Dimmable, remote-controlled energy-efficient LED light bulbs.

Remote Control

Each Insteon LED Bulb is fully remote controllable; everything from on and off to brightness and scheduling can be had. You can even control these bulbs with your smartphone when used with the Insteon Hub.

Energy Efficient LED

When it comes to illumination, time to brightness, and efficiency, nothing beats modern solid-state LED lighting; that's why we've chosen LED for our Insteon Bulbs.

Dimmable

Flicker-free dimmable LED glory awaits you with Insteon LED Bulbs. We've designed these bulbs to dim from 1% to 100% for a full range of lighting moods.
