# 02 Instructions Before Using

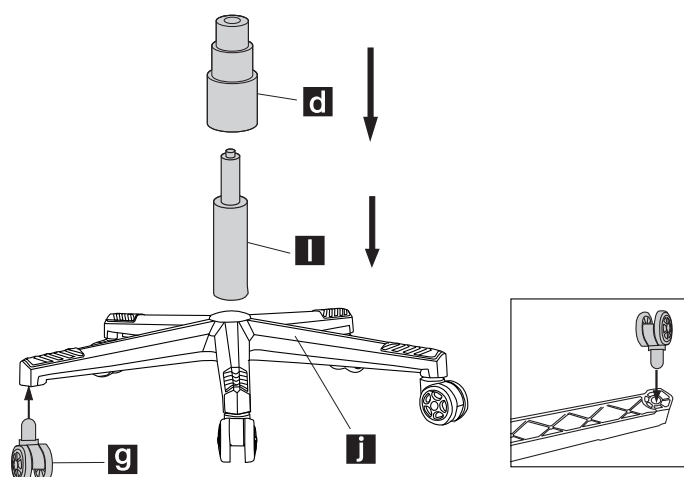

## Chair Installation

Please keep the original box in case you might need to return or replace the product.

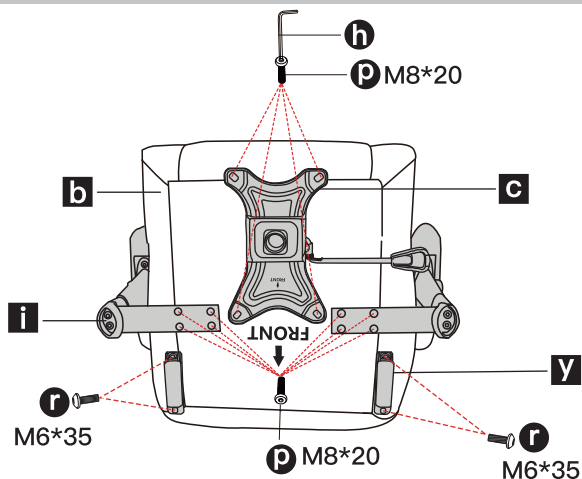

**1** Combine ① and ② with ⑤ (2pcs) screws.

**2** Insert the casters. Install the gas lift and insert the gas lift cover.

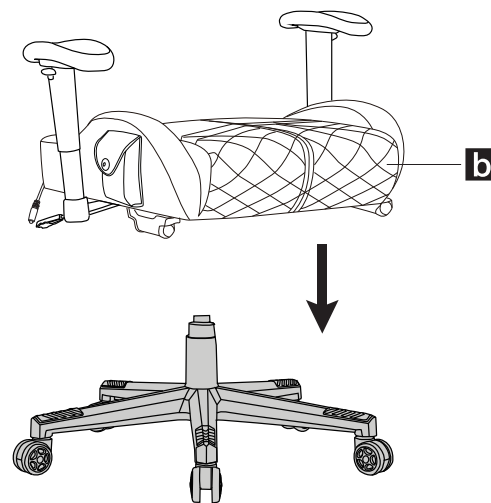

### 3 Install the mechanism, armrests and footrest rails.

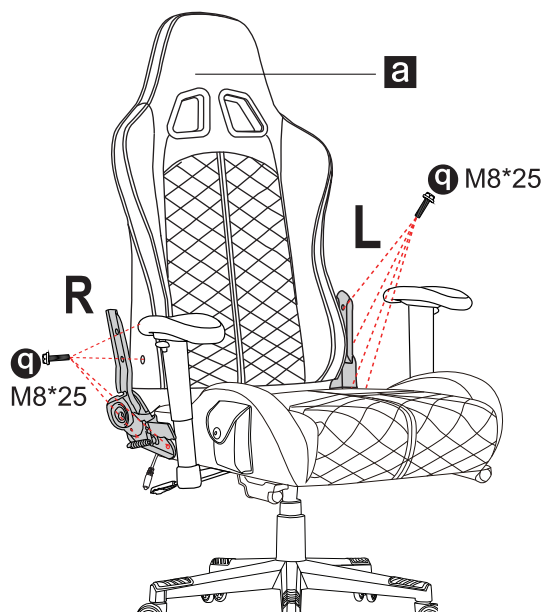

Attention

DO NOT tighten all the screws completely until they are fixed in the correct position.

### 4 Place the seat on the gas lift.

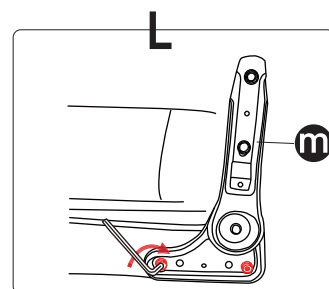

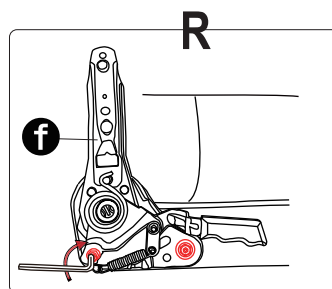

### 5 Install f & m on the seat and back.

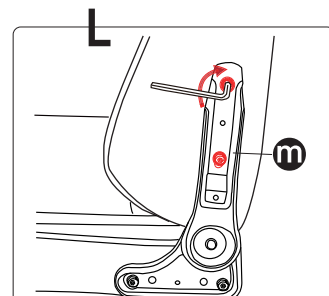

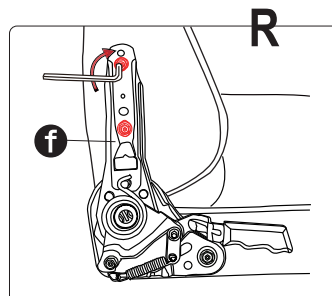

Attention

DO NOT tighten all the screws completely until they are fixed in the correct position.

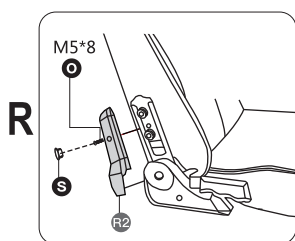

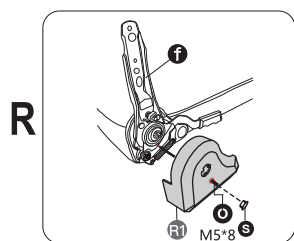

#### 01 First install f & m on the seat.

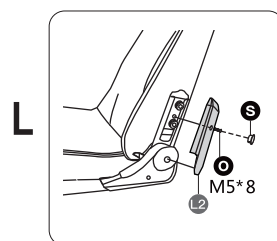

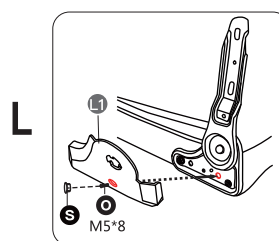

#### 02 Then install f & m on the back.

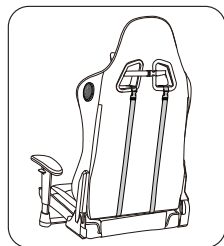

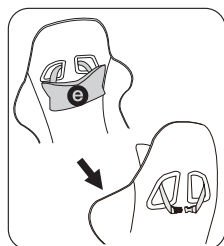

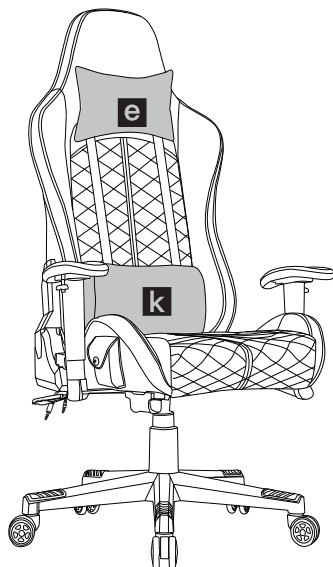

### 6 Put M5\*8 screws through the holes of R1 & R2 and tighten them, and then put the caps on.

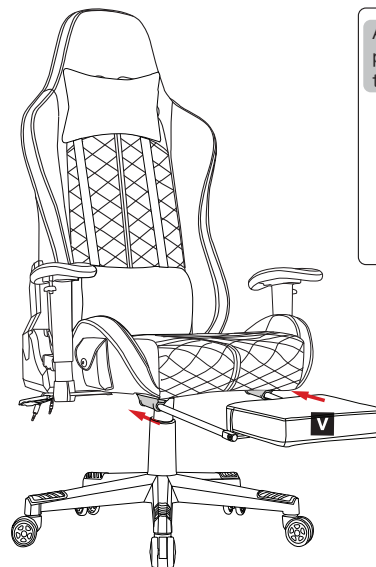

### 7 Install L1 & L2 with M5\*8 screws, and then put the caps on.

## 8 Install the footrest on the footrest rails.

## 9 Attach the headrest and lumbar pillow. Assembly is complete.

After installing the footrest, put the rubber rings **t** into the metal grooves.

### Frequently Asked Questions:

**Q:** Why do I hear a creaking sound after using this chair for a period of time?

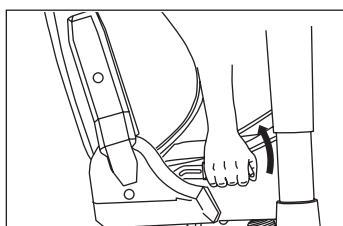

**A:** Check where the noise comes from.

- Disassemble the mechanism, and then reinstall it with the screws tightened;
- Tighten the 8 screws of the angle adjustor and connector.

## 03 Instructions For Use Functions Display

Please read the function introduction carefully.

**A**

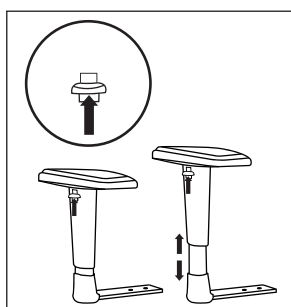

Tilt angle adjustor

Lift the tilt angle adjustor to recline and release it to any desired position. Lean on back when resetting back to its normal position to prevent hurts from excessive rebound strength of the chair.

**B**

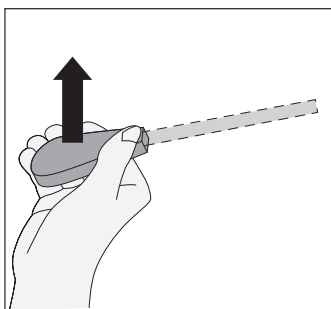

Lift up the button on the side of the armrest to adjust the height, raise or lower to the desired position.

**3**

C

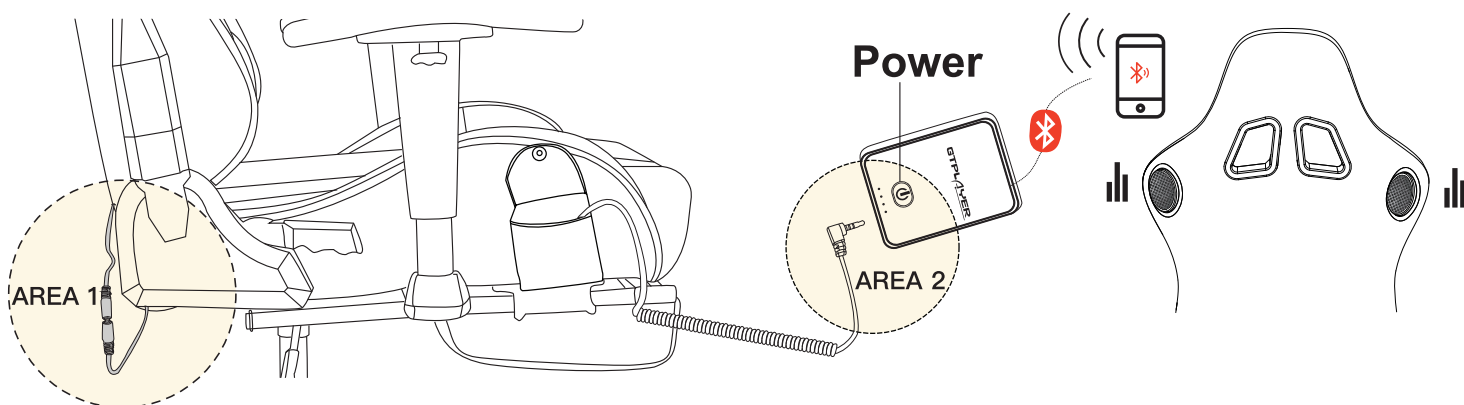

Pull upward on lever to achieve height adjustment.

## C Bluetooth Receiver User Manual

### 01. This chair can play audio through Bluetooth function.

When hearing a click, the cables are properly connected in place.

**Note:** Please ensure that all audio jacks in the AREA 1 and AREA 2 are properly connected in place, otherwise one side of the bluetooth speakers may not sound.

### 02. Contents

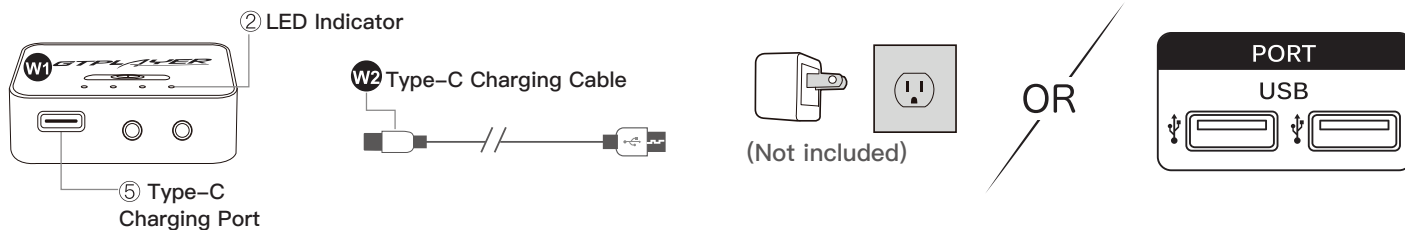

* W1 W2 are in the side pocket of the seat.		
<b>01 Bluetooth Receiver W1</b> <p>① Multi-function Button ② LED Indicator ③ Audio Jack ④ Audio Jack Type-C ⑤ Charging Port</p>	<b>02 Charging Cable</b> <p>W2</p>	<b>03 Bluetooth Speakers</b> <p>Two circular speakers connected by a cable.</p>

## 03. BASIC OPERATION

### (1). Charging

Charge the Bluetooth receiver **W1** with Type-C charging cable **W2** or battery charger (Not included) for about 90 min, and it will be fully charged. The LED indicator light ② flashes blue ● when charging, and 4 blue lights ●●●● are always on when fully charged . (There are 4 blue lights in total, and one blue light represents 25% battery.)

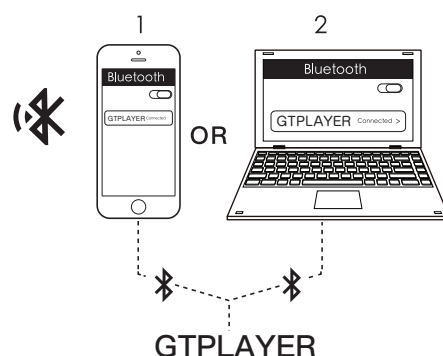

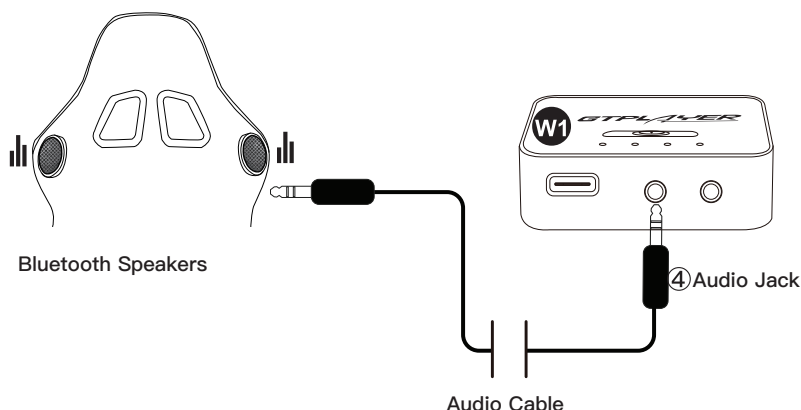

✱ Note: This Bluetooth receiver **W1** cannot be used when it is charging.

### (2).Pair and Connect
