Officeworks
Big ideas. Lowest prices.

Furniture you can rely on.

There are many reasons to buy your business furniture from Officeworks:

Highest quality, guaranteed. All our furniture comes with warranties of up to 10 years, from best-in-class manufacturers and suppliers. We also source furniture that meets rigorous manufacturing standards and has environmental certification for best practice.

Widest range of business furniture. We sell everything from ergonomic chairs and height-adjustable desks, to boardroom and breakout area furniture.

Expert advice and tailored solutions. Our Workspace Solutions Specialists can showcase products or provide advice for a complete office refresh or fit-out (see pages 46–47).

Browse and order easily. With 160+ stores nationwide, Online Selection Tool and user-friendly ordering platform, we make purchasing easy. Our Click & Collect service allows you to order furniture online and pick it up from your nearest store (see page 18).

Receive and set up your furniture quickly. Take advantage of our next-day delivery service and furniture assembly service (page 18), so your new furniture is ready to use sooner.

Lowest prices guaranteed. Remember, all our furniture is backed by the Officeworks lowest prices promise, so you know you're getting the best value for money.

Choosing the right furniture for you.

Comfortable, functional furniture is a key contributor to productivity, focus and quality work. These icons help you quickly and easily identify the features and benefits of our wide range of commercial-grade business products so you can choose the right furniture for you.

Chairs.

It doesn't matter what height you are, these seats have an easy height-adjustment feature.

These chairs let you adjust the height of the back to help improve your posture.

Seats with this icon let you lean back in your chair instead of sitting upright all the time.

The seat of these chairs can tilt forwards to improve your posture while working at a desk.

Chairs with adjustable armrests encourage good posture and can relieve tension from the shoulder and neck area.

Offers the full range of adjustability features to ensure you can tailor your seat settings as best suited to you.

Knowing the load limit of a chair is important to make sure it's appropriate for its end use.

Spending long, continuous hours sitting can add stress to your spine. Choose a chair most suitable to the number of hours spent at your desk.

Look for the AFRDI rated tick.

The AFRDI Blue Tick logo indicates that the product has satisfied the AFRDI Blue Tick Certification Scheme's performance and test-based requirements for strength, durability, safety, suitability for purpose and, ultimately, longevity through increased product durability.

The AFRDI Green Tick logo indicates the product has satisfied the AFRDI 150 Standard's Sustainability Certification Scheme for furniture to encourage the design and development of progressively more sustainable furniture. The scheme is recognised by the Green Building Council of Australia (GBCA), which means certified product can help achieve Green Star credits.

The AFRDI Rated Load logo indicates that the product has satisfied an AFRDI Rated Load Certification Scheme's performance and test-based requirements, specifically designed to cater for chairs intended to be used by people heavier than 110kg.

Desks and Filing.

High-quality business furniture, designed for 24/7 use and backed by warranties of up to 10 years.

Built-in cable management to help organise and easily identify cables, as well as keep your workspace clear.

Scratch-resistant pieces help keep your workspace looking its best for longer.

Sit stand desks allow you to adjust the height of your desktop so you can alternate between sitting and standing while working.

Set up your ergonomic workspace.

Our ergonomic seating, adjustable workstations, desks and foot supports create the healthiest possible set-up for a productive and safe work environment. Our business furniture range is designed to optimise each person's specific workspace.

Here are a few tips for setting up your ergonomic workspace.

Adjustable Desks

More and more people are discovering the health benefits of standing throughout the day to improve blood flow and reduce long-term back problems. Available in a range of styles, you can add a desk to the top of your existing workstation, or choose from our range of electric and manual height-adjustable desks.

Delivery options.

We offer a variety of delivery options for customers located in metro areas. If an item is in stock you can get next-day delivery.* Regional and country areas are covered by non-metro deliveries. As deliveries to these areas involve travelling further, they incur charges and longer delivery times.

Large items that require extra handling may incur a charge of \$39.95 for metro orders and take up to 3 business days for delivery. Special orders or items that weigh over 200kg may be subject to an additional delivery charge.

Click & Collect.

Delivery to your preferred store is FREE regardless of the amount of your order if you use our Click & Collect service. Same-day delivery is available for items in stock at your preferred store, otherwise delivery time is between 1 and 3 business days within metro areas, and up to 7 business days in non-metro areas.

Assemble-it service.

Let the experts from our Assemble-it service take care of the assembly of your newly purchased furniture. For a small fee, you can arrange for a furniture specialist to come to your business and turn a flat-pack into a fully assembled and ready-to-use piece of furniture in no time.

View the full range of business furniture online.

While this book contains a comprehensive selection of our business furniture, and our stores display some of the range, there's a lot more available for purchase on our dedicated business furniture website. For more information please see page 46.

Office Fit-out Solutions

We can tailor a workspace that works for you.

The right workspace can impact the way your business is perceived. Whether you're furnishing a brand new space or refurbishing your current workspace, our experienced team of Workspace Solutions Specialists can help with space planning, delivery and installation, creating the ideal workspace for your business.

What we do.

As suppliers of quality business furniture, we specialise in sourcing, delivering and installing office fit-outs on time and to budget.

From ergonomic and executive chairs to height-adjustable desks and versatile filing options, we have the right range to help achieve a solution that's perfect for any workspace, large or small. All our products are backed by warranties of up to 10 years, including a range designed for 24/7 use.

How we do it.

Our Workspace Solutions Specialists work with you right from the early stages to quantify current and future furniture requirements, and we can deliver quickly and at the lowest prices.

A final inspection ensures everything has been installed to our high standards.

Certified, sustainable and safe business furniture.

We take pride in providing high-quality, fit-for-purpose business furniture, and ensure AUS/NZ certification for design and construction is met, such as the Australasian Furnishing Research and Development Institute (AFRDI) standards. We also provide products that are certified to environmental standards, such as Good Environmental Choice Australia (GECA) and Forest Stewardship Council (FSC).
