

# INSTALLATION MANUAL

## Steps To Install Pendant Lights

1. Keep the given Mounting plate on the ceiling at the desired location (where the Pendant Lights is to be installed.)
2. With the help of a Mounting plate, mark the holes for drilling.
3. Drill holes on the Ceiling in marked areas and insert the plastic plugs in them.
4. Now place the plate at a position where the installed plastic plugs are contained in hollow areas of the Mounting plate.
5. The Mounting Plate is now to be fixed on the ceiling by inserting the screws in the plastic plugs.
6. Make sure the plate is nicely fixed. Now connect the wires coming from the ceiling and the product together ( to be done by a professional electrician)
7. Tighten the product by placing its cover cap on the Mounting plate and screwing it from each side into the hollow portions of the metal plate.
