SAFETY

This furniture must be fixed to the wall. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home, sold separately.

ASSEMBLY

Minimum ceiling heights required are 202 cm and 237 cm.
IMPORTANT: 2 persons are required to assemble this furniture safely.

Create your own wardrobe

By combining frames and doors from the PAX series with items from the KOMPLEMENT series of interior organisers, you can create exactly the wardrobe you need. Or you can choose one of our suggested storage solutions and add or remove interior organisers as you wish. Whatever you choose, the result is a wardrobe to suit both your home and your clothes.

Use our planning tools

You can create your wardrobe on the planner found in the PAX area of the store or in the comfort of your own home. Just visit www.IKEA.com.tr to download the bedroom planner for free.

CHOOSE YOUR WARDROBE

We have a wide range of PAX/KOMPLEMENT combinations to choose from which you can find in the store or on our website at www.IKEA.com.tr/en If you don't find a pre-designed solution that you like, you can use our bedroom planner to create the perfect solution that suits your needs and taste.

Begin by looking through the ready-made combinations on the web or in the planner gallery and choose one that inspires you. You will then have a pre-designed combination to start from that you can customise to your needs. You can, for example, change the size and the colour of the wardrobe, or the interior organisers.

You can also use the planner to design your own unique PAX/KOMPLEMENT combination from scratch. There are 3 simple steps to follow when choosing your wardrobe solution.

1. Choose frames. Consider how much space you have available in your room. It's important to know the maximum height and width of your new wardrobe. Remember, you can also make the most of unused space with corner units.

2. Pick your style. What colour do you want your wardrobe to be? We can offer a wide selection of doors in different colours.

3. Choose interior organisers. Think through your day-to-day needs. Do you have a lot of shoes? Then a pull out tray with shoe rails could be a good option for you. Or perhaps you have a lot of trousers? Then a trouser hanger will come in handy. If you keep your summer and winter clothes in the same place, deep wire baskets will store your clothes neatly away.

Once you have decided on the interior organisers, it's time to add the finishing touches. Complete your new wardrobe with your choice of boxes and inserts from our extensive range of interior accessories. And for a really great result, don't forget the integrated lighting!

Bedroom planner helps you to calculate the price of your wardrobe. You can also check the stock availability and print or save a product list that you can bring to the store or use to buy online.

The planner can be found in the bedroom area of the store or on www.IKEA.com.tr/en
