Patient navigation

Patient education videos

Transform the way you engage and educate patients

90.8% of patients view Philips preparation educational modules¹

Philips Patient Navigation Manager offers animated videos that make complex medical information easy to understand. Our educational videos can better prepare your patients for upcoming procedures and help ease their anxiety.

- ✓ Evidence-based and reviewed by physicians
- ✓ Clinical instructions in plain language, and at a 4th to 6th grade reading level that supports different learning styles
- ✓ Open-captioned, multilingual content with voiceovers by native language speakers & option to expand to additional languages

Video library in English and Spanish includes:

- Introductions to Radiology, MRI, and CT
- Understanding Colonoscopy
- Prepping for a Colonoscopy
