

Freestanding Cooker, Dual Fuel, 90cm, 5 Burners, Self-cleaning

Series 9 | Classic

Stainless Steel

Get the best of both worlds with dual fuel. A gas cooktop with wok burner is paired with a nine-function convection oven.

- Five burner gas cooktop with three wok burners
- Convection oven with 140L capacity and nine oven functions plus rotisserie including Pastry Bake with pizza mode
- Non-tip full-extension shelves for safe removal of hot dishes
- Pyrolytic self-clean that breaks down food residue for an easy clean

DIMENSIONS

Height	898 - 946mm
Width	897mm
Depth	600mm

FEATURES & BENEFITS

Multi-shelf cooking

Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the top shelf turn out just as perfectly as food cooking on the bottom shelf.

Quality and durability

Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop trivets and glowing halo dials all add up to an exceptional, premium range.

Easy cleaning

Cleaning up spills is effortless. Your cooktop simply needs a quick wipe to keep it looking good as new. The pyrolytic self-clean oven cycle breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Burner power & control

Instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear, stir fry, or simmer a delicate sauce to perfection.

Large capacity oven

The generous 140L total capacity oven gives you plenty of space to cook multiple dishes at once.

Even heat

Accurate, electronically-controlled oven heat ensures a great result every time.
