Requires assembly.

Create your own wardrobe or closet solution:

By combining frames and doors from the PAX series with the KOMPLEMENT interior organizers, you can create exactly the wardrobe you need. Or you can choose one of our suggested solutions. The result is a wardrobe to suit both your home and your clothes.

Use our PAX planning tool

You can create your wardrobe on the planner found in the PAX area of the store, or in the comfort of your own home. Just visit the bedroom department at IKEA.ca, go to the PAX planner and start making a wardrobe uniquely designed for you – by you.

Do it yourself or let us help

You might well be able to do everything yourself, but you don't have to! Let us help make your wardrobe dream a reality with service offers like delivery, assembly and more. Read more at IKEA.ca or on the last page of this guide.

This is a reference guide created to better assist customers when purchasing products. While a high level of accuracy has been sought in its preparation, we cannot guarantee that there are no errors or omissions, nor will we be bound by them. Availability may vary by store. Please see an IKEA co-worker or visit IKEA.ca for more information.

Choose your wardrobe

We have a wide range of PAX/KOMPLEMENT combinations to choose from which you can find in the store or on our website at IKEA.ca. If you don't find a pre-designed solution that you like, you can use our PAX/KOMPLEMENT planner to create the perfect solution that suits your needs and taste.

Begin by looking through the ready-made combinations on the web or in the planner gallery and choose one that inspires you. You will then have a pre-designed combination to start from that you can customize to your needs. You can, for example, change the size and the colour of the wardrobe, or the interior organizers.

You can also use the planner to design your own unique PAX/KOMPLEMENT combination from scratch. There are 3 simple steps to follow when choosing your wardrobe solution.

1. Choose frames. Consider how much space you have available in your room. It's important to know the maximum height and width of your new wardrobe. Remember, you can also make the most of unused space with corner units.

2. Pick your style. What colour do you want your wardrobe to be? We offer a wide selection of doors in different colours.

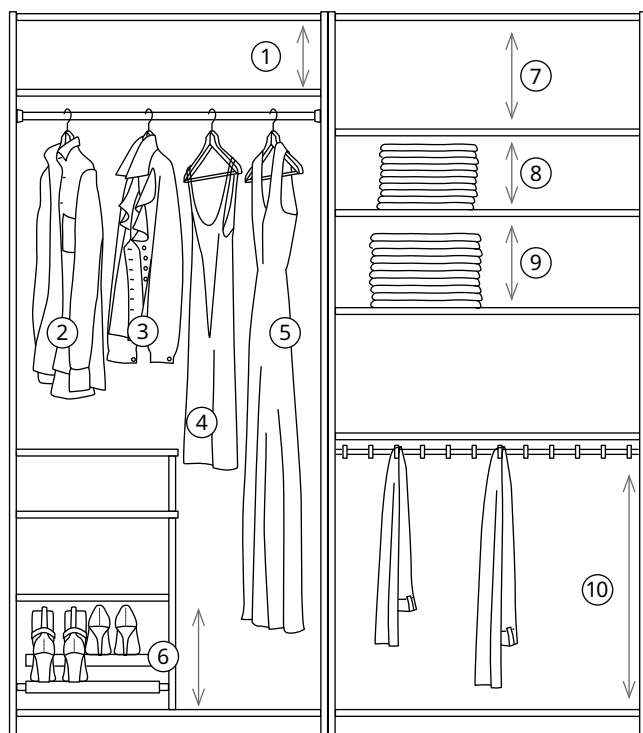

3. Choose interior organizers. Think through your day-to-day needs. Do you have a lot of shoes? Then a pull-out tray with shoe inserts could be a good option for you. If you keep your summer and winter clothes in the same place, deep baskets will store your clothes neatly away.

Once you have decided on the interior organizers, it's time to add the finishing touches. Complete your new wardrobe with your choice of boxes and inserts from our extensive range of interior accessories. And for a really great result, don't forget the integrated lighting! Simple to install and makes it so much easier for you to find the right outfit.

The PAX/KOMPLEMENT planner helps you to calculate the price of your wardrobe, and allows you to print or save a product list that you can bring to the store or use to buy online.

The planner can be found in the wardrobe area of the store or in the comfort of your own home. Just visit the wardrobe department on the IKEA website and go to the PAX/KOMPLEMENT wardrobe planner: IKEA.ca

Good to know measurements

Hard to know how much space your clothes will take? Here's a useful guide of a few measurements and generic clothes sizes that could come in handy when planning your wardrobe.

1. Plan 19 cm (7½") to fit SKUBB storage boxes.
2. Plan approx. 100 cm (39¼") for coats.
3. Plan approx. 80 cm (31½") for blouses.
4. Short dresses need approx. 120 cm (47¼").
5. Really long garments might need up to 190 cm (74¾").
6. Plan 33 cm (13") for a pull-out shoe shelf.
7. Plan approx. 28 cm (11") to fit a HEMMAFIXARE storage box.
8. Plan approx. 25 cm (9⅞") for 10 folded t-shirts.
9. Plan approx. 30 cm (11¾") for 10 folded sweaters.
10. Plan approx. 60–70 cm (23⅝–27½") for hanging pants.

Integrated lighting

Now you don't need to worry about getting bright light in your eyes or it waking up your partner when you look for clothes. Instead, you start the day when you open your wardrobe and the soft light from our LED lighting strips turns on. Or choose cabinet lighting placed on top of the wardrobe to help you see

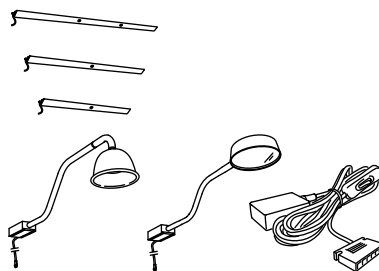

what's on the top shelf. Cabinet lighting also provides a nice and cozy atmosphere in the entire room when the wardrobe doors are closed. You can even connect to IKEA Smart lighting using the TRÅDFRI gateway.

Basic parts

How to choose a driver

Choose the TRÅDFRI LED driver for wireless control or the ANSLUTA LED driver, based on how many units you want to connect, and whether you want to have a dimming/smart function or not. Choose the ANSLUTA driver for basic on/off function – you can connect up to 6 different lighting units to the driver, as long as the total wattage does not exceed the

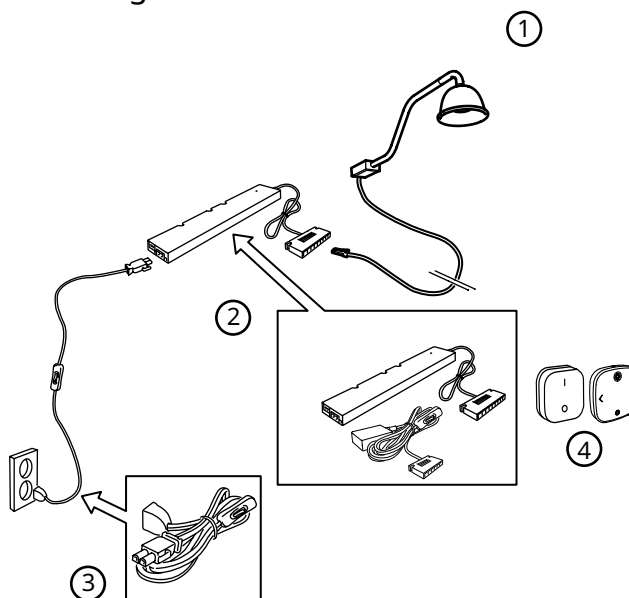

19 W limit. Choose a TRÅDFRI driver for a dimming/smart function – you can add up to 3 different lighting units to the 10W driver, and up to 9 different lighting units to the 30W driver. The lighting units should not exceed the 10W or 30W limits of the TRÅDFRI LED drivers. The driver(s) can be mounted and hidden inside your wardrobe.

On/off function

1. Lighting unit(s)
2. TRÅDFRI or ANSLUTA LED driver(s) - choose based on the total watts of your lighting units (separate drivers for exterior and interior lighting).
3. ANSLUTA power supply cord.

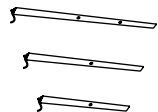

Dimming function

1. Lighting unit(s)
2. TRÅDFRI LED driver(s) - choose based on the total watts of your lighting units (separate drivers for exterior and interior lighting).
3. ANSLUTA power supply cord.
4. RODRET wireless dimmer/power switch (for dimming, on/off function only) OR STYRBAR remote for wireless control (for dimming or smart control with DIRIGERA hub).

Integrated lighting - all parts

Dark wardrobes do not make for a quick choice of clothing in the morning. Our integrated wardrobe lighting can help you see what you have (or don't have!) to wear. The LED lights in our ÖVERSIDAN series are designed to fit perfectly in our PAX wardrobes. They don't emit much heat, so they're ideal for narrow spaces. Simply open the door, and they're on!

ÖVERSIDAN LED wardrobe lighting strip with sensor.

To be completed with TRÅDFRI LED driver and ANSLUTA power supply cord, sold separately. Dimmable with TRÅDFRI wireless dimmer and DIRIGERA hub, sold separately. LED light source is built-in and has a lifetime of approximately 25,000 hours.

How to build integrated lighting

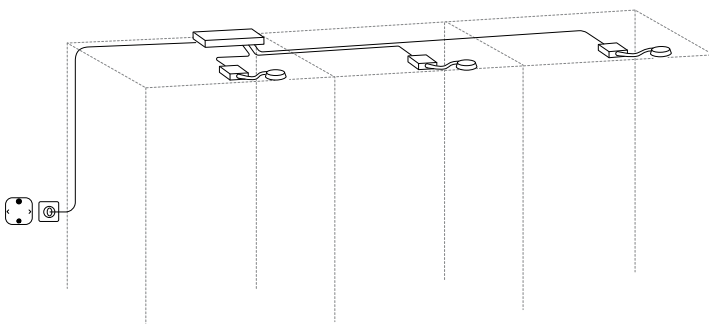

ÖVERSIDAN lighting strips

ÖVERSIDAN interior lighting connects to an LED driver and power supply cord. Use the TRÅDFRI LED driver if you want to use the smart lighting remote with your ÖVERSIDAN, for example, if you are using your PAX wardrobe as an open storage solution without doors.

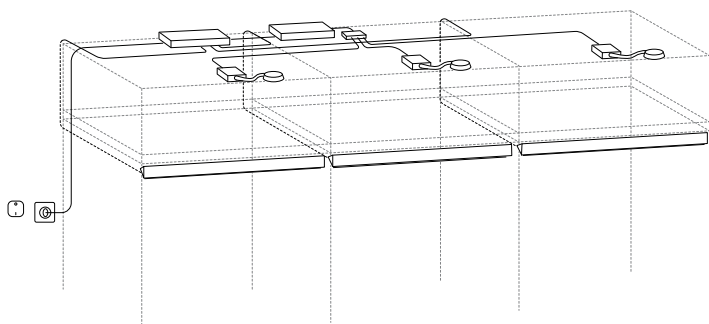

Cabinet lighting

The cabinet lighting connects to an LED driver and power supply cord. Use the TRÅDFRI LED driver if you want to use the smart lighting remote to turn on/off or dim the lights, and so you can connect to the DIRIGERA hub if you want to control them together with other lights in your room.

ÖVERSIDAN and cabinet lighting with smart lighting remote

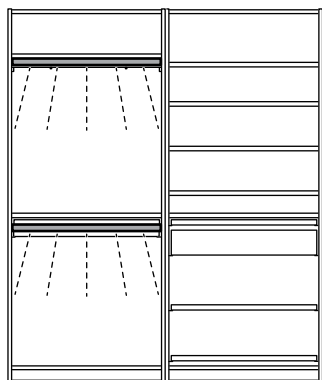

ÖVERSIDAN interior lighting, and the cabinet lighting on top of the PAX frames, each need an LED driver so that they can function separately. The ÖVERSIDAN lights switch on and off automatically when you open or close the PAX doors, and the cabinet lights can be turned on/off or dimmed with a smart lighting remote.

Integrated lighting solutions – combination examples

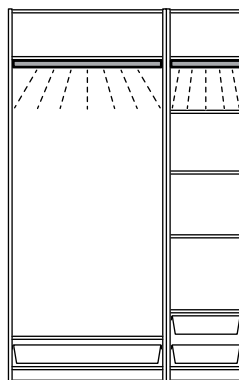

Here you can find some integrated lighting solutions for the PAX wardrobe. In these solutions we placed the ÖVERSIDAN lighting strips to help you to find everything you are looking for in your

Over the cabinet lighting

TVÄRDRA and YTBERG are a cabinet's best friend – they light things up, and spread a soft light that creates a cozy atmosphere in the room. They also provide a focused light that is good for lighting smaller areas. Use them on top of a wardrobe in the bedroom, or together with storage in the living room, kitchen or hallway.
