KEYBOARD FUNCTION

*How to updating your iPadOS to 14.6 ?

To upgrade your iPadOS to the latest version:

1. Open your device's Settings > General > Software Update.
2. Tap Download and Install.*If you see Resume Download, tap that instead

*Be sure that touchpad can be used on your iPad as below steps:

1. After successful connect to Bluetooth, you need to complete below settings: Settings -> General -> Touchpad Tap to Tap / Two-finger assist point (open) Assistive Touch On.
2. Make sure your iPad Software Version is up to 14.6 or above version (device must support touch).
3. Choose right "Keyboard" on your iPad General/Keyboard/Keyboards/English (US)/QWERTY
4. Sensitivity setting: Settings General-Touchpad-Trackingspeed (adjust to appropriate speed)
5. Press combination keys **Fn** + **T** to turn On and Off the touchpad function.
6. After successfully turn on the touchpad, when moving the touchpad with your hand you will see a cursor appear on the iPad screen.
7. The shortcut gestures are based on default setting. Kindly refer to our gesture instruction manual.
8. Kindly mind your hands on touchpad when typing, otherwise your cursor may move randomly. You can simply to turn it on or off.
9. When every time to connect the Bluetooth, the touchpad will a slight delay of about 3 seconds, which is normal, because the touchpad needs to retrieve Bluetooth and connect to it.

TROUBLESHOOTING

***You can adjust the cursor tracking speed as one of below settings:**

1. Settings/Accessibility/Touch/Assistive: Touch On the bottom of this page, you can adjust tracking sensitivity, cursor will be slower when it's closer to tortoise, and be more sensitive when it's close to the rabbit.
2. Settings/General/Trackpad&Mouse: You can adjust tracking sensitivity, cursor will be slower when it's closer to tortoise and be more sensitive when it's close to the rabbit.

***How to confirm the keyboard need to be charged?**

1. When the low battery indicator(red sign) blinks, please use the included TYPE-C cable with your iPad charger to recharge it. The red indicator stays on during recharging.After the charging completed, the green indicator would light up.
2. If you do not use the keyboard for a long time. Please recharge your keyboard in time (once of two months).

Note : Keep at normal temperature and charge at normal voltage . If you don't use it for long time, you need to charge your keyboard in time(once of two months).

***How to do if those keys "U", "I", "O", "J", "K" and "L" can not be used normally?**

1. Go to iPad Settings/Accessibility/Touch/Assistive Touch /Mouse Keys, and then turn off the Mouse Keys

***How to press symbol buttons ?**

After bluetooth connected well ,just press combination Keys : "Shift" and " any symbol ". For example, "Shift" and " @ " then you will get "@" on your iPad.

***Why i press A but get a Z**

Go to settings / keyboard/ Keyboards/English(US) /QWERTY.

TROUBLESHOOTING

***How to change between lowercase and uppercase on the keyboard?**

1. The caps lock default function is switch languages. So to type capital letters on the keyboard, please turn off the cap lock default function first.
2. Go to your iPad settings—Keyboards setting— hardware keyboard—turn off the toggle of switch languages using caps lock", then you can change between lowercase and uppercase by press the caps lock key.

***How to do if the space bar doesn't work?**

1. You can try below settings firstly:
Settings/Accessibility/Keyboards/Full KeyboardAccess/Commands/
2. Then change settings for "Space" from "activate" to "Clear". If it comes back, then you can also turn Off Full KeyboardAccess.
3. Once it is cleared, the space bar would work fine.

***How to do if some keys don't work?**

Some of the keys do not work, please try to reset the keyboard by pressing and hold the combination key "L+S+Z" for 3s, you'll see the indicator flash once. It shows the keyboard has been reset. After resetting the keyboard, please pair the keyboard with your iPad again.

***If there is delay after you press keys, please kindly check one of iPad Settings as below:**

Settings/Accessibility/Keyboards/Slow Keys Off.
Settings/Accessibility/Keyboards/Slow Keys On 0.1 Seconds.

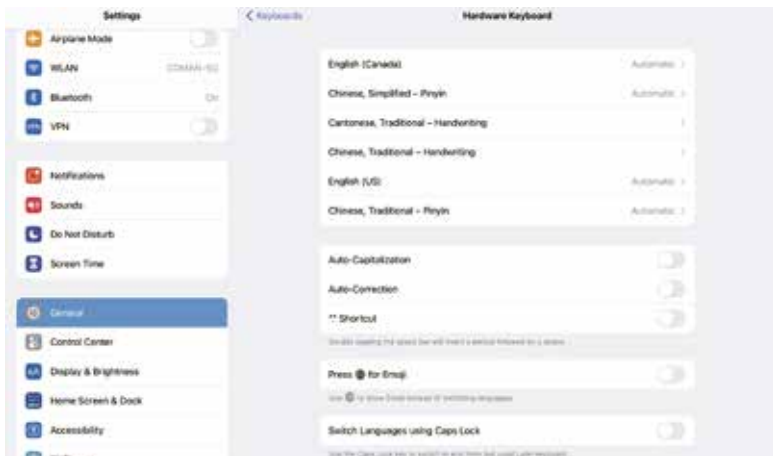

*** If there is repeated characters after you press certain key, please kindly check one of ipad Settings as below:**

Settings/Accessibility/Keyboards/Key Repeat On 0.1
SecondsSettings/Accessibility/Keyboards/Key Repeat Off.T

TROUBLESHOOTING

***If you have unwanted auto-correction or punctuation, please follow these steps:**

1. Open Settings app > General > Keyboard > Hardware Keyboard;
2. Toggle OFF Auto-Capitalization, Auto-Correction, and "." shortcut
(Please refer to the picture below).
