

Store Credit Magento 2

The Store Credit Magento 2 Extension by Elsner Technologies allows store owners to implement a store credit program to enhance customer loyalty and streamline refunds. This extension enables customers to use store credit as virtual currency for purchases, encourages repeat purchases, and simplifies refund processes by issuing credits directly to customer accounts. It includes a transparent transaction grid and supports loyalty rewards, making it ideal for Magento 2 stores aiming to boost retention and sales.

Installation

1. **Download:** Purchase the Store Credit Magento 2 Extension from Elsner Technologies.
2. **Upload:** Unzip the downloaded file and upload it to app/code/Elsnertech/StoreCredit in your Magento 2 root directory.
3. **Run Commands:**
 - php bin/magento setup:upgrade
 - php bin/magento setup:di:compile
 - php bin/magento cache:clean
4. **Verify:** Check **Stores > Configuration > Sales > Store Credit** in the Magento Admin Panel to confirm the extension is installed.

Configuration

Access settings via **Stores > Configuration > Elsnertech > Store Credit**.
