Safety Information

CAUTION

**RISK OF ELECTRIC SHOCK
DO NOT OPEN**

High voltages are used in the operation of this product. To reduce the risk of electric shock, do not remove the cover of the cabinet. Refer all servicing to the Kogan customer support team.

If you experience any issues with the television at all, do not attempt to repair it yourself as this may cause further damage or serious injury. It will also void your warranty. Contact the Kogan customer support team.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating instructions in the literature accompanying the appliance.

Warning

The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

Important Safety Precautions

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and third grounding prong. The wide blade or third prong are provided for your safety. When the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12.  Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used caution when moving the cart/apparatus combination to avoid injury tip-over.
13. Unplug this apparatus during lightning storms or when unused for long periods of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped. Warning to reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.
15. The apparatus shall be disconnected from the mains by placing the power/standby switch in the standby position and unplugging the power cord of the apparatus from the AC mains receptacle.
16. The power socket shall be installed near the equipment and shall be easily accessible.
17. This product should never be placed in a built-in installation such as a bookcase or rack unless proper ventilation is provided or the manufacturer's instructions have been adhered to.
18. Apparatus shall not be exposed to dripping or splashing liquids.
19. Do not place any sources of danger on the apparatus (e.g. liquid filled objects, lit candles).
20. Wall or Ceiling Mounting - The appliance should be mounted to a wall or ceiling only as recommended by the manufacturer.
21.  Never place the TV, remote control or batteries near naked flames or other heat sources, including direct sunlight. To prevent the spread of fire, keep candles or other flames away from the TV, remote control and batteries at all times.
22. The USB terminal should be loaded with 0.5 A under normal operation.

TV Bracket assemble

Fix the TV on the wall

1. First, put the TV facedown on a table carefully, with some soft padding on the table to avoid scratching the screen.
2. Use a screw driver to take off the screws which are fixed on the bottom stand (the direction of the arrow, refer to the photo1). Take off the bottom stand (please take off the screws and bottom stand carefully).
3. Make one bracket which can fix on the wall according to the size of arrow direction of photo 2 and photo 3.
4. Drill four holes properly on the wall (the size only for reference) and put into four screws. (optional parts) Drill four holes properly on the wall (the size only for reference) and put into four screws. (optional parts)
5. As according to step 4, use the screwdriver to lock the screw on the back of the TV. then hang the TV on the wall.

Note:

1. The bracket fixed on the wall is an optional part.
2. When you assemble the TV, there should be no other articles attached to the front or sides, and please keep a distance from other articles.
3. When mounting the TV, we recommend the use of a professional installer.
4. The pictures above are only for reference.
5. Please follow the user manual about bracket assemble to fix the TV.
6. Attach the mounting bracket from the VESA compatible wall mounting kit.

TV Buttons And Terminal Interface

TV Buttons

Help

No Power	Check that the power supply plug is plugged in or not. If you still have no power, please unplug it then plug it back in, then turn the TV on again.
Signal not being received properly	<ul style="list-style-type: none"> Weak signals can be caused by high buildings or high mountains being located between your antenna and the transmitter. To solve this issue, please try to change the location and direction of your external antenna. When using an indoor antenna, under certain circumstances receiving a strong signal can be difficult. Please try moving the antenna to different locations in your house and changing the orientation of it. If a strong signal is still not achievable, you may need to use an external antenna.
No picture	<ul style="list-style-type: none"> Check that the antenna cable at the back of the TV is connected properly. Try another channel to see if the issue is with the particular TV station.
Image is fine No audio	<ul style="list-style-type: none"> Increase the volume. Check if the TV is in mute mode. Press the mute button to resume sound.
Audio is fine Colour showing wrong or no picture	<ul style="list-style-type: none"> Increase contrast and brightness.
Snow and static	<ul style="list-style-type: none"> Check the antenna at the back of TV is connected or not.
Broken lines across screen	<ul style="list-style-type: none"> Electrical interference from an appliance such as a vacuum cleaner or a hair dryer. Please turn off devices and recheck the television.
The TV is not responding to the remote control	<ul style="list-style-type: none"> Check that the batteries in the remote controller are not flat, and that there are no obstacles between you and the infra-red receiver. Point the remote control towards a digital camera and look at it through the LCD viewfinder while pressing buttons. If you see flashing then the remote is working correctly and the issue may be with the TV receiver. Please contact the Kogan customer support team for information. The TV will change to STANDBY mode if there has been no signals received from the remote after a few minutes.
No image in (PC Mode)	<ul style="list-style-type: none"> Check to ensure the display cable is connected to the VGA port correctly. Check to ensure that there are no bends or twists in the display cable.
Vertical twinkling (PC Mode)	<ul style="list-style-type: none"> Enter the main menu, Use the clock regulator for the Video display noise to eliminate the vertical line.
horizontal ripping (PC Mode)	<ul style="list-style-type: none"> Adjust the Audio sound horizontal in the main menu to clear the horizontal ripping line.
The screen is too bright or too dark (PC Mode)	<ul style="list-style-type: none"> Adjust the contrast ratio or brightness in the main menu.
PC Function no response	<ul style="list-style-type: none"> Check the computer setting in the state of compatible display resolution
Ripping line in RCA connecting	<ul style="list-style-type: none"> Please use good quality connecting cable.
Problem still exists	<ul style="list-style-type: none"> If no troubleshooting ideas assist you with the issue, please unplug the television and contact the Kogan customer service team. Do not attempt to repair the television yourself.
