Safety Instructions

WARNING: Failure to follow these instructions could result in fire, electric shock, injury, or damage to the user, product, or other property.

1. Connect the power supply of the wireless charger into a power outlet that is close by and is easy to disconnect from the source
2. Use indoors and in a dry location only; Avoid charging near sources of heat and humidity.
3. Keep the wireless charger and power supply away from any liquids or moisture.
4. Unplug the wireless charger when not in use for long periods of time.
5. Do not store your device in very hot or very cold locations. It is recommended to use your device at room temperature.
6. Do not use if visible defects are observed on the wireless charger or power supply.
7. Do not attempt to service, modify, or disassemble the wireless charger or power supply.
8. Use of a power supply not recommended or sold by Belkin may result in an increased risk of fire, electric shock, injury, or damage to the user, product, or other property.
9. Wireless charging power transmission rate is regulated by the wireless charging device receiving power which can be influenced by factors like, but not limited to, proprietary charging protocols, ambient temperature, current battery percentage level and age of the device being charged.

CAUTION: If you experience problems with the wireless charger, please discontinue use, unplug the power supply from the AC socket, and contact Belkin for assistance.

The marking information is located on the bottom of the apparatus.

FCC Statement

DECLARATION OF CONFORMITY WITH FCC RULES FOR ELECTROMAGNETIC COMPATIBILITY

We, Belkin International, Inc., of 12045 E. Waterfront Drive, Playa Vista, CA 90094, Tel: +1(310) 751 5100, declare under our sole responsibility that this product complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Federal Communications Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Innovation, Science, and Economic Development Canada Statement (ISED):

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-

- Incrementar la distancia entre el equipo y el receptor.
- Conectar el equipo a una toma o un circuito distinto del que al que está conectado el receptor.
- Solicitar la ayuda del vendedor o de un técnico experto en radio/televisión.

Advertencia de la FCC: Todos los cambios o modificaciones que no hayan sido expresamente aprobados por la parte responsable del cumplimiento, podrían invalidar la autoridad del usuario para manejar el equipo.

Declaración sobre la exposición a las radiaciones:

El producto cumple con el límite de exposición a RF portátil de Canadá establecido para un entorno no controlado y es seguro para el funcionamiento previsto como se describe en este manual. Se puede lograr una mayor reducción de la exposición a RF si el producto se puede mantener lo más lejos posible del cuerpo del usuario o si el dispositivo se ajusta a un nivel más bajo. potencia de salida si dicha función está disponible.

EUROPE

CE Declaration of Conformity

We, Belkin International, Inc., declares that the radio equipment is in compliance with Directive 2014/53/EU and RoHS Directive 2015/863. The full text of the EU declaration of conformity is available at the following Internet address: www.belkin.com/doc.

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Radiation Exposure Statement: This equipment complies with radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Frequency band in which the radio equipment operates: 326.5 kHz, 1.778 MHz

Maximum power transmitted: -5 dBμA/m

UKCA Conformity:

Radio Equipment Regulations 2017 (S.I. 2017/1206)

Recycling programs for this packaging may not exist in your area.

Il est possible qu'aucun programme de recyclage ne soit disponible dans votre région.

Waste Electrical and Electronic Equipment Directive

For information on product disposal, please refer to <http://www.belkin.com/uk/wEEE-regulations/>

Pursuant to and in accordance with Article 14 of the Directive 2012/19/EU of the European Parliament on waste in electrical and electronic equipment (WEEE).

The barred symbol of the rubbish bin shown on the equipment indicates that, at the end of its useful life, the product must be collected separately from other waste.

Therefore, any product that have reached the end of their useful life must be given to waste disposal centers specializing in separate collection of waste electrical and electronic equipment or given back to the dealer when purchasing a new WEEE, pursuant to and in accordance with Article 14 as implemented in the country.

Information for end-users as per COMMISSION REGULATION (EU) 2019/1782	
Manufacturer's name or trademark, commercial registration number and address	Channel Well Technology Co., Ltd. No. 222, Sec. 2, Nankan Rd., Lujhu Township, Taoyuan Hsien, 33855 Taiwan
Model identifier	2AFG005B
Input voltage (unit: V)	100-240V
Input AC frequency (unit: Hz)	50-60Hz
Output voltage (unit: V)	5.0V
Output current (unit: A)	1.0A
Output power (unit: W)	5.0W
Average active efficiency (unit: %)	73.77%
Efficiency at low load (10%) (unit: %)	64.59%
No-load power consumption (unit W)	0.075W

Consignes de sécurité supplémentaires

AVERTISSEMENT : Le non-respect de ces instructions peut entraîner un risque de feu, de choc, de blessure ou de dommage vis-à-vis de l'utilisateur, du produit ou de toute autre propriété.

1. Branchez l'adaptateur secteur du chargeur sans fil sur une prise murale accessible et située à proximité.
2. Utilisez le produit en intérieur seulement, dans un endroit sec, et évitez de recharger votre appareil près d'une source de chaleur ou d'humidité.
3. Éloignez le chargeur sans fil et l'adaptateur secteur des liquides et de l'humidité.
4. Débranchez le chargeur sans fil si ce dernier reste inutilisé pendant une période prolongée.
5. Ne rangez pas votre appareil dans des zones très froides ou très chaudes. Il est recommandé d'utiliser l'appareil à température ambiante.
6. Si vous observez des défauts sur le chargeur sans fil ou sur l'adaptateur secteur, ne les utilisez pas.
7. N'essayez pas de réparer, de modifier ou de démonter vous-même le chargeur sans fil ou l'adaptateur secteur.
8. L'utilisation d'un adaptateur secteur non recommandé ou non vendu par Belkin peut augmenter le risque d'incendie, de choc électrique, de blessure ou de dommage vis-à-vis de l'utilisateur, du produit ou de toute autre propriété.
9. La vitesse de chargement dépend de la puissance du chargeur sans fil. Elle peut varier en fonction de différents facteurs, notamment mais
