

487L Series 7 French Door Refrigerator Freezer, Ice & Water

Series 7 | Contemporary

Black Stainless Steel | French hinge

You'll have plenty of flexible storage space in this striking, large capacity French Door refrigerator freezer.

- ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature.
- Spacious bottom freezer with full extension drawer gives easy access to frozen goods.

DIMENSIONS

Height	1715 mm
Width	790 mm
Depth	695 mm

FEATURES & BENEFITS

- Easy To Clean**
- No more dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating lets you simply wipe clean any finger marks. Spill-safe secure glass shelves easily capture any drips or leaks.
- Design quality**
- Our fridges are designed and built using robust, quality materials, with stainless steel exteriors and solid glass for the interior shelving.
- Humidity Control**

- Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.
- Ice Maker**
- The internal ice maker delivers fresh ice to a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times boost ice production by up to 30%.
- Ultra Slim Water Dispenser**
- The slimline water dispenser is easy to use. The angled water delivery means that almost any size or shape of vessel can be filled, while taking up no storage space in your refrigerator door.
- Clever Energy**
- Your refrigerator adapts to daily use by cooling and defrosting only when needed. This means it uses the energy it needs without compromising on food care.

SPECIFICATIONS

Accessories (sold separately)	
Water filter replacement	847200 - FWC3
Capacity	
Total gross capacity	519 L
Volume	487 L
Volume freezer	142 L
Volume refrigerator	345 L
Consumption	
Energy rating	3 star

Energy usage	429kWh/year
In-use energy carbon emissions estimate	252.6kgCO2e/year

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
