2

HOW TO EMBROIDERY:

1. Hold the floss threads of different colors ready to use. The split paper card is used to separate the threads.

2. Secure the prepared fabric tightly onto the hoop.

3. Take out one of the six strands of embroidery threads from the bundle.

4. Press the embroidery thread through the embroidery needle.

5. Straight stitch to fill the needle into the edge of the stem to fill the spaces. Then insert the needle on the other side of the pattern, tighten it and form a straight line. Repeat in this direction until the shape is filled.

6. Take out one of the six strands of embroidery threads from the bundle.

7. French knot after the needle is withdrawn, let the thread wind around the needle to form a knot. Then insert it at the next point and tighten it.

8. Take out one of the six strands of embroidery threads from the bundle.

9. Straight stitch to fill the needle into the edge of the stem to fill the spaces.

10. Take out one of the six strands of embroidery threads from the bundle.
