Assembly

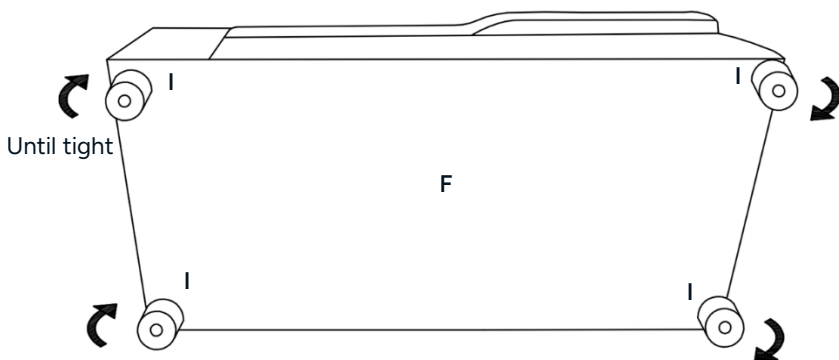

Step 1: Attach the Feet to the Main Seat

1. Turn the main seat (H) upside down.
2. Attach the x4 metal brackets (K) at each corner using x4 screws (J) per bracket.
3. Insert and tighten x4 feet (I) into the bracket positions.
4. Once secure, carefully stand the main seat (H) upright.

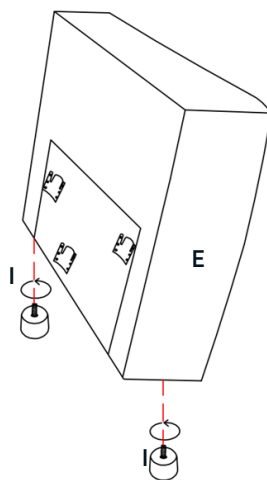

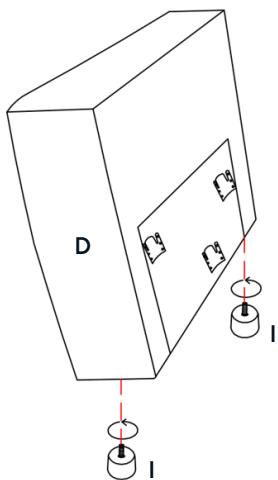

Step 2: Attach the Legs to the Chaise Seat

1. Flip the chaise seat (F) upside down.
2. Insert and tighten x4 feet (I) into the designated holes.
3. Carefully stand the chaise seat (F) upright once the legs are secure.

Step 3: Attach Legs to the Armrests

Attach x2 feet (I) to the bottom of each armrest (D & E). Ensure they are securely tightened.

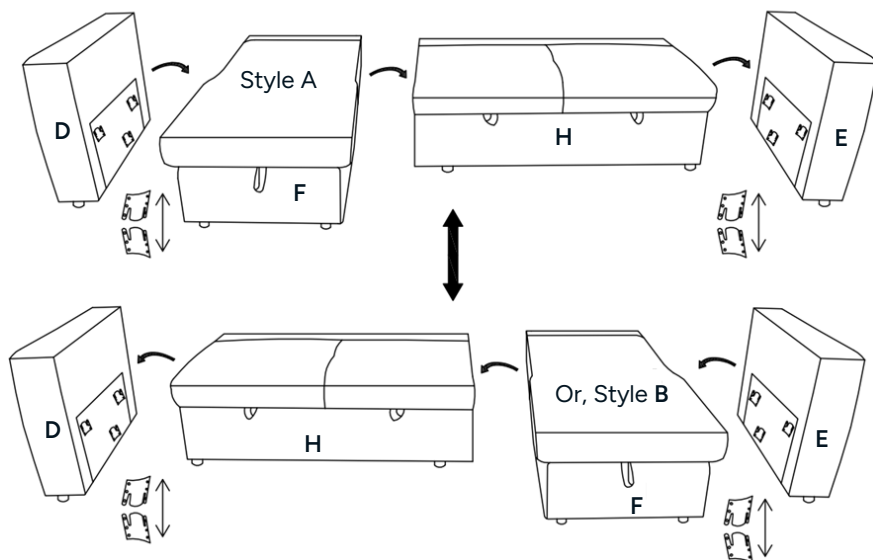

Step 4: Attach the Armrests to Seats

1. Choose your preferred configuration:

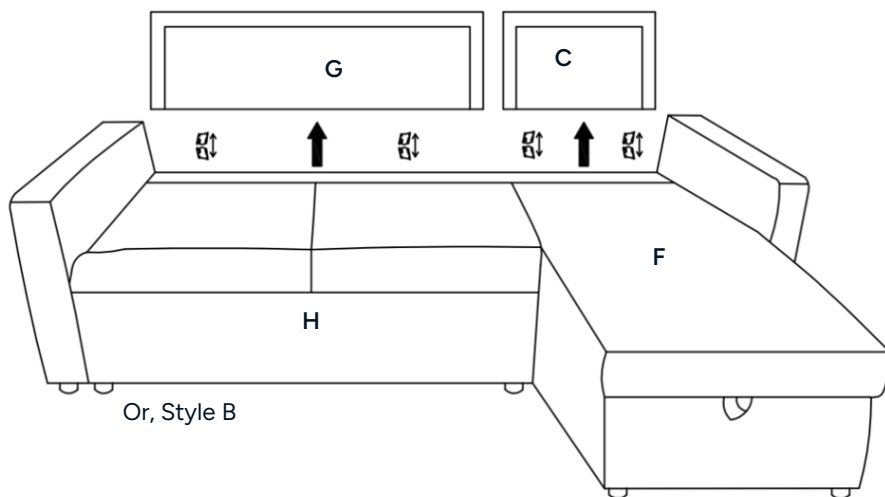

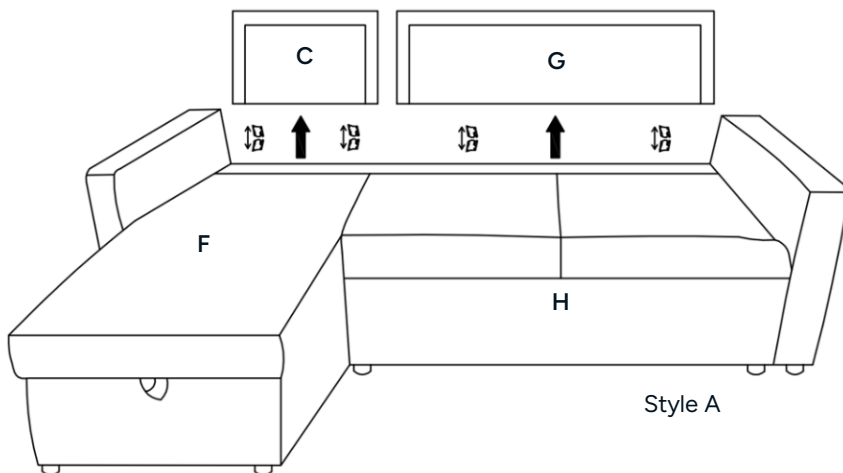

- **Style A:** Place armrest (D) on the left of the chaise seat (F) and armrest (E) on the right of main seat (H).
- **Style B:** Reverse the positions, with armrest (D) on the left of the main seat (H) and armrest (E) on the right of the chaise seat (F).

2. Slide the brackets fully into place until secure.

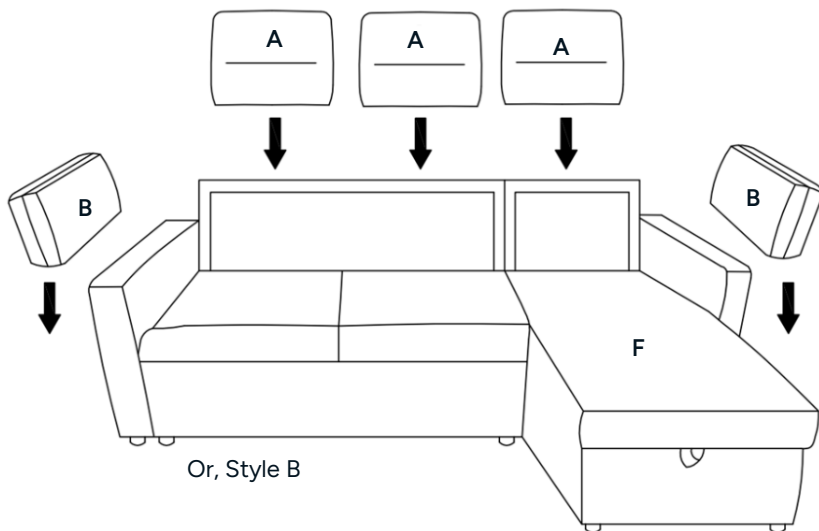

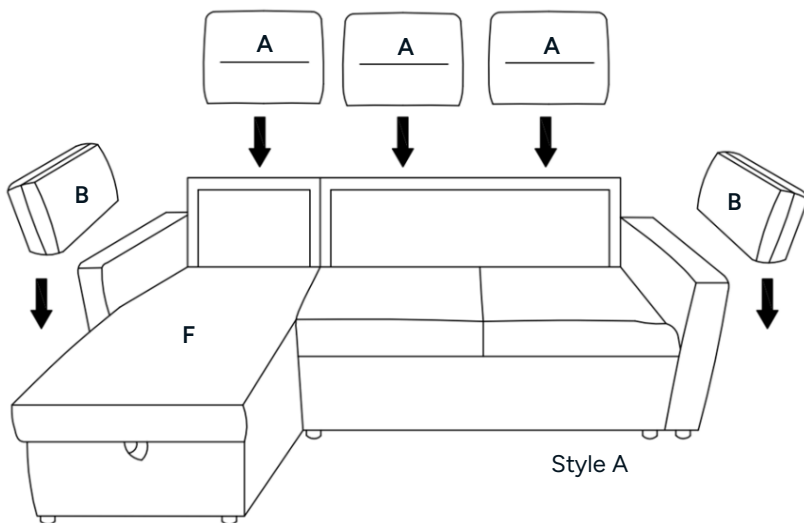

Step 5: Install Backrests

- Insert the chaise backrest (**C**) into the rear slots on the chaise seat (**F**).
- Insert the main seat backrest (**G**) into the rear slots on the main seat (**H**).

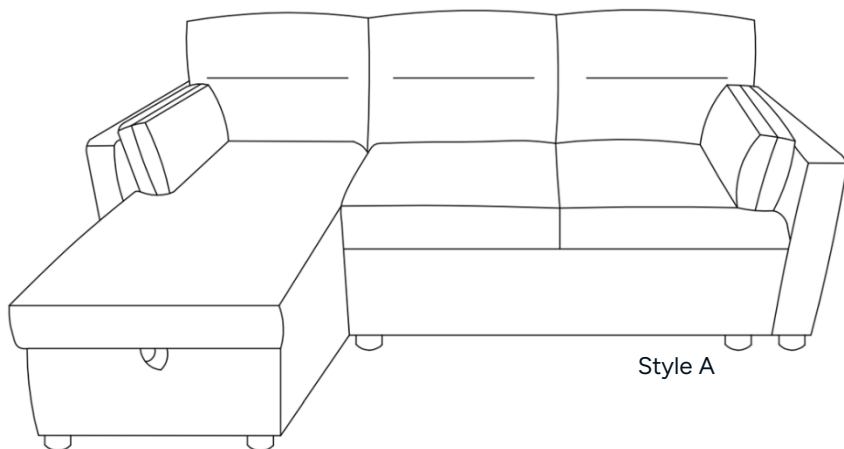

Step 6: Place the Cushions

- Place the x3 back cushions (A) on the backrests (C & G).
- Place the x2 side cushions (B) onto the armrests (D & E).

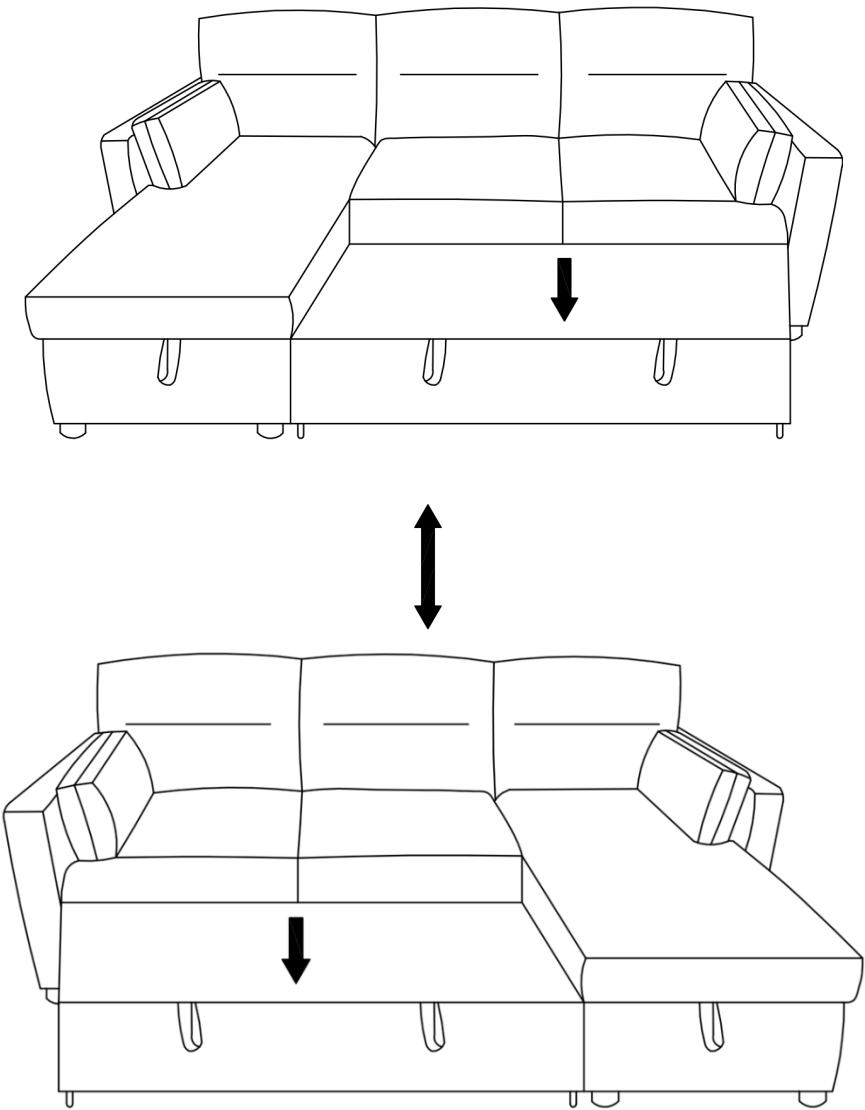

Step 7: Confirm Final Configuration

- Your sofa should now resemble either Style A or Style B, based on your earlier configuration choice.
- Verify that all components are aligned and securely fitted.

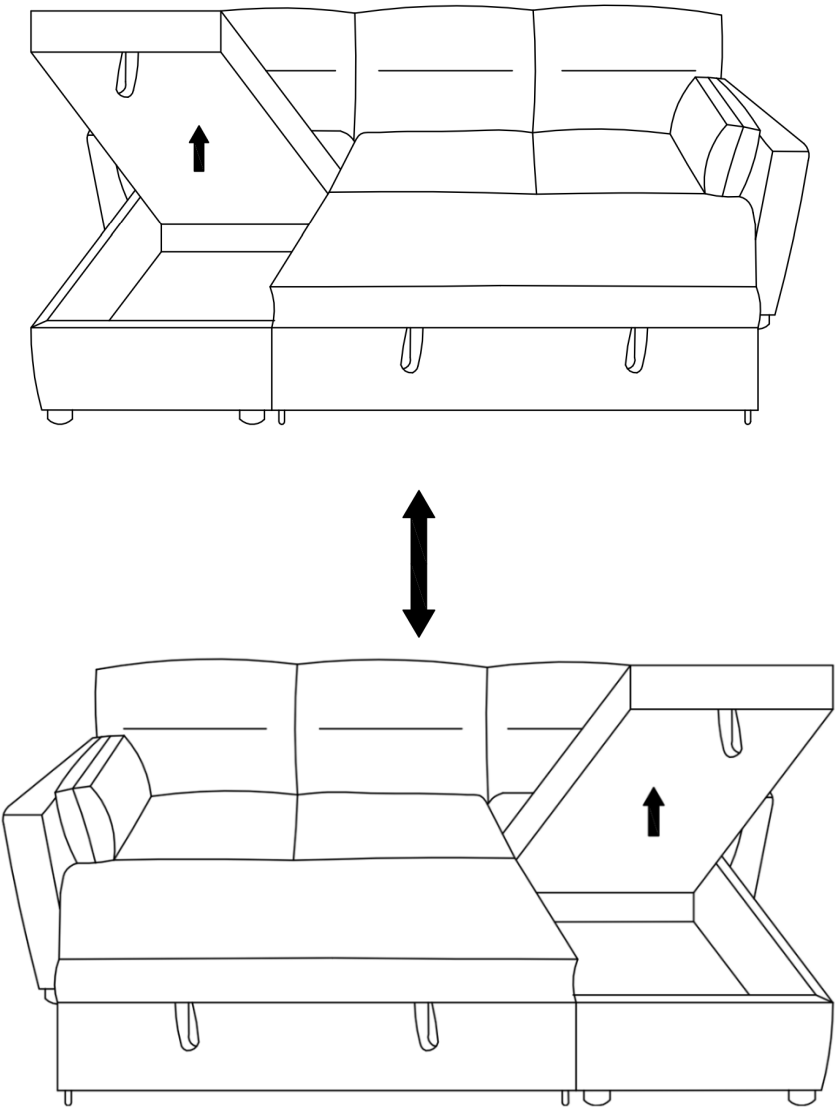

Step 8: Convert to Bed Mode

Pull out the lower section of the main seat (**H**) to extend the seating area. This converts the unit into a bed for sleeping use.

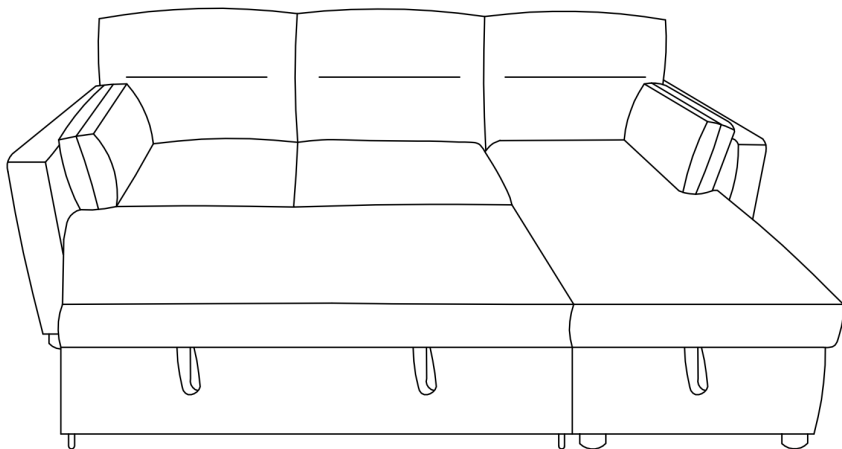

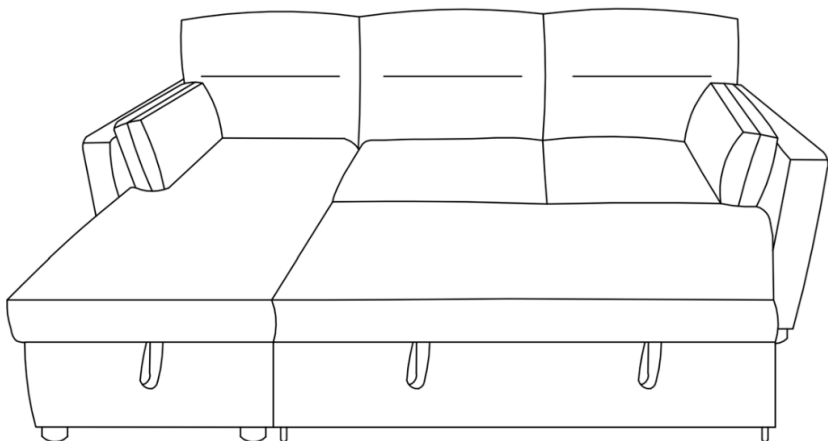

Step 9: Access Hidden Storage

Lift the chaise seat (F) cushion to reveal internal storage space. This is ideal for storing pillows, blankets, or accessories.

Step 10: Completion

The assembly is now complete. Dispose of all packaging materials thoughtfully.
