ENHET is easy to buy and equally easy to update if you need to, or simply feel like it. You can choose between ready-made combinations online and buy your favourite with a few clicks. All parts are easy to assemble, intuitively and without any special tools.

The playful design in different colours inspires you to adapt ENHET to reflect your personality. With a combination of closed cabinets and open shelves in stable metal frames you can display your favourite things and hide the rest. The ENHET kitchen units also come in different widths and depths, making them easy to adapt to a smaller space.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.gr for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

Services

You can do everything by yourself, but you don't have to. Our broad service offer gives you the freedom to design your own price tag by choosing not only the products that suits your budget but also deciding how much you want to do yourself and how much you want us to do for you. For more details, call our Customer services, talk to a co-worker at your local IKEA store or visit us at www.ikea.gr

Measuring

If you want to be sure that your room drawing is as accurate as possible, we measure the room and check everything, from the placement of windows, doors, and power sockets to the material and condition of the walls.

Planning

Get help with the planning of your new kitchen, by booking an appointment with one of our experts at IKEA. You bring the measurements and drawing or a picture of the area – we help you with inspiration and functional solutions for everything, from the placement of cabinets and appliances, desks and storage to lighting, sinks and wash-basins.

Delivery

Whether you're shopping in store or online, and no matter how big the purchase, we'll do the heavy lifting and bring it to your home or business. We deliver on a day and at a time that suits you.

Removal

When you buy a kitchen with delivery from us we're happy to take care of your old one. Whatever can't be used will be recycled responsibly.

Assembly

Sometimes it's nice to have someone else put your furniture together. We're happy to do it for you. Getting us to put it together can be a real time-saver.

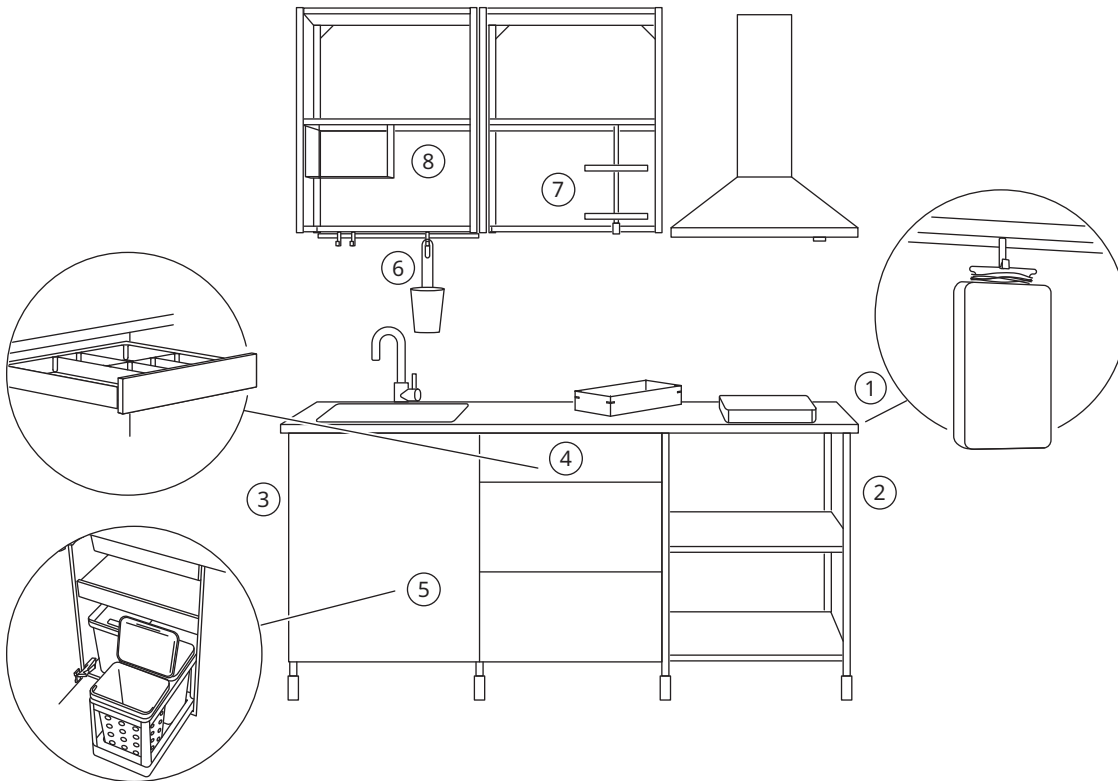

Kitchen installation

If you want to make things smooth and easy for you – we'll install your new kitchen and coordinate the job from start to finish. We handle all those time-consuming jobs like fitting sinks, taps and worktops. And you can rest assured that the installation of gas/electric appliances is done properly. We also take the packaging with us when your kitchen is in place.

Organise your kitchen

A well organised kitchen is a kitchen you'll love spending time in. When planning what your kitchen should include, think of how you want to utilise your workspace, cabinets and open frames in the best possible way based on your personal needs.

There is a wide range of accessories designed to be combined with ENHET open frames to add more functionality and versatility to your ENHET solution. For all the functions of ENHET accessories check page 8.

1. A freestanding/flexible hob can be hung on hooks on the side of the open base frame to get a larger workspace to prepare cooking.
2. An open frame under the hob, gives a good overview and makes it easy to reach the pots, pans and small appliances needed when cooking.
3. For a fully functional kitchen place a fridge/freezer next to the solution. Or turn it into a laundry station by placing a washing machine next to the storage solution.
4. By using drawers you have handy storage for the smallest utensils to the largest pots. With drawers that pull-out almost all the way, you get a good overview and easy access to the content. To organize the content of your drawers, use trays, boxes and plate holders.
5. To utilise the volume of the sink cabinet, use HÅLLBAR waste sorting solution. With waste sorting under the sink you can reduce spills that come from moving waste from sink to bin.
6. ENHET rail for hook and hooks and SKATTÅN containers allow you to utilise every centimeter for storage under the wall frame to free up workspace on the worktop.
7. ENHET swivel shelf gives you quick and easy access to items like spice jars and espresso cups.
8. ENHET hanging shelf insert helps create storage space between the shelves in the ENHET open frame.

Add-on combinations

Add space for activities

Your kitchen is the heart of your home and has to be both beautiful and functional over time. ENHET can easily be extended with units that offer more storage opportunities and maybe room for dining or simply hanging out. With this in mind we have created a wide range of different add-on combinations, which suit different needs and help you use your space efficiently.

Storage

A small-space home inspires smarter living. With everything in its place, in a combination of open storage to display your favourite things and cabinets with doors and fronts to hide any clutter, you can create a calm and inviting atmosphere even in a smaller kitchen. Add some high cabinets that offer great storage opportunities without demanding too much floor space or an open wall frame for the items that you use frequently.

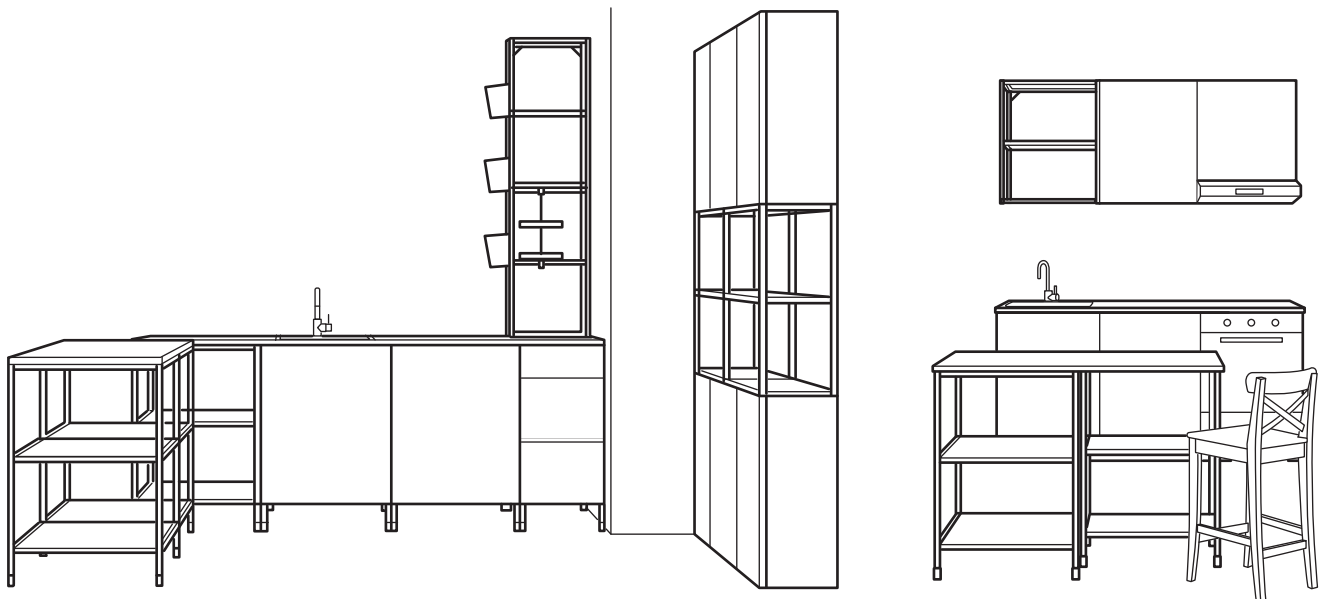

Workspace

Cooking is easier when you have plenty of workspace, which is why ENHET offers several units that you can add to your solution. A kitchen island, for example, is perfect for unloading groceries, preparing and presenting food, and it also increases your storage area with its open base frame. ENHET cabinets and frames are not only great for storing kitchen items, but double as worktops with space for the things you use every day, such as a portable hob or a coffee machine.

Seating

Even in a small space, there are many possibilities to turn your kitchen into an inviting place where everyone likes to sit down and spend a lot of time. A kitchen island creates a pleasant area in your ENHET kitchen where you can sit down for a quick bite, or where you and your friends and family can cook together or simply hang out. Play around with deep and shallow frames to create space for a stool or chair when you want it tucked away.

TAVELÅN Tray, 2-p. With these decorative trays you make room for a lot, even in small spaces. If you stack them, they'll take up even less space. Fits perfectly in ENHET open wall frames (depth 15 or 30 cm), but you can of course use them wherever you want. Perhaps on the worktop, shelf, in a cabinet or drawer? Decorative, practical and easy to move if you need to use things elsewhere. The large tray accommodates everything from cutlery and spice mills. On the small tray you can store small spice bags. The trays are made of bamboo – a durable, and fast-growing natural material that can withstand moisture and water splashes.
