We understand that you want to feel confident in your decision to purchase stylish, long-lasting furniture. Use these Construction Details and Features icons to explore how our furniture is made, why it's different, and why it's worth it. You'll soon find that it's not just what's on the outside that makes our furniture exceptional.

## CONSTRUCTION DETAILS

### Multi-Step Finish

To maximize the beauty and durability of the wood surface, Broyhill uses a multi-step finishing process that protects while enhancing color, depth and clarity.

### Sturdy Frame

For maximum durability, Broyhill frames the inside of each case with cut-to-fit wood and seals the bottom with a panel.

### Dovetail Drawers

For sturdy drawers Attic Heirlooms drawers are constructed with French dovetails in the front and back.

### Smooth Gliding Drawers

For smooth opening and closing, Broyhill uses waxed, wood-on-wood drawer guides. Internal stops are used to ensure drawers don't pull out too far.

### No-Snag Drawers

To keep clothes safe from snags, Broyhill finishes drawer sides, bottoms and backs.

### Cedar-lined Bottom Drawers

To protect sweaters, Broyhill lines each bottom drawer of chests, dressers and under-bed storage with cedar.

### Long-lasting Hardware

To ensure hardware retains its luster and beauty, Broyhill uses a special lacquer coating to protect it over time.

### Secure Backing

To hold the back panel in place, Broyhill uses screws to securely fasten it and adds corner blocks to provide extra strength.

## FEATURES

### Multiple Finish Options

To create the perfect look for your home, select from the finishes shown for each item.

### Jewelry Tray

Organize your jewelry in the removable lined jewelry tray located in the top drawer of the dresser.

### SAFETY-TESTED

Broyhill chests and dressers have all passed industry standard testing to ensure safety against tipping.

Construction Features: In selecting materials for the Attic Heirlooms collection, designers and engineers at Broyhill design products that use oak and other hardwood solids, oak and other hardwood veneers and wood and/or simulated wood products. Certain parts, simulated wood carvings and/or other decorative embellishments for all groups may be made of simulated wood components.
