

Jabra Evolve2 55 - Link390a MS Stereo

How do I manually reset my Jabra Evolve2 55 to the default settings?

When you reset your Jabra Evolve2 55, previously paired devices and settings will be cleared.

To reset, ensure that the headset is turned on, and you are not on a call. Then simultaneously press and hold (3 seconds) the **Answer/end call** and **Volume up** buttons on the right earcup, until the LED lights pink and you hear an announcement in the headset.
