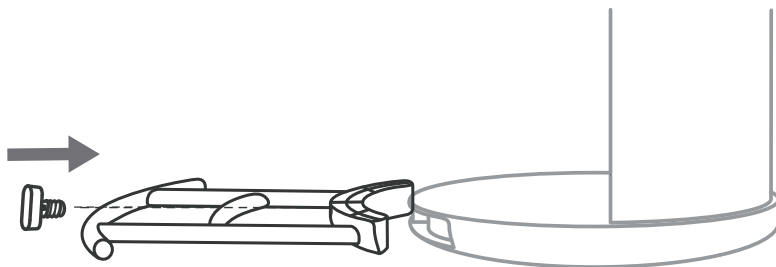

Assembly

1. Attach the roof to the feeder body.

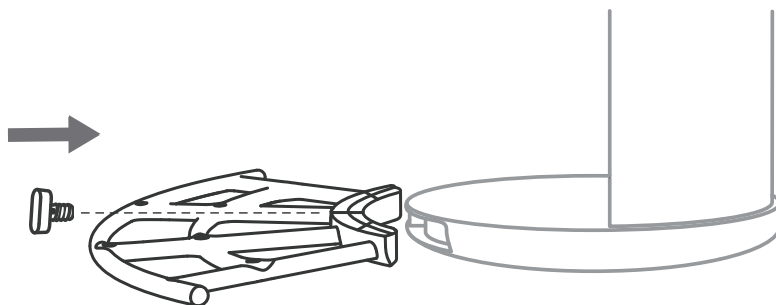

1. Befestigen Sie das Dach am Futterbehälter.

1. Fissa il tetto al corpo dell'alimentatore.

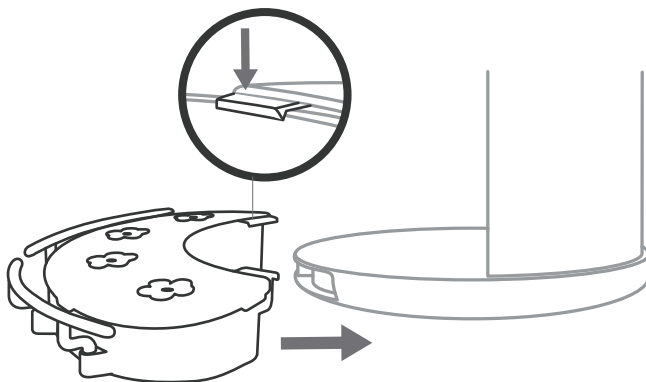

Birdfy Feeder

2. Install the perch with the provided thumbscrew.
2. Bringen Sie den Sitzstange mit der mitgelieferten Daumenschraube an.
2. Installa il posatoio con la vite a pollice fornita.

Birdfy Feeder with Perch Pro

3. Install the Perch Pro with the provided thumbscrew.¹
3. Bringen Sie den Perch Pro mit der mitgelieferten Daumenschraube an.¹
3. Installa il Perch Pro con la vite a pollice fornita.¹

Birdfy Feeder with Hummee

4. Attach the Hummee to the feeder body.²
4. Befestigen Sie den Hummee am Futterbehälter.²
4. Attacca il Hummee al corpo dell'alimentatore.²

¹ Refer to this step if you have the Birdfy Feeder with Perch Pro.

² Refer to this step if you have the Birdfy Feeder with Hummee.

¹ Beachten Sie diesen Schritt, wenn Sie den Birdfy-Futterbehälter mit Perch Pro haben.

² Beachten Sie diesen Schritt, wenn Sie den Birdfy-Futterbehälter mit Hummee haben.

¹ Fai riferimento a questo passaggio se hai l'alimentatore Birdfy con Perch Pro.

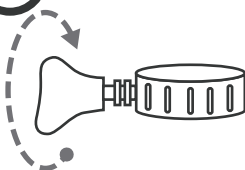

² Fai riferimento a questo passaggio se hai l'alimentatore Birdfy con Hummee.

Outdoor Installation

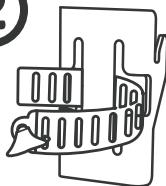

A. Pole-mounted

①

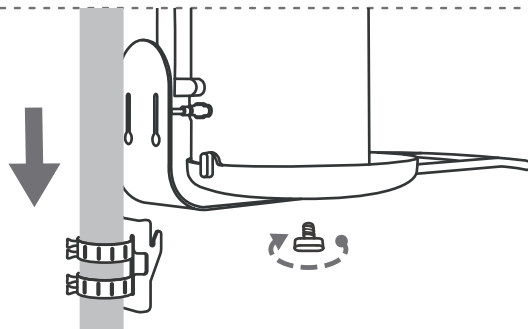

②

③

④

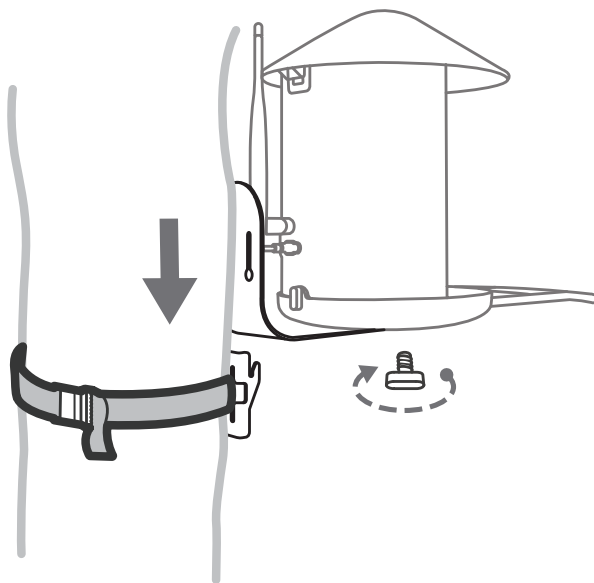

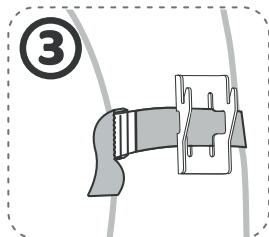

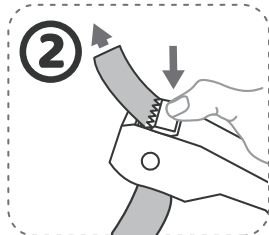

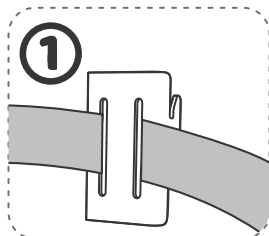

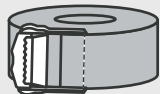

1. Loosen the hose clip.
1. Lösen Sie die Schlauchklemme.
1. Allentare la fascetta del tubo.

2. Wrap the hose clip around the hanging bracket.
2. Wickeln Sie die Schlauchklemme um die Hängehalterung.
2. Avvolgere la fascetta del tubo attorno alla staffa di sospensione.

3. Attach the hanging bracket to the pole.
3. Befestigen Sie die Hängehalterung am Pfosten.
3. Fissare la staffa di sospensione al palo.

4. Secure the feeder on the mounting bracket with the provided thumbscrew, then hang the feeder onto the pole.
4. Befestigen Sie den Futterspender mit der mitgelieferten Daumenschraube an der Montagehalterung und hängen Sie den Futterspender dann am Pfosten auf.
4. Fissare l'alimentatore alla staffa di montaggio con la vite a farfalla fornita, quindi appendere l'alimentatore al palo.

B. Tree-mounted

1. Slide the strap through the hanging bracket slots.

1. Schieben Sie den Riemen durch die Schlitzte der Hängehalterung.

1. Fai scorrere la cinghia attraverso le fessure della staffa di sospensione.

2. Wrap the strap around the tree.

2. Wickeln Sie den Riemen um den Baum.

2. Avvolgi la cinghia attorno all'albero.

3. Secure the feeder on the mounting bracket with the provided thumbscrew, then hang the feeder onto the tree.

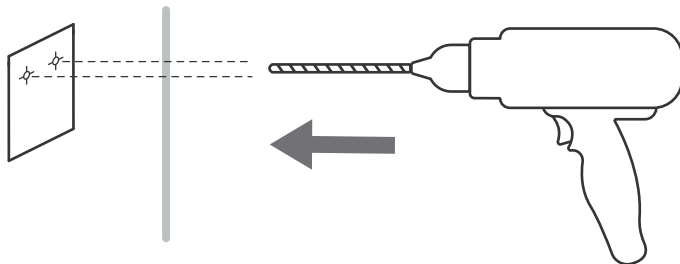

3. Befestigen Sie den Futterspender mit der mitgelieferten Daumenschraube an der Montagehalterung und hängen Sie den Futterspender dann am Baum auf.

3. Fissa l'alimentatore alla staffa di montaggio con la vite a farfalla fornita, quindi appendi l'alimentatore all'albero.

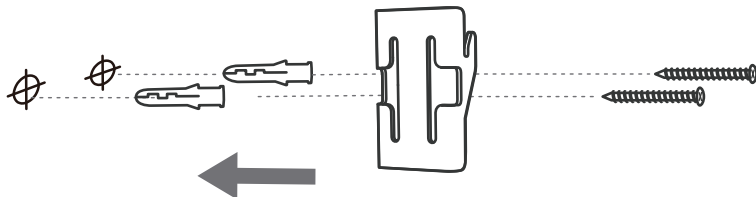

C. Wall-mounted

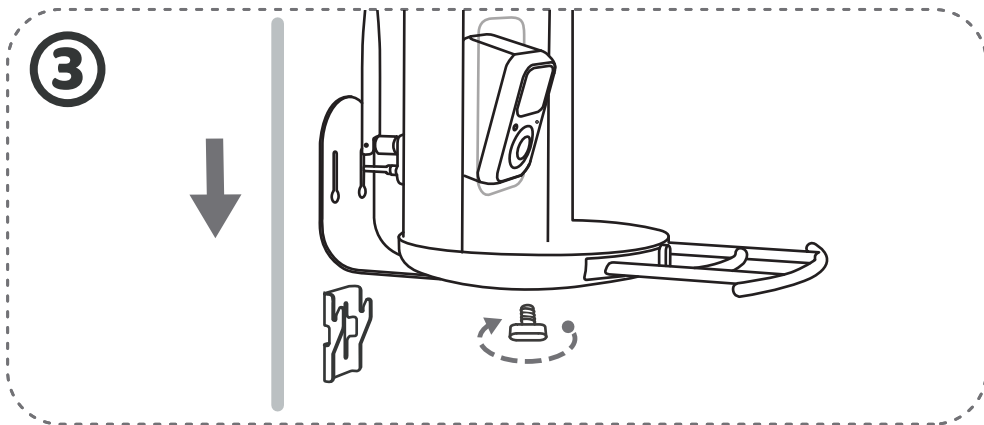

①

②

1. Use the drill template and an electric drill (15/64", 6mm) to drill two holes.

1. Verwende die Bohrschablone und einen elektrischen Bohrer (15/64", 6 mm), um zwei Löcher zu bohren.

1. Utilizza il modello per il trapano e un trapano elettrico (15/64", 6 mm) per perforare due fori. Utilizza il modello per il trapano e un trapano elettrico (15/64", 6 mm) per perforare due fori.

2. Drive the provided plastic anchors into the holes. Skip this step if you are mounting on wood. Next, fasten the hanging bracket on the wall using the screws.

2. Setze die mitgelieferten Kunststoffdübel in die Löcher ein. Überspringe diesen Schritt, wenn du das Montagehalterung an Holz befestigst. Befestige die Montagehalterung anschließend mit den Schrauben an der Wand.

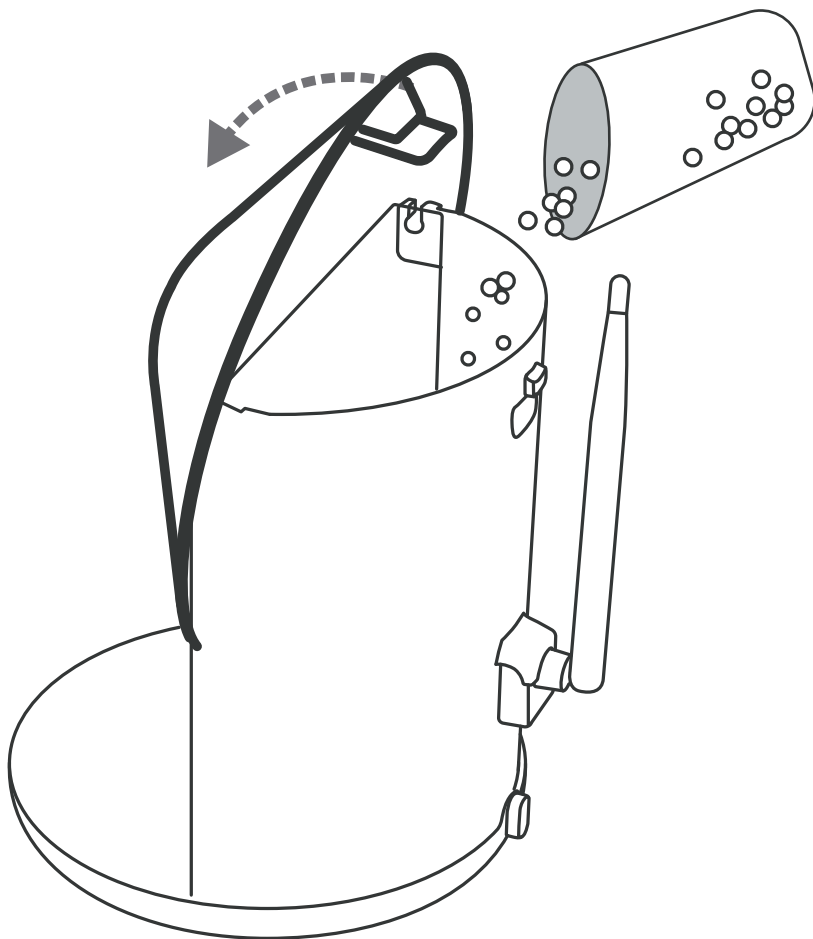

2. Inserisci i tasselli in plastica forniti nei fori. Salta questo passaggio se stai montando su legno. Successivamente, fissa la staffa di montaggio al muro utilizzando le viti.

3. Secure the feeder on the mounting bracket with the provided thumbscrew, then hang the feeder onto the wall.

3. Befestige den Futterspender mit der mitgelieferten Daumenschraube auf der Montagehalterung und hänge den Futterspender dann an die Wand.

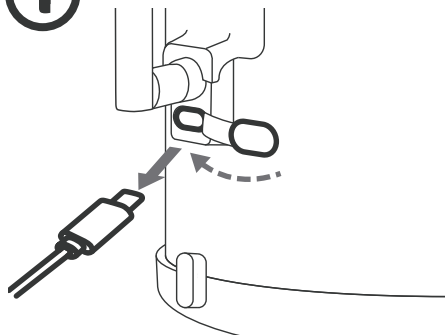

3. Fissa l'alimentatore alla staffa di montaggio con la vite a farfalla fornita, quindi appendi l'alimentatore al muro.

Warning

FCC Statement

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications made without explicit approval from the responsible party in compliance may result in the user being unauthorized to operate the device.

This device meets the FCC radiation exposure limits for uncontrolled environments. To ensure safe installation and operation, maintain a minimum distance of 20cm between the radiator and your body.

FCC ID: 2AO8RNI-8141 (Birdfy Feeder)

CE Statement

The information provided on the packaging is allowed to identify geographical areas within the member states where restrictions on use or requirements for authorized use exist, if applicable.

The structure of the product allows it to be used in at least one

member state without violating applicable requirements for the use of radio spectrum.

Manufacturer information:

NETVUE INC.

1055 East Colorado Boulevard 5th Floor

Pasadena, CA, 91106

IC Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils

radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

3. L'appareil ne doit pas produire de brouillage;
4. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.

Cet équipement respecte les limites d'exposition au rayonnement IC établies pour un environnement non contrôlé. Cet émetteur ne doit pas être localisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur. Cet équipement doit être installé et utilisé à une distance minimale de 20cm entre le radiateur et votre corps.

This radio transmittent IC:29263-NI8141 has been approved by Innovation, Science and Economic Development Canada to operate with the antenna types listed below, with the maximum permissible gain indicated, Antenna types not included in this list that have a gain greater than the maximum gain indicated for any type listed are strictly prohibited for use with this device.

Frequency(MHz)	Antenna Type	Antenna Gain	Matched Impedance	Remark
2400-2500	External Antenna	5.21dBi	50 Ω
